## CATARRH

A general belief, bordering upon superstition, is that chronic catarrh is inevitable to persons living in this climate, and that nothing can be done for it. This is far from being true if the right method is employed for relief.

Catarrh is a chronic inflammation of the nostrils, in most cases due to irritation of the nerves serving that area. When this irritation, occurring at the spine, is removed by Chiropractic spinal adjustments, the trouble usually clears up entirely.

By my chiropractic health method I correct diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.

## QUAKER STATE-MENTS

It pays not to  
dissipate thy funds for inferior oils, for they  
bring the high tolls of the repair man in their  
wake. Rather, invest in  
good Quaker State, which,  
because of super-refining,  
brings thee and extra quart  
of lubricant in every gallon  
—and extra protection for  
thy motor!

No need to cream this shortening  
—it's ALREADY creamed

**NEW**

Just imagine making cake with most of the work of creaming  
your shortening and sugar together already done for you!

For Snowdrift comes to you already creamed—and stays  
creamy. It's whipped up light and fluffy until it has almost the  
texture of whipped cream and then packed in air-tight cans. Just  
a few stirs of the spoon will mix it thoroughly into your sugar—  
and the mixture is in your oven in no time at all...

Snowdrift is now sold in new convenient three pound and  
six pound sizes—about as wide as they are tall so that you can  
scoop up the very last spoonful without rubbing your knuckles  
against the edge of the can. A new, fresh, inviting package too—  
decidedly modern in design. You can't help seeing these new  
Snowdrift cans on your grocer's shelf.
