\$40,000 FIRE LOSS

PORTLAND, May 27 (AP)—Loss estimated at \$40,000 resulted last night to the Portland Spruce company lumber mill here when fire swept through the plant, wrecking machinery and damaging the building. The fire is thought to have started in the boiler room. Fireboats and all available equipment battled the flames which had gained considerable headway before the alarm was sounded.

Cantaloupes In Slump Today In Portland Mart

PORTLAND, Ore., May 27 (AP)—The most outstanding feature of the local produce market today was the big decline in the price of cantaloupes. The price was slashed almost in half by a leading produce company, crates dropping to \$4.50 and \$5.50, wholesale. Retail prices may soon be at 15 cents each, or perhaps as low as two for 25 cents.

Strawberries were more plentiful, but the demand over the week-end kept the price firm. More Oregon berries were coming on the market. A few warm days were expected to bring a cut in price. New potatoes were a half a cent higher at 6 1/2 and 7. Oregon lettuce was plentiful and cheap at \$1.25 to \$1.50 a crate. No changes were made in eggs or butter. Poultry and dressed meats were also unchanged.

BIG TEN DROPS IOWA UNIVERSITY

(Continued from Page 1) ing's successor, was completing reorganization, the sudden action of the Big Ten faculty committee has disarranged the athletic department's plan. Iauer and other university officials, however, are optimistic over the outcome. As they prepared a widespread investigation of the charges today, they expressed the belief that the ruling did not expel the school but merely severed relations after January 1, 1930. They indicated that relations might be resumed.

CHICAGO, May 27 (AP)—Major L. Griffith, commissioner of athletics in the western conference, today announced the expulsion of the University of Iowa would not be effective until Jan. 1, 1930. The decision will enable Iowa, which was ousted by the conference faculty committee on a charge of subsidizing its athletes, to complete its six game schedule in football next fall against Big Ten rivals. Its opponents are Ohio State, Illinois, Wisconsin, Minnesota, Purdue and Michigan. Major Griffith said all these games would be recognized by the conference and that should Iowa win it would be recognized as Big Ten champion.

Hundred Issues Reach Low Mark For Year Today

NEW YORK, May 27 (AP)—Stock prices were sent skidding in violent fashion for the second time in less than a week today, more than 100 issues reaching new low levels for the year, and scores losing \$2 to \$25 a share. It was a steady stream of selling that hammered down prices, however, rather than any panicky throwing overboard of stocks. A break in wheat futures below \$1 a bushel to the lowest level in 15 years, coupled with the uncertainty regarding credit conditions, brought a flood of selling orders. Scores of stocks, including General Motors, Montgomery Ward, Canada Pacific, Northern Pacific and the St. Paul issues dropped to new low levels for the year.

PLANE ENDS FLIGHT WITH NEW RECORD

(Continued from Page Nine) for to swell and spill. Propeller Vibrates Shortly after noon yesterday the pilots dropped a note saying the propeller was vibrating badly and that they would have to descend soon. They kept the plane in the air, however, until a moment after 4:05 p. m., they decided that the risk of the propeller flying to pieces and perhaps causing them to crash was too great. Robbins made a perfect landing. The plane had scarcely touched the ground before the enthusiastic crowd, sloughing through mud, was upon it. A fence, a cordon of police and a special guard around the plane willed before the rush. The special guard was crushed back against the fuselage and the committee of 10 which was to greet the fliers had to take its turn with the other spectators. Some semblance of order finally was obtained and Mrs. Robbins and Mrs. Kelly, a bride of a few weeks, were carried to the plane over the heads of the crowd. Police and volunteers fought the crowd back inch by inch as the plane was brought up to the line. The jam in front of it was so tight that many daintily shod women lost their shoes and went home with their hose and dresses covered with mud. The fliers had very little to say. They were slightly deaf and contented themselves for the most part with grinning happily at the news reel cameras and the crowd.

MISS RANGER FORCED DOWN

MINNEAPOLIS, May 27 (AP)—The monoplane "Miss Ranger," piloted by Gene Shank and Owen Haugland, was forced down suddenly after 1 o'clock today due to lack of gasoline. The fliers who took off at Wichita, Kan., Saturday morning had been in the air slightly more than 52 hours when they were forced to descend. Oil cloth, linoleum and other floor cloths may be kept new and bright by washing with equal quantities of milk and water.
