Wool Withdrawn At Condon When Bids Fall Down

CONDON, Ore., June 7 (AP)—More than half of the one million pounds of wool offered at the wool auction here yesterday was withdrawn by growers when spirited bidding failed to develop and strong prices failed to materialize.

It was said, however, that Andrew Little, reputed to hold the largest individual clip in the United States, sold all of his one hundred thousand pound clip on a bid in Condon, Idaho.

Little declined to make public the price he received, although he did say he received eight cents less than he obtained for his 1920 wool. Last year his clip brought 42 cents. Prices here ranged from 22 1/2 to 25 1/2 cents a pound. Most of the wool purchased here went to Boston wool houses whose representatives were on the ground.

Reports from Emmett said the sale there netted Idaho wool growers more than \$400,000.

STOCK SHOW NEAR END AT UNION TODAY

(Continued from Page One)

BOSTON WOOL

BOSTON, June 7 (AP)—Wool: The market for wool is being soft in moderate quantities. Those original long Utah wools of this quality consisting of bulk strictly combed staple retained 28 cents to 100 second basic, while French combed original wools are bringing around 35 cents second basic. Northern California wools sell for 30 cents or slightly above. Texas 12 months wools are somewhat lower, but a few sales are being closed at 25 to 26 cents second basic, while 8 to 10 months wools are bringing 32 to 35 cents.

The tendency of hard water to toughen beans and peas cooked in it may be overcome by the addition of a little baking soda.

Ten Years Ago Today

Rev. Jas. Allen Smith, the new Presbyterian pastor, with Mrs. Smith, Miss Geneva, and sons Pray and Lovell arrived last night.

QUALITY is our first THOUGHT in merchandising. LOW price, too, is always ESSENTIAL. Cheap things ARE never satisfactory. THE best is always the LOWEST priced in the SATISFACTION and service RENDRED. We have SEVERAL brands of each LINE but in every one QUALITY counts.

Bond Market In New York Dull; Stocks Irregular

NEW YORK, June 7 (AP)—News that the treasury had placed 2 1/2 per cent coupon on its June 15 issue of certificates, the highest rate in eight years, contributed to the dullness of today's bond market. The early trading was the slowest of the week and although the convertibles show some signs of life they lagged behind the volume of recent seasons.

The fact that the government found it necessary to offer its new securities at a rate higher than the federal reserve reduction figure, an unusual occurrence, is a striking commentary on the present stagnant condition of the bond market. A coupon of five per cent or even slightly more had not been expected, however, and so publication of the treasury's announcement had little immediate effect on prices.

Liberty 3 1/2's and fourth 4 1/2's moved by small fractions, but the volume of business was exceptionally light.

Share privilege issues fluctuated narrowly. American Telephone 4 1/2's and International Telephone 4 1/2's were taken at nominal advances, while Public Service of New Jersey 4 1/2's, strong with the stock advance, held nearly three points to their advance of yesterday. Erie Convertible 4's added more than 2 points to the previous close.

Few changes appeared elsewhere in the list. New York traction, which has been working higher, showed slight advance and some of the more popular rails got some attention which moved them up fractionally. Utilities and industrial funds no favor.

NEW YORK, June 7 (AP)—Efforts to extend the recovery in today's stock market in spite of remaining opposition, giving price movements an irregular trend. Trading continued largely professional in character with the outside public still on the sidelines pending a further clarification of the credit situation.

Call money renewed unchanged at 7 per cent and appeared to be in rather more plentiful supply at that figure. Time money rates showed further liquidation of funds with that stock down close to 2 1/2 per cent with lower included within a 5 to 5 1/2 per cent and United Fruit sold at 116, the year's lowest figure. Later buying of the utilities and the renewed strength of Commercial Advertisers, which touched 224, caused some irregularity at the close. Sales approximated 3,200,000 shares.

And a complete line of Fresh Vegetables.

We handle all home products possible.

LIVER COMPLAINTS

Slaves of the laxative habit are usually entirely unaware that within their bodies they have a plant which can manufacture a laxative that medicine has never equalled. That plant is the liver, and when it is in order it produces 1 1/2 pints daily.

This secretion is discharged into the stomach whenever food is there requiring digestion. If the liver is in order, digestion is good. If not, the trouble lies in the nerves actuating the liver, and spinal adjustments are needed to remove irritation from these nerves.

My Chiropractic health methods correct diseases of all the organs of the body.

Make your appointment for health by telephoning 497-W today.

It was said, however, that Andrew Little, reputed to hold the largest individual clip in the United States, sold all of his one hundred thousand pound clip on a bid in Condon, Idaho.

Little declined to make public the price he received, although he did say he received eight cents less than he obtained for his 1920 wool. Last year his clip brought 42 cents. Prices here ranged from 22 1/2 to 25 1/2 cents a pound. Most of the wool purchased here went to Boston wool houses whose representatives were on the ground.

Reports from Emmett said the sale there netted Idaho wool growers more than \$400,000.

Wool Withdrawn At Condon When Bids Fall Down

CONDON, Ore., June 7 (AP)—More than half of the one million pounds of wool offered at the wool auction here yesterday was withdrawn by growers when spirited bidding failed to develop and strong prices failed to materialize.

It was said, however, that Andrew Little, reputed to hold the largest individual clip in the United States, sold all of his one hundred thousand pound clip on a bid in Condon, Idaho.

Little declined to make public the price he received, although he did say he received eight cents less than he obtained for his 1920 wool. Last year his clip brought 42 cents. Prices here ranged from 22 1/2 to 25 1/2 cents a pound. Most of the wool purchased here went to Boston wool houses whose representatives were on the ground.

Reports from Emmett said the sale there netted Idaho wool growers more than \$400,000.

A RECORD!

250,000 USERS AND NOT A DOLLAR SPENT FOR REPAIRS

GENERAL ELECTRIC ALL-STEEL REFRIGERATOR

W. H. Bohnenkamp Co.

If you want a refrigerator on which you can depend—one that operates without oiling, without need of costly repairs, the General Electric Refrigerator will be your choice. Such service is not merely promised—it is guaranteed. Among the 250,000 users of General Electric Refrigerators, not one has ever spent a dollar for repairs or service.

The General Electric Refrigerator keeps food always safely below the 50 degree danger point. In operation it is quiet, automatic, economic. Its hermetically sealed mechanism is dust-proof, permanently oiled and placed up on top. Its all-steel cabinet is warp-proof. It has an easily accessible temperature control for governing the speed of freezing ice cubes or frozen desserts.

See the new all-steel models at our display rooms and let us tell you of an easy payment plan. Prices are low, starting with \$215 at the factory.

Be sure to listen in on the General Electric Hour broadcast every Saturday evening from 8 to 9 Eastern Standard Time over the N. B. C. network of forty-two stations.
