VARIED DIET IS MOST IMPORTANT

Eat Different, Balanced Foods, Sweetened to Your Taste

The reason why many people do not eat enough, or do not eat the right kind of food, is that they have allowed their daily diets to become too monotonous. Scientific authorities on diet state that too many people in this country are sacrificing both health and enjoyment by trying to eat unappetizing food.

The intelligent use of sugar as a flavoring or seasoning agent can largely solve this problem. It has been scientifically established that sugar is an energy food in the diet, and in addition to this, it makes other healthful foods more inviting to the appetite. It is the ideal flavoring for fruits, vegetables, cereals and beverages.

The sensible way to health is to eat varied foods which contain the different elements necessary to well-being. It is almost impossible to eat these foods unless they are appealing to our appetites. Almost all of them are made more delicious by the addition of nature's great flavor—sugar. Remember the many ways in which sugar combines with health-giving foods—with raw or cooked fruit, in vegetables, desserts, cakes, milk-shakes and cereals. For weariness—eat sugar. Many beautiful baskets of garden flowers were used for decorations in the rooms of the Morgan home. Considerable time was spent by the young women hemming tea towels and a prize was given the one doing the work in the speediest and neatest way. The judging was rather hard as the name of the artist and other insignia were a part of the work. The first prize went to Miss Miriam Hanna and a guest prize, a wonderful basket of flowers, was presented to Miss Genevieve Hanna by the hostesses. There was a musical game and then a huge cloth hamper was produced and the guest of honor opening the many mysterious packages it contained found an array of beautiful miscellaneous gifts. Refreshments were served late, the color, pink and white having been carried out.

OUT OUR WAY

HEROES ARE MADE—NOT BORN

MENUS

By Sister Mary

Perhaps you belong to a family which likes to have dinner on the porch or in the garden during the hot summer months. The man or woman who has spent the day in an office, the woman who has spent a good share of her day in the kitchen or anyone who has spent the day indoors will find infinite pleasure in meals served in the fresh air.

The first consideration in planning meals for serving away from the family dining room is to reduce the number of dishes to a minimum. A one-dish combination of some sort with a salad and dessert simplifies serving as well as dishwashing. Compartment plates make an extra plate for the salad quite unnecessary. These plates are not expensive and are a worthwhile investment for the woman who does her own cooking and dishwashing.

Veal and vegetable pie is made with seasonable vegetables and makes the use of another bread-stuff unnecessary. This dish served with a tomato salad and a simple dessert made with milk, such as floating island, offers a well balanced meal that is appetizing and easily prepared and served.

Veal and Vegetable Pie
One pound lean veal, 1 cup lard, 1 cup onion, 1 cup diced cooked carrots, 1 cup cooked green peas.

POSTPONE ROYAL MARRIAGE TODAY

Union of Prince Louis De Bourgon and Mrs. Corey May Never Take Place.

PARIS, June 12 (AP)—The wedding of Prince Louis De Bourgon, cousin of the King of Spain, and Mrs. Mahelle Gilman Corey, divorcee wife of the Pittsburgh steel magnate, has been indefinitely postponed, and in all likelihood never will take place at all. The prince, who has not communicated with his fiancée for almost a fortnight, sent a letter to one of his Paris friends today saying he had decided he did not want to marry Mrs. Corey and was disappointed with the settlement she had agreed to make upon him.

The prince's letter was written from San Remo, Italy, where his mother, the Infanta Eulalia, King Alfonso's aunt, has bought a villa for him. Mrs. Corey at present is at her chateau, De Villegentis, near Paris.

The Infanta Eulalia, who resides in Paris, told the Associated Press that the wedding has been "indefinitely postponed."

Engagement "Not Broken"
Mrs. Corey's sister, Mrs. Thomas, said rather reluctantly: "The engagement has not been broken but

you never can tell what might happen."
From one of Prince Louis' closest friends it was learned Mrs. Corey had settled a fund of \$200,000 upon the prince which would give him \$1,000 a month "for pocket money"—just for cigarettes and things like that as Mrs. Corey had agreed to provide a home for them both in addition. It was this settlement which the prince considered inadequate.

Mrs. Corey it appears has already signed the marriage contract, but not so the prince.

Mrs. Corey, at her villa, still insisted the engagement with Prince Louis had not been broken. She explained the weather was too hot

at San Remo for the elderly Infanta Eulalia, who would attend the ceremony. It, therefore, has been postponed until early fall, she said.

KILLED BY EXPLOSION

Maybe our eye-sight is bad, but the hansom cab looks all out of date with big motor cars in the background.

But actually, you know, it's no more behind times than the car owner who persists in taking chances these days without any automobile insurance.
