# OLD GOLD wins second place at Harvard

**Two-year old "O. G." runs second to the old favorite brand entrenched at HARVARD for more than 14 years**

Two years against fourteen... a comparatively new cigarette against three veteran brands. Yet OLD GOLD, the youngster, almost won! It defeated two of its veteran contenders... and nearly defeated the third!

This is the story of the Public Cigarette Test conducted at Harvard, by Edward T. Batchelder of "The Harvard Crimson" Editorial Board.

With the single exception of the test at Harvard, OLD GOLD has scored an unbroken string of victories in these comparative taste-tests. But at Harvard, where pipe smoking is a tradition and the taste is for heavy tobaccos, smooth and mellow OLD GOLD faced its hardest contest. 148 undergraduates smoked and compared the four cigarettes with names concealed.

Yet OLD GOLD stood second in its total of "first choices!" It barely missed defeating the brand established at Harvard 14 years!

Man o' War, the greatest horse of his time, lost one race. And in its first and only defeat, OLD GOLD, the two-year old, felicitates the fourteen-year old victor.
