Athletics Again Fail To Defeat The White Sox

By William J. Chipman
Associated Press Sports Writer
Events over the weekend were not exactly beer and skittles for the Athletics. They lost to the White Sox in two ball games, but even so the Athletics can not yet be said to be in any need of a wall against which to place their backs. The Sox were able to get only an even break in their first two shutouts at St. Louis, and the Athletics were left with a lead of eight runs in the second game.

DEMAND FOR SARGON RAPIDLY SMASHING ALL WORLD'S RECORDS

Big Dayton Laboratories Forced to Increase Capacity To Keep Pace With Ever-Growing Demand—Although Working at Top Speed Often More Than Two Weeks Behind With Orders.

BRANCH PLANT TO BE ESTABLISHED IN CANADA WITHIN SIXTY DAYS

Plans Now Being Made and Perfected To Place Sargon On Sale In Many Foreign Countries—Sales Phenomenal and Unprecedented—California Druggists Alone Order Ten Carloads in Only Sixty Days.

Never before, perhaps, in all history has the demand for a proprietary medicine ever approached the marvelous record now being made by Sargon. The amazing success achieved by this new scientific formula in only one year's time simply staggers the imagination.

As a matter of fact, if it were not for the actual facts and figures given out by some of the greatest wholesale and retail drug firms of the country, the story of the success of Sargon would be hard to believe.

The first bottle of Sargon reached the public just a little more than twelve months ago, or to be exact, on April 17th of last year. Its success was immediate and people everywhere it has been introduced have been quick to recognize it as a new and epoch-making product.

In the State of California alone where it was introduced on April 16th of this year, it has required the astonishing total of nine solid carloads, approximately 200,000 bottles of Sargon and Sargon Soft Mass Pills, to supply the tremendous demands during the first 60 days after it was placed on the market. On May 31st, or in only seven weeks' time, dealers were reporting that stocks were exhausted and an order was received for the tenth carload, making a grand total of 243,000 bottles ordered for this one state in 60 days' time. The demand is correspondingly large, population considered.

As an illustration, approximately 200,000 bottles have been sold and distributed by Kansas City, Mo., and retail firms in only six months, or an average of almost one bottle for every family in the whole state of Kansas.

Texas dealers required nine carloads within four months after the introduction to supply the demands in the Lone Star State. In the Northwest the demand has been overwhelming that the Twin Cities, Minneapolis and St. Paul, are selling Sargon at the rate of \$1.50 per year at retail, to say nothing of the immense wholesale distribution. These are only a few of the new sales records established in widely separated sections of the country. In the twenty states where Sargon has been introduced and the best news is being extended as rapidly as possible to the distribution of Sargon nation-wide in its own right.

Change of Livery Helped Them

These three youngsters were abandoned by the Pacific Coast League teams they trained with this spring and have been going good for other clubs since then. Schingo (left), dropped by the Seals, is playing regularly in the Oakland outfield. Howard Burkott (above), whom the Angels released, is doing capable second base duty for Hollywood. Adamson, young catcher, set adrift by the Stars, now is working steadily for the San Francisco Seals.

Fractured Rib
Cochrane is suffering from a fractured rib, injured by a pitched ball in the Washington series. The fracture, at first mistaken for a bruise, was not discovered until the Philadelphia clinician at Chicago.

Hot Fails
At St. Louis Hoyt was falling for the Yanks after the champions had stretched a winning streak to eight games by taking the opener on Saturday. Pitted against Alvin Crowder, the former Brooklyn school boy, Hoyt had a most pitching battle for six rounds, only to crumble in the seventh after the Huggins had put Cochrane out of action with a fractured left forearm. The St. Louis pitcher suffered the injury in the seventh when struck by Bill Dickers' hard drive.

Start Whitehill
Bill Whitehill pitched four-hit ball to give Detroit a 2 to 1 victory over Washington yesterday, and the Indians divided a game with the Red Sox in Cleveland. The home team won the opener by 4 to 2, but Ed Morris pitched the Bostonians to a 3 to 1 victory in the nightcap. Halted at the end of the fifth by rain.

Leaders All Win
The three topmost contenders in the National League maintained the tension by winning simultaneously yesterday, but the Giants gained a paper advantage by taking two games from the Reds while the Pirates and the Cubs were limited to one victory each by the schedule. The Cards and the Phillies rested, and probably needed it, after their 4 to 1 St. Louis victory in the second game on Saturday. This only not only broke the Cardinal losing string at eleven, but set a new modern major league record for total runs by one club in a game.

ANGELS AT TOP IN COAST LEAGUE

Lowly Ducks Find Their Usual Berth—Mission Reds Win Series.

By The Associated Press
Four doubleheaders in yesterday's Pacific coast league series played to close group four clubs in the race for second half season honors. The clubs are the Los Angeles Angels, San Francisco Seals, Hollywood Stars, and the Mission Reds, running in that order.

The Mission Reds won their two games from Oakland in that club's home grounds, 4 to 1 in the morning, and 5 to 2 in the afternoon.

Winning the morning game 14 to 11 in a wild jamboozie of hits and errors, but losing the afternoon game 3 to 6, after using five pitchers, the Seals won the series from the Seattle Indians at Recreation park six games out of eight.

Sacramento shook off the jinx and a losing streak by taking both games from the Hollywood Stars. The morning game was 2 to 0, and the afternoon tally 7 to 6.

The Los Angeles club twice defeated the Portland visitors 14 to 3 in the first, and 10 to 0 in the second. It was their seventh straight win for the week, keeping the managerial record of Harry "Cracker" Hanna without a mark. Ed Bassett was credited with having pitched the Angels to victory in the afternoon game, holding their rivals to five hits.

Ignites Naphtha
She told of driving out of town, or stopping to buy naphtha and of leaving the main road for a little frequented byway. Then she continued:

"I took the bundle out and threw it beside the road in some woods. I poured naphtha over it, threw the car away and touched a match. It was blazing hard when I drove away."

That was on Sunday. The next day the bundle was still smoldering when the farm boys found it. The Weaver woman returned to the room and sought to destroy all evidence. One of her efforts in direct suspicion, the sheriff said, was a letter to Kittelman's brother, E. H. Kittelman, of Peoria, Ill., in which she said that Kittelman was "son one of his periodical drunks" and that she was leaving to return to her home in Naperville.
