Camp Fire Girls In Weekly Session

The Sacajawea Camp Fire group held one of their weekly meetings yesterday afternoon at the home of Miss Jeanne French. Each girl was requested to bring to the next meeting, some article on which she will sew for the bazaar which the group is planning to hold this fall. The next meeting will be devoted especially to making pictures. Miss Jeanne served some nice refreshments yesterday.

Loyal Sisters Aid Has Picnic Lunch

The Loyal Sisters aid of the Christian church enjoyed a picnic lunch at the park yesterday afternoon with about twenty-five members of the organization present. A short business meeting followed the luncheon and the remainder of the afternoon was spent socially. The next meeting of the aid will not be held until in September, the 18th, the month of August being observed as a vacation month.

Party Compliments Mrs. Ruth DeGreeve

About twenty-five young women of the West Coast and Pacific Telephone forces made up the guest list of a splendid party given last evening at the home of Mrs. Elton Barron, 1016 Thirteenth street, as a compliment to one of their number, Mrs. Ruth Jones DeGreeve, a bride of the past week. Quite unbeknown to the honored guest the rest of the company, who in their costumes had gone back to the days of their childhood, and two of them way, way back, gathered at the Darron home where the lawn had been prettily arranged with Indian robes, and pillows and lighted with Japanese lanterns. At the proper time, Mrs. DeGreeve quite unwillingly, at first, was taken from a car to the scene of merriment. There were "Kid" games for the first of the evening, and then Mrs. DeGreeve was led to an improvised fish pond and in a few minutes had "caught" a wide variety of useful things for her kitchen. In addition, her associates in the telephone office gave her some lovely linen and a beautiful mirror. The evening was concluded with refreshments.

Honor Miss Kitchen At Wallowa Party

Miss Thelma Kitchen, whose marriage is to be one of the events of the summer season, was the honoree at a pretty party and shower given Tuesday evening by the Misses Edith Shell and Virginia Hunter at the Hunter home in Wallowa. The evening was spent at bridge with some delicious refreshments. In the company were Marjorie Condit, Mrs. Doyle Zimmerman, Mrs. Jack Ferris, Ruth Bramwell, Lucille Black, Helen and Lillian Dale, Kathleen McLaren, Thelma and Ethabelle Kitchen and the hostesses. Miss Kitchen was given a shower of exquisite linen.

Announcements

There appear in this column from time to time many announcements which residents of the country surrounding La Grande are directly interested in. Within the last few weeks there have come many requests asking that whenever possible announcements of meetings etc, be published as early as possible. Oftentimes our country readers get an announcement after the meeting, or program or recital has taken place, or at the best insufficient time left to make arrangements to attend. Country readers who will not receive today's paper until tomorrow morning are asking that they be considered in the publishing of notices.

* * *

Tomorrow afternoon, the Bible Searchers class of the Presbyterian church will have a picnic at Riverside park. Cars will be at the church at two o'clock to take anyone who has no way to go.

Newspaper advertising for the churches is advised by the publicity committee of the Presbyterian general assembly.

The "Boerenbond," cooperative organization of Belgian farmers, handled business transactions amounting to $18,000,000 last year.

EUGENE PAGEANT TO BE ELABORATE

Cast of 1,500 Working Nightly — Will Depict Pre-Historic Days.

EUGENE, Ore., July 18 (Special) —The Sunset Trail pageant, to be staged on Hayward field July 25, 26 and 27, will be the most elaborate outdoor performance ever seen in Oregon, it is declared by those who have seen early rehearsals of the huge show. A cast of 1500 is now working nightly on the event, which will depict the development of the Oregon country from the early, almost pre-historic Maya days, on through the present to a vision of the future.

One of the outstanding features of the event will be the huge stage itself, which will be 240 feet long and 80 feet deep. It represents a scene in a forest in Oregon, with tall mountains in the background. It rears over 35 feet into the air, and will give the appearance of a whole mountainside covered with majestic fir trees. In one of the most impressive scenes two large trees will be fallen, with real lumberjacks swinging axes and handling saws.

The pageant will be offered each evening, and starting promptly at 8:29, will last for an even two hours without a break. Seating capacity of 10,000 each night has been arranged for, and indications are that almost capacity crowds will be present each evening. The event is to be fully covered by the press of the state, as a special "press box" to hold 80 news writers each evening, has been constructed in the center of the huge stand.

Outstanding Talent.

Outstanding dramatic and musical talent of the state has been drawn on for the pageant. Mrs. Doris Smith, of Portland Rosaria films, will direct the performance; John Stark Evans, profesor of music at the University of Oregon, will have charge of the chorus; Mrs. LeCompte Moore will direct dancing, while in the cast will be Marshall N. Dana, associate editor of the Oregon Journal who will have the leading role of pioneer; Nancy Thiesen, noted mezzo soprano, who will sing as "Sacajawea," and Sydney Dixon, popular radio tenor from station KJR of the National Broadcasting company of Seattle.

Entries from all over the state are pouring in for the Pioneer and industrial parades, the former to be held Friday and the latter Saturday.

The air circus is already assured of at least 50 planes present to participate in races, stunts and other features. This will be an event on Friday and Saturday afternoons.

Stepmother of Clara Bow

NEA Los Angeles Bureau

Eight months of married life with Robert Bow, father of Clara Bow, is enough for Tui Loraine Bow, screen actress and radio singer. She has announced she will seek a divorce in Los Angeles, giving "I'm 21 and he's more than 45" as sufficient explanation

Nickel Steel Rail Joints

For increasing the comfort of the traveler and lengthening the life of the rails, the dips or hollows at the points where the rails connect are fused by electric arc welding. This melts the rail to a depth of one-eighth of an inch and fuses thereon a deposit of 5 per cent nickel steel, which is nearly 50 per cent harder than the rail itself.

Early Printer's Prices

There is record of two printers in 1478 agreeing to publish 930 copies of the Bible. Just how long these Bibles were in preparation is debatable, but the first record of sales in that locality, Venice, year 1492, and by the same printers, gives the selling price at 6 to 12 ducats, or $30 to $60.

Caravan Will Come to Valley Sunday Evening

Mrs. J. R. Price
(Observer Correspondent)

COVE, Ore., (Special)—A caravan of 17 cars will arrive in La Grande from Los Angeles Sunday night. The caravan is from the Challenge Co-operative creamery which is the selling agency for the Eastern Oregon Dairymen's association and the Payette creamery and these two hold stock with the company. The caravan will go to Union Monday morning where it will hold a meeting in the Union park from 8:30 to 9:30 o'clock and anyone desiring information in regard to matters pertaining to the co-operative creamery work may ask questions at that time. The caravan will go to Weiser fop a two days meeting and from there to Payette. Ralph Comstock and Tom Johnson, who are directors in the Eastern Oregon association, will go with the caravan to Payette.

Mr. and Mrs. Otho Eckersley, formerly of Cove but now of Portland celebrated their 59th wedding anniversary last Thursday. Mr. and Mrs. Eckersley have many friends in Cove whom they visited this spring.

All the members of both calf clubs except one were present at a meeting of the calf club held Sunday at the home of Mr. ana Mrs. Ralph Comstock at which Hans Selfors gave lessons in judging. The visitors present were Mr. and Mrs. George McDaniels, Mr. and Mrs. Albert Becker, Mrs. Ray Baum, and Miss Theresa Daugherty, of La Grande.

Mr. and Mrs. J. D. Garred, Mrs. G. Dudley and Dr. A. C. Nelson, of Walla Walla, were visitors at Camp Hew Box and the Cove swimming pool Sunday. Mr. and Mrs. Garred were visiting with their son, Robert, who is spending July at Camp Yew Bow. After lunch the party left for La Grande where they stopped for golf at the country club before leaving for Walla Walla.

Mr. Hume who is representing the Ray Malling canning company of Hillsborough is in Cove looking after the royal anns which have been contracted for his company through Co-operative cherry growers of Cove.

Jack Hanby, who was one of the men who tried so hard to get help for the late Captain Buchner when his plane crashed in the Minam country last winter is in Cove. He will pick cherries for Thomas Hetty during cherry season.

Mr. and Mrs. W. E. Overshaw and four children are at the Golay farm during cherry season.

Jack Fletcher had an accident resulting in a splintered bone in his leg when he slipped on a rock and fell landing with his full weight on his leg, recently. He is unable to get about without crutches and has been ordered to keep off the injured member about five weeks.

RUSSIA AND CHINA BREAK RELATIONS

(Continued from Page 1)

diplomatic rupture had served at best to add considerable gloom to the outlook.

With America's extensive Far Eastern interests necessarily involved, the state department has kept in constant touch with the situation since its inception a week ago today in the seizure of the Chinese Eastern railway by the Chinese. President Hoover himself has followed developments with an interest induced, not only by the gravity of the situation, but by an intimate knowledge of the places and conditions involved which he gained during years of travel in Siberia and Manchuria as a mining engineer.

See Move as Logical

By some officials, the severance of the thin thread of diplomatic intercourse that has kept Russia and China on speaking terms since the communistic outbreak in Canton two years ago was accepted as logical. To them, it was the expected result of the stand taken by the Soviet government, its ultimatum and veiled threat of retaliation, and its interpretation of the Chinese reply as unsatisfactory.

Others, while not discounting reports of troop movements on both sides of the Siberian-Manchurian border, were of the belief that a series of economic circumstances would avert actual warfare.

START FLIGHT TO ALASKA

MITCHEL FIELD, N. Y., July 18 (AP) —Captain Ross G. Hoyt, refueler of the army endurance plane Question Mark, took off for Alaska in a single seater Pksuit plane at 2:58 p. m. daylight time, today in an attempt to make a flight of 8,480 miles quicker than such a journey was ever completed before.

"The Vengeur," French airplane carrier, will have three decks for landing and 16 catapults for launching ships.

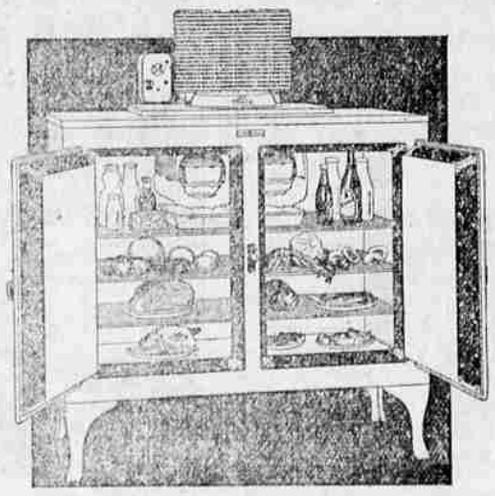
Pedestrians shouldn't kick. Lots of them get wonderful breaks.

PUTMAN'S
La Grande's Exclusive Ready-to-Wear and Millinery

THE ONLY
ALL-STEEL
REFRIGERATOR
rugged warp-proof durable

The General Electric—the first and only refrigerator built entirely of steel. It is as strong as a safe. It cannot warp. Its doors and sills, faced with warp-proof Textolite, cannot sag. It keeps cold in and heat out more effectively than any cabinet that has ever been sold. Which is just another way of saying that it maintains perfect health-guarding temperature with the smallest amount of current.



And the mechanism of the General Electric—how far ahead of the field that is! All enclosed in an hermetically sealed steel casing—unusually quiet, self-oiling, dust-proof—with an easily accessible temperature control. All the mechanism is mounted on top, out of the way . . . . leaving the greatest possible room inside the cabinet for food storage.

Another advantage of the General Electric is the fact that it is portable and needs no more "installation" than an electric iron. It is merely plugged into any electric outlet. It is mounted on legs, with lots of broom-room under it. It is easy to clean because all its interior corners are rounded.

As evidence of guaranteed reliability—there are now more than 300,000 users and not one has ever spent a single dollar for repairs.

See all the models, study them carefully. And be sure to ask about our plan of conveniently spaced time payments.

Listen in on the General Electric Hour, broadcast every Saturday evening, 8 to 9 Eastern Standard Time, over the N. B. C. network of forty-two stations.
