

CUBS CLIMB AT GIANTS' EXPENSE

Meanwhile Pirates Continue to Win—Athletics Split Double Bill

By WILLIAM J. CHIPMAN (Associated Press Sports Writer) Reports that the Cubs were cracking seem to have been exaggerated, or distorted. Fresh from two hurtings by the Braves in four games, the Chicago contending stepped into the Polo grounds yesterday and cracked curves and fast ones up against the Giants with such abandon that the Giants' under-patrol men (beat) busy in no time at all. The Bruins won the opener of the five-game series by the modest score of 6 to 2, but it seemed like an Irish mile.

Turned back in the first assault, the Giants now face the necessity of winning all four of the remaining games if they are to displace the Cubs in second position in this series. Meanwhile the Pirates will be combing in Baker bowl with the Phillies, whom they defeated yesterday by 15 to 5 in a home run orgy.

The Buccaneers now lead Chicago by one and one-half games, and the chances for either the Giants or the Cubs to gain in the immediate future are slim.

Pirates Hit 5 Homers. The Pirates hit five home runs in Philadelphia and the Phillies four. This total was within one of the record of ten for two clubs in a game set at the same Baker bowl in 1922 when the Phils hit six and the Cardinals four. Grantham led with two, and Traynor, Lloyd Waner, and Fustel of the Pirates got one apiece.

William Watson Clark outpitched Jess Haines and Fred Frankhouse by just enough to enable Brooklyn to win the opener of its series against the Cardinals by 9 to 6.

The Reds punched the Braves by 10 to 2 at Boston in the opening of Jack Hendrick's personal campaign to escape from the cellar.

Alphonse Thomas defeated the Yankees for the second time in his major league career, plunging the Huggins camp into gloom. The score was 6 to 2.

The Athletics won the opener at St. Louis by 4 to 1 when Howard Ehmke turned in a two-hit game against Sammy Gray, but the Browns got even in the nightcap. George Wallace and Eddie Rommel failed to hold Hovey's boys, and the home team won by 7 to 5.

The day's campaign a technical half-game to the Mackian lead, which now is eight games. The Athletics are only one and one-half contests ahead of the Browns.

Cleveland rallied sharply to defeat Washington by 5 to 7, eliminating one notch above the 300-mark. Marty McManus hit another homer with the bases filled, and the Tigers defeated the Red Sox by just that margin, 10 to 6.

U. P. Team Will Play Champion Of 3rd Division

The La Grande Union Pacific athletic club baseball team champion of the second division of the U. P. will play the champions of the third division, Walla Walla, at the Round-Up park in Pendleton on Sunday. The winner of the La Grande-Walla Walla game will play the winner of the first division, either Portland or Seattle, at Portland on July 21. The winner of the O. W. will then go to Boise, to participate in the U. P. system meet on Sept. 2 and 3.

The La Grande team will leave here for Pendleton Sunday morning, returning after the games. The players are: Fred Roe, Lonnie Amos, Blackie Graham, Herman and Henry Yeske, Don and Fred Smith, Joe Deal, Walter Chadwick, Al Maranda, Vern Sherwood and G. L. Shims.

Malcewicz To Meet Wrestling Champ

LOS ANGELES, July 11 (AP)—Joe Malcewicz, Utica, N. Y., fighter, today had earned the right to meet Gus Sonnenberg, world's heavyweight wrestling champion, in a title match to be held here July 24, as a result of his victory last night over Nick Lutze of Chicago, who suffered a fractured rib in the only fall when Malcewicz pinned him in the mat after one hour twenty minutes of grappling, and was unable to return, thereby forfeiting the match.

Angels Retain First Place In Coast Circuit

By The Associated Press The Los Angeles Angels today continued in the Pacific Coast League lead, with two in a row to their credit this week over the Sacramento Senators. The Angels hold nine victories against one defeat so far this second half of the season.

The Angels and Senators on the latter's lot, made it a real pitcher's battle, with Clyde Barfoot and Ray Barfoot had a slight edge, which finally decided the issue with a score of 1 to 0.

Wade Killefer's Missions rode rough shod over the Ineffemate Portland Ducks at Recreation park, handling the team from the northwest its second straight losing, with a tally of 12 to 4. The Reds won all the way, pounding out 16 hits, and holding their rivals to 10. Fuzzy Hurft won the admiration of the fans by hanging out three singles, slugging a homer, and gaining first base on an error.

Young Vernon Gomez hurled the Seals to victory over the Oakland Oaks with a 9 to 3 score. Thus making two victories in a row for the Seals on the lot across the bay.

Hollywood made it two straight over the Seattle Indians by coming from behind to wallup the Redskins 11 to 5 in the Angel's home town.

Yesterday's Coast League scores:

At San Francisco: R. H. E. Portland 4 10 3 Missions 12 16 4 Knight and Woodall; Pillette and Hoffman.

At Los Angeles: R. H. E. Seattle 5 19 4 Hollywood 11 16 3 Risch, Kallio, Wilson and Hornum; Halvey and Cook.

At Sacramento: R. H. E. Los Angeles 1 7 0 Sacramento 9 6 0 Barfoot and Warren; Keating and Severid.

At Oakland: R. H. E. San Francisco 9 12 1 Oakland 3 8 0 Gomez and Reed; Craighead, Hurst, Arlett, Kassich and Read.

TO SPEND BIG SUM TO SAVE OREGON FISH

PORTLAND, July 11 — Every known protective precaution that would tend to save fish life in Oregon and Washington streams will be installed by the private interests that soon will start the construction of a \$20,000,000 power dam on the Columbia river near Wenatchee. This work was brought back from Seattle by Harold Clifford, state game warden, after he had attended a meeting of the fish and game authorities of Oregon and Washington, and representatives from the federal bureau of forestry, federal power commission and other interested parties.

"The minds of all who attended the meeting united on a proposed plan for the construction of fish ways, screens and ladders," said Mr. Clifford. "It is estimated that it will cost at least \$200,000 to install these fish protectors and the constructing company will provide the capital. Every modern idea known will be incorporated by the engineers in the building of ways, screens and ladders. It is considered vital to fish life that these things be done. The upper Columbia river is the spawning ground for millions of fish. Unless proper fish ways were installed in the dam such streams as the Deschutes and others that feed into the Columbia below the dam might suffer at the expense of the angler. The working out of the many details of the dam construction and fish protective screens and ways will be watched by the game authorities of all states where the building of power projects are being contemplated.

HELEN WILLS DEFEATS MAN TENNIS STAR LONDON, July 11 (AP)—Miss Helen Wills showed a select and keenly interested gallery, including the Prince of Wales, how easily she is able to beat even a first class male tennis player, when on a private court in the west end of London she defeated Captain Victor Cazaret, M. P., by scores of 6-2, 6-4. Captain Cazaret, former amateur squash rackets champion of Britain and a renowned tennis player, was no match for the woman

champion of three nations. The Mail, describing the match, says she played as if merely toying with him and ran away with the first five games before she allowed the captain to win two, after which she promptly ran out the set. In the second set Helen allowed the score to reach four-all, before running out.

Miss Wills' opponent declared he struggled his hardest but his efforts were unavailing as "she was too good."

RIVERSIDES

Cost as much to make as any high-grade tire . . . But—How about the selling price?

WE believe every motorist should know the facts that prove the high quality and explain the low price of RIVERSIDE tires. Here they are:

Take RIVERSIDE or any of the 5 or 6 leading tires on the market—remove the name—and there is comparatively little difference between them, "selling talk" notwithstanding. All of them are good tires. And all cost practically the same to make.

After all, practically all the high-grade tires, including RIVERSIDES, have the same amount of rubber and the same amount of cotton cord. The prices on these two materials are established market prices that every large producer must pay. Skilled labor and overhead costs are practically the same in all well-organized tire factories. Therefore, there is no good reason why the production costs of all first-quality tires should not be practically the same amount.

But, when you get to the selling prices, that is a different story. Take a 29 x 4.40, 16,000-mile RIVERSIDE Balloon as an example. Our selling price on this tire is \$5.33—yet, when you buy any of the other five or six leading makes, of the same identical quality as RIVERSIDE, the selling prices range from \$7.50 to \$8.25 on this size—and on the larger sizes the difference is often \$5 to \$10 per tire.

Why, when cost-to-make is practically the same, this decided different in price to the buyer? The answer is simple as A B C. Buying RIVERSIDES, you pay only Ward's small profit over the manufacturing cost. Buying any other leading make, you pay the "in-between" profits required by the indirect method of distribution employed.

That, in a nutshell, is the whole story of RIVERSIDE prices. That these prices are due solely to Ward's low SELLING costs, and not to any reduction in quality or cost of making, is proved by the figures already given . . . plus Ward's sale of millions of RIVERSIDES yearly under definite mileage guarantees of 16,000 and 30,000 miles.

Come in, Today! See for yourself Why RIVERSIDES are to be compared only with the finest tires made—regardless of price.

...on the coaster it's THRILL!

...in a cigarette it's TASTE!

JUST AS A STEAK can be tough, tasteless, disappointing—or tender, crisp, done to a turn . . . a cigarette can be flat, heavy, over-sweet—or sparkling with spicy aroma and delicate tobacco flavors.

To knowing smokers, Chesterfield makes the difference clear. A blend of fragrance, flavor, and satisfying character, to which cross-blending, the standard Chesterfield method, adds a final touch. In a cigarette it's TASTE . . . In a Chesterfield it's "TASTE above everything"
