Distorted Evidence

No amount of statistical evidence, distorted in an effort to mislead the public, can disprove government figures showing the gain of Lucky Strike to be greater than the combined increase of all other cigarettes. The public will be served and this is proved, indeed, that regardless of price, you actually get more in Lucky Strike than any other cigarette can offer. Its perfect blend of fine tobaccos gives pure smoking delight. Its exclusive, secret toasting process guarantees the tobaccos free from irritants and impurities and, in the opinion of 29,679* physicians, makes Lucky Strike less irritating than other cigarettes.
