An unofficial but authentic announcement of the construction of a new railroad station by the Union Pacific system at La Grande is made today with the publication of a brief item in the Union Pacific Magazine. It is confidently expected that an official announcement regarding the building will be made within the next few days.

The location will extend along the tracks fronting Depot street, to include the ground now occupied by the news stand, the present depot and that part adjacent to the tracks which looks up Depot street. This is according to the most accurate unofficial information available.

Many Hundreds Enjoy Concert Given At Park

La Grande Band Opens Summer Season of Outdoor Recitals — Vote on Location Taken.

Playing before a crowd of many hundreds of people, who packed the pavilion to capacity and who jammed into adjacent territory, the La Grande municipal band opened its summer outdoor series of concerts at Riverside park last night. The weather was ideal and the cool park proved an excellent setting for the recital.

During the period of the park, a vote was taken among the spectators as to whether they favored concerts in Riverside park or at the high school athletic field. The vote was about evenly divided and today Director Andrew Loney Jr. said that concerts would be alternated, so as to please both sides.

The opening number of the concert was the march from "Nibelungen" by Wagner which was followed by the suite "Atlantis" by Sforza, the most pretentious selection on the program. The number was played as follows: morning music, a court function, "I Love Thee," and destruction of Atlantis.

As an encore to this number the band played the popular selection, "I Can't Give You Anything But Love." The minut and barcarole from "The Tales of Hoffman" by Offenbach and an American sketch "Down South" by Middleton completed the first half of the concert. "Down South" was followed by a trombone solo "Sally Trombone," featuring Messers, Ostland, Robinson, Knautz, Nusbaum and McMillan.

"A Hunting Scene" Popular The descriptive number "A Hunting Scene" by Busch, opened the second half of the concert, and was one of the most popular of the evening. It was followed by an encore number, "The Wedding of the Painted Doll."

By Raymond Z. Henle (Associated Press Staff Writer)

THREE MARKS FALL DURING LONG FLIGHT

Captain Hawks Lands in New York Today in Non-Stop Eastward Trip.

RECORDS BROKEN GOING AND COMING

Round Trip Time is Given as 36 Hours 46 Minutes and 48 Seconds of Actual Flying.

ROOSEVELT FIELD, N. Y., June 29 (AP)—His weariness forgotten in the joy of success, Captain Frank M. Hawks completed a non-stop flight from Los Angeles at 1:16:02 a. m. daylight time today, establishing a one-stop round trip coast-to-coast record of 36 hours 46 minutes 48 seconds flying time.

A thousand or more persons were at the field awaiting his arrival when the plane appeared overhead. He circled the field twice and then dropped it slowly, barely skimming the treetops. After the wheels had touched the ground he speeded up the motor and taxied several hundred feet. Seeing that he was too far down the field and heading for a wire fence, he speeded up in an attempt to jump, but the plane came down straddling the fence.

Hawks clambered out of the plane smiling and appeared undisturbed by his narrow escape. "It's just too bad," he said. "One of the first to reach his side was his wife."

Flying Conditions Good Hawks said he had excellent weather and good visibility over most of the trip. There was a little fog over Pennsylvania, he said, and east of Columbus he had to fight headwinds. His radio functioned perfectly throughout the flight and he was able to get weather reports regularly.

His first request on landing was

W. O. W. INSURANCE ORDER GRANTED

Court Restrains Officials From Collecting Increased Assessments.

DENVER, Colo., June 29 (AP)—District court yesterday granted a temporary injunction restraining officials of the Woodmen of the World from collecting increased insurance assessments from members of the organization. Headquarters of the Woodmen of the World are in Denver.

The injunction will hold until the case comes to trial in the fall session of the court.

The restraining order was directed against six officers of the organization and came as a result of a suit brought against officials by members of the organization in Idaho, Colorado, Utah and Montana, who asserted that if the new insurance rates, voted at the last annual convention of the order, were carried into effect, hundreds of aged members would be unable to keep up their premiums.

Terms of the injunction include restraint of cancellation of insurance of any member for failure to pay the increased assessment and from suspension from the organization because of failure to pay it.
