Scouts Have Stunt Night

The Boy Scouts at Camp Pils above Union spent Wednesday evening very pleasantly when each patrol gave a stunt for the entertainment of the other patrols and the large number of visitors who were present. LION PICTURE SHOWS SCENES IN OLD AFRICA

A Review
"Simba," the educational and thrill film now being shown at the Star theater, opened to a large crowd yesterday and practically all who attended declared it the finest picture of its kind they had ever seen. It is complete in one two-hour showing and shows some striking photographs of African animals ranging from the tiniest antelope to the ponderous elephants. Scenes that were of particular interest were those showing the killing of lions by native tribesmen with no weapons other than spears, and others showing a rhinoceros "fighting with the camera." Included in "Simba" are many panoramic views of typical African scenery, both on the veldt and in the jungles.

They still which they had been told was operated there was not found.
