

OREGON: Fair tonight and Friday, but cooler in east. Moderate westerly winds on the coast.

PROBLEM OF TOURIST IS CONSIDERED

Pendleton Favors Action to Bring More Over Old Oregon Trail.

CO-OPERATION OF LA GRANDE URGED

Situation Discussed at Meeting Yesterday—Figures Here Show Increase Over 1928.

A new attempt to increase the tourist travel on the Old Oregon Trail highway, and at the same time combat work to divert west-bound motorists into Washington over other roads, was considered at an Eastern Oregon meeting held in Pendleton yesterday.

Although no definite action was taken, the meeting was discussed thoroughly. Pendleton is anxious to assist a man stationed at the Yellowstone park or some other point to the east for the purpose of directing tourists thru Oregon. The plan would require financial help from the various towns and cities along the Old Oregon Trail highway, including La Grande and Baker.

Washington Active. During the meeting, it was pointed out that the Washington organizations have three men in the Yellowstone park vicinity engaged in this work. On the other hand, only one man represents Oregon. He was recently sent to the west entrance of the Yellowstone by the state chamber of commerce. The Washington men visit tourist camps, hotels, restaurants, etc. in their work. It is said, contacting a large number of vacation motorists.

Arthur Foster, state chamber employe, is the man who has been stationed at the west entrance of Yellowstone and the proposal yesterday was for Pendleton, Baker and La Grande to assist with his work. According to announcements in Pendleton yesterday reports indicate that very misleading stories are told as to the possibilities of travel westward over the Oregon trail.

Among those in attendance were Albert R. Hunter and Oscar Warnock, secretary and director of the Union county chamber of commerce, respectively.

E. O. N. PICNIC HELD AT PARK LAST EVENING

A picnic was enjoyed by the faculty and the members of the student body of the Eastern Oregon Normal school last evening at Riverside park. A faculty-student baseball game was one of the events and the students won, 12 to 2.

An assembly announcing the picnic was held at the school yesterday morning, also featuring an entertaining program. Alice Jeanette and Mary Elizabeth Cooper, played several violin numbers. They were accompanied by Miss Helene Eriks.

Readings were given by Scott Bunting and Mrs. Rosalie Whitehead. Mrs. Marion Jacobson sang a solo and was accompanied by Miss Wilber Peterson. Miss Virginia Ethey danced and was accompanied by Mrs. R. J. Green at the piano. The program finished with a stunt given by the students of group one at the student body and was cleverly given before them.

The psychological and ability tests are being given at the normal school this afternoon. They are supervised by S. E. Macomber, who is the instructor in psychology.

Yesterday Warmest Day Of This Year

Although a few clouds intervened between Old Sol and Mother Earth yesterday, nevertheless the mercury went up to 84 above, the hottest day this year by two degrees. Precisely, 82, and following the warm, sultry day, the minimum last night was 65 above, making it the warmest night since last summer.

This morning clouds and a breeze were fighting to drive off another advance of mercury into the 50's.

City Water Use Yesterday Hits 3,280,000 Mark

City Manager W. C. Crews Reports on heavy Demand at Commission Meeting Wednesday.

With the mercury up to 84, the hottest since last year, La Grande used a total of 3,280,000 gallons of water yesterday, City Manager W. C. Crews reported at the night's executive meeting of the city commission. The clock was for 24 hours, beginning at 8 p. m. Tuesday night and ending at 8 p. m. last night. In spite of this excessive use of water, Mr. Crews reported that more was available.

Mostly routine matters occupied the commission's attention last night. A request from the La Grande baseball club for a donation from the advertising fund was met with the statement that only about \$25 remained in the fund and that the city is not in a position at present to help remove the ball team's deficit.

A rooming house license was granted to David S. and Hanley Shial for the Savoy. Marcus Roesch was given permission to install a 1,000 gallon fuel tank in the alley next to the Saccawewa Inn on condition he would replace pavement broken. An ordinance for the city's moral and physical improvement in lighting the celebration, and asked that the labor council be permitted to handle all concessions. Both requests were granted.

Louie Evans, general chairman of the Labor day celebration for the Central Labor council, asked for the city's moral and physical improvement in lighting the celebration, and asked that the labor council be permitted to handle all concessions. Both requests were granted.

During the meeting, it was pointed out that the Washington organizations have three men in the Yellowstone park vicinity engaged in this work. On the other hand, only one man represents Oregon. He was recently sent to the west entrance of the Yellowstone by the state chamber of commerce. The Washington men visit tourist camps, hotels, restaurants, etc. in their work. Men's work, the missionary program, and forums of music and worship will be stressed. Mr. Walz will return from Albany Tuesday morning, July 23.

ROBBER SHOT BY POLICEMEN; \$4,000 SAVED

PORTLAND, Ore., July 18 (AP)—A robber sent to a show of his last night today he's in a morgue, unidentified, with a bullet from a policeman's revolver lodged in his throat and Portland theater officials have banked the day's receipts of \$4,000 they almost lost.

Edgar Perry, 35, who saw the robber slip past the unguarded entrance late last night, saw Jimmy Corcoran, checkroom boy, and then dash into the inner office where John C. Smith, theater manager, and two others were talking. Perry notified police.

Inside the office the unidentified robber, who police said was intoxicated, forced Smith to give up \$4,000 in the safe. As he turned to flee he was confronted by Corcoran. He fired a shot which returned his fire in a pitched battle. Both policemen emptied their revolvers at him, partially hidden by a door, until a bullet plowed through his mouth and ranged downward in his throat.

CLOUDBURST IS CAUSE OF FATAL WRECK

Several Reported Killed When Passenger Train Dives Into Creek.

RAGING TORRENT WEAKENS BRIDGE

Accident Occurs Near Stratton, Colo.—Hospital Train Sent Out From Goodman, Kansas

STRATTON, Colo., July 18 (AP)—Plunged into a stream swollen by a cloudburst, eight passengers and a Pullman porter on west-bound Chicago Rock Island and Pacific train No. 5 met death today in a submerged wreck. An early report said twelve persons were believed to have lost their lives. A railroad report said seven passengers and a porter were in the car.

DENVER, July 18 (AP)—Twelve persons were reported to have been killed when Rock Island passenger train No. 5, west bound from Chicago, plunged into Landon creek, three miles west of Stratton, Colo., 150 miles east of Denver, shortly after 3 o'clock this morning.

According to a report received by the Denver Post from its Stratton correspondent, the train plunged through a weakened bridge and two of the pullmans of the all-pullman train were submerged in the creek bed. First reports stated that twelve persons were known to have been drowned and there were reports that this number probably would increase to at least twenty. Some passengers were missing.

Due to Heavy Rains. The creek, ordinarily a dry wash, had become a raging torrent during the last 24 hours as a result of extremely heavy rains during that period.

All physicians at Stratton and Burlington as well as Limon, Colo., have been rushed to the scene and awaiting crews have been dispatched from Colorado Springs, the western terminus of the road.

Morris Gest, theatrical producer of New York City, enroute to Denver, was said to have been a passenger on the train.

The engine and tank derailed and spread the rails, causing many cars to pile up and break through a bridge, reports said. The three last cars remained on the track.

One car pitched down an embankment. Flood waters rose after the derailment and submerged the passenger on the train.

Prospective University of Oregon students will be honored at a picnic at Riverside park Thursday evening, July 25, according to plans made at a joint committee meeting of the Greater Oregon Committee and the Oregon Dads last night at the Saccawewa Inn. Oregon students, alumni and parents of those two groups are invited and special invitations are extended to all prospective students.

Dorothy Ann Wernick, chairman of the Greater Oregon committee here and A. W. Nelson, head of the Oregon Dads are working jointly as directors of plans. Miss Wernick presided at last night's meeting at which plans for program and entertainment were sketched. The hour for the event was set at 6:30 o'clock. Miss Wernick said today that the committee charge is being completed.

FATAL ACCIDENT IN LADD CANYON

Claude W. Norman, 22-Year-Old Logger, is Crushed by Timber

Claude W. Norman, young top leader at Camp 2 of the Menzies Lumber company in Ladd canyon, was instantly killed last night while loading a truck. He reached for one of the logs, missed it and fell to the ground, a log falling on top of him, crushing his chest and crushing his chest. The body was brought to La Grande by Shodgrass and Zimmerman and is at the mortuary today, pending funeral arrangements.

Mr. Norman is survived by his mother, Mrs. Minnie Norman, of Jacksonville, Ore., who was notified of his death by telegram last night.

The deceased was born Aug. 24, 1906, and was 22 years 10 months and 23 days of age at the time of unfortunate death.

President Miklas Saved From Death

VIENNA, July 18 (AP)—An attempt against the life of President Miklas of Austria was frustrated today with the arrest of a man believed to be an assassin.

Letzer was stated by the police to have admitted he was seeking to ambush the president near the gate of the foreign office.

Fires North of Spokane Destroy Two Mills, Logs And Much Timber

SPOKANE, July 18 (AP)—Whirlwind winds today gnored devastating forest fires in two counties north of here, although 150 men were fighting the flames, which already had consumed two miles worth of standing timber and 1,000,000 feet of cut logs. The total loss was more than \$100,000. Forestry officials said the loss of at least one large logging camp, a summer resort, and valuable stands of timber depends upon the wind.

Wheat In Slide After Reaching New Peak Prices

Heavy Profit Taking Sales Drives Grain Quotations Downward in Chicago Today.

CHICAGO, July 18 (AP)—Heavy profit taking sales drove wheat prices downward today after new high prices had been reached for all deliveries of wheat. The closing quotations were 2 1/2 to 3 1/2 cents a bushel lower than yesterday. With July delivery selling at \$1.41 1/2 and December at \$1.51 1/2. Corn was down 1/2 to 2 1/2 cents a bushel at the finish.

The grain markets took an unlooked-for tumble at the opening of trading today, wheat prices dropping from 7 1/2 to 5 1/2 cents a bushel largely because of weakness at Liverpool. The decline was quickly made up, however, upon report of the day's increment of bad weather news from the north-west. Quotations fluctuated irregularly during the first hour.

By the end of the first hour wheat had come back six cents from the early low and was around two cents higher than yesterday's close. The rally established new peak prices for the year. December wheat reached \$1.57, September \$1.51 1/2 and July \$1.46 1/2.

RED AND WHITE CHAIN STORES ENTER COUNTY

By Mrs. J. R. Price (Herald Correspondent) CLATSOP, Ore., July 18 (Special)—W. J. Hallmark has signed up with the Red and White chain store company, one of the largest chains in the United States, although it is not so well known in the west as its entrance into west coast territory is new.

The company is to put in seven stores in Wasco, Walla, three in La Grande and five in Lewiston on the branch line from La Grande to Bunch. It is reported here.

This is the first chain store to be opened at Cove, and it is to be in operation in about a month.

Oregon Picnic To Be Held At Park On July 25

WASHINGTON IS WATCHING ORIENT

While War Would Not Necessarily Follow Latest Move, Diplomatic Rupture Severe.

MOSCOW, July 18 (AP)—Soviet Russia proceeded today to make effective immediately a complete break in relations with the Chinese nationalist government. The action portended possibly the gravest political consequences.

CITIZEN COOLIDGE

For the first time in 40 years, former president Calvin Coolidge celebrated his birthday in private life. But he was reminded of his public career by scores of telegrams congratulating him on his 57th birthday. After two trips to his office, Mr. Coolidge posed for the photographer on the front porch of his private "White House" at Northampton, Mass., where he is pictured above with Mrs. Coolidge and their dog.

Union Pacific Dock Destroyed; Firemen Injured

SEATTLE, July 18 (AP)—Fire which destroyed the Union Pacific dock here late yesterday caused a loss of almost \$1,000,000 and sent five firemen and a dock worker to the hospital burned or overcome by smoke.

Thirty-one companies of firemen and three fireboats fought the blaze for an hour before getting it under control. A cigarette, thrown carelessly aside by an employee, was blamed by officials for the blaze, which started beneath the flooring on the bay end of the dock. Traffic was stalled in Seattle's business streets as company after company roared down the city's hills to the waterfront. Thousands of afternoon shoppers congregated on Railroad avenue where the pier was built and scores of policemen were called out to maintain order.

The steamship Mauna, loading for Hawaii, caught fire but was backed out into the bay and the blaze extinguished before much damage was done.

Harbormaster A. A. Paysee, trapped in his office on the pier, jumped into the bay where he was rescued. Four longshoremen leaped to safety on the fireboat Alki when it drew alongside.

ST. LOUIS, July 18 (AP)—Two St. Louis airplanes in an "endurance derby" continued in the air today, the "St. Louis Robin" starting his sixth day and the "Missouri Robin" his second day today.

The "St. Louis Robin" had been up 129 hours at 7:17 a. m. and approached the halfway mark of the record endurance flight recently made by L. W. Mumford and R. H. Reinhardt, California aviators.

Alpert To Manage New York Store

It was announced today that Michael E. Alpert is again manager at the New York store, replacing G. S. Hayward, who has resigned and intends to locate in San Diego, Cal. Mr. Hayward has been manager of the local store for a little over two years. Mr. Alpert was the original manager of the store when it opened in La Grande and for the past two years has been in business for himself. He recently closed out his Economy store.

MacDonald Doing Utmost To Hurry Disarm Project

Premier Explains His Position to House of Commons Due to Churchill's Prodding.

LONDON, July 18 (AP)—Premier Ramsay MacDonald told the House of Commons this afternoon he was doing his utmost to expedite naval disarmament negotiations with the United States so as to be able to make an announcement on the subject before parliament rises at the end of the month. The premier said, however, he was not sure this would be possible.

The prime minister's statement arose from prodding by Winston Churchill who wanted to know whether MacDonald would make it clear that "before any important decision of policy reversing the naval program for the present year" the government would be informed and given an opportunity of expressing its opinion.

"Certainly not," replied the prime minister. "The government will take just the ordinary powers of a government in that respect. The government will exercise its judgment with full knowledge of its responsibilities to the home and beyond that it is impossible to go at the moment."

MacDonald characterized as "a most unworthy suggestion" a question by Churchill whether it was to be understood that "a most grave and important decision of this kind is being withheld until parliament has separated?"

Not Playing Lone Hand. The prime minister stated that it was perfectly obvious that "when one is dealing with international affairs it is not with a cabinet or a department that one is dealing, but with a very complicated set of circumstances," he said. He then made his announcement that he would do his best to make a statement before the house rose.

"I hope the house will not ask me to tie my hands," MacDonald concluded.

POSES SEEKING MISSING HEIRESS

FAIRFIELD, Soland County, Cal., July 18 (AP)—Fifty men rendered their search in the hills west of here today for Miss Irene Wolfskill, 55, heiress of a wealthy pioneer Suisun valley family, who disappeared under mysterious circumstances from her ranch here Sunday. A large reward was offered.

The searching party, which includes Matthew and Rex Wolfskill, brothers of the missing woman, was to be augmented today by a corps of private detectives hired at the instance of a Los Angeles bank in which Miss Wolfskill has a deposit of \$500,000, telegrams to Sheriff John R. Thornton, from J. W. Buchanan, trust officer of the bank, revealed.

The wires also disclosed Buchanan was en route here to aid Sheriff Thornton in the hunt.

Huffing Case. The disappearance of Miss Wolfskill is regarded by authorities here as one of the most baffling in Northern California history. Last seen by her maid, Miss Wolfskill, who has lived in seclusion on her ranch, one of the most extensive holdings in California, left her home Sunday clad in light clothing and bareheaded. She announced to Mrs. Matthew Wolfskill, her nurse companion, she was going for a walk. When she failed to return Sunday night, the sheriff was notified and the search began.

Poses combing Gordon and Suisun valleys retraced last night to report no traces of the missing woman had been found. In automobiles and on horseback the searchers intended to penetrate farther into the thickly wooded sections of this district today.

Brothers Puzzled. Sheriff Thornton questioned Mrs. Wolfskill's brothers last night but they were unable to account for their sister's disappearance. She was in excellent health and apparently had no worries. They said, Matthew Wolfskill, who resides in Los Angeles said he had authorized the bank to offer a "large" reward. The amount of the reward was not disclosed.

Loughran And Braddock Meet In Title Scrap

NEW YORK, July 18 (AP)—The light heavyweight championship falls once more to the pound man and many thousands dollars short of being as big as the heavyweight title, but today it looks big enough to James J. Braddock of New Jersey.

"Jersey Jimmy" has risen in a brief boxing career to the post of challenger for the 175-pound crown and tonight he pits the devastating wallop that was carried him to the top over the battered form of such scrappers as "Fury" Griffith and Jimmy Slater, against the boxing skill of the champion, Tommy Loughran.

The fight is being staged at the Yankee stadium, biggest New York's open air arena, and is scheduled for its full championship distance of 15 rounds. It is not expected to be very profitable to either the champion or the challenger. So far it has drawn little more than passing interest despite a free-will baghouse, and only about 25,000 fans are expected at the ring-side when the go starts at 10 p. m. eastern daylight time.

Stunt Flier Is Killed In Crash At Los Angeles

LOS ANGELES, July 18 (AP)—Wings that had carried William Hauber through many hazardous scenes as a movie stunt performer before the expertly directed camera of Alvin Knechtel, late yesterday plunged the pair to a death that had consistently defied.

It was strangely coincident that the fatal flight should be fraught with the element of the spectacular far beyond anything their work in motion pictures had dared them to attempt. No less anomalous was the fact that Knechtel, the cinematographer, not Hauber, was piloting the plane when it went into a wing-over, as the pair were stunting, and then looped its way to earth.

Observers were of the opinion that Knechtel had fainted, and that he slumped over the stick, causing the Waco biplane of which he was the owner, to start on its tragic journey. It was believed that Hauber was left powerless even to save his own life by a parachute leap.

Those who saw the craft fall said that it completed twelve loops, the last almost perfect one, as the plane nosed into the ground two miles west of the Metropolitan airport where it had taken off. Both bodies were badly broken in the twisted wreckage.

RUSSIA AND CHINA BREAK RELATIONS

Germany Agrees to Take Charge of Interests in Both Countries.

WASHINGTON IS WATCHING ORIENT

While War Would Not Necessarily Follow Latest Move, Diplomatic Rupture Severe.

MOSCOW, July 18 (AP)—Soviet Russia proceeded today to make effective immediately a complete break in relations with the Chinese nationalist government. The action portended possibly the gravest political consequences.

NANKING, July 18 (AP)—The nationalist government foreign office tonight announced receipt of the note from Moscow severing diplomatic relations between Russia and China.

BERLIN, July 18 (AP)—The German government has agreed to take charge of Chinese interests in Russia and Russian interests in China, it was announced tonight.

By Richard L. Turner (Associated Press Staff Writer) WASHINGTON, July 18 (AP)—With mingled feelings of apprehension lest war be imminent in the Orient and hope that armed hostilities may be avoided, the Washington government is keeping close watch on the rapidly developing controversy between Russia and China.

Press dispatches and consular notices from Manchuria are being given detailed study in a search for the proper interpretation of the action of the Soviet Union in breaking off diplomatic relations with the Nanking government and what it may mean.

Gloomy Outlook. While it was pointed out that war would not necessarily follow and "circumstances" were cited which were regarded as virtually compelling an amicable settlement, it was generally agreed that the
