

Over The Valley

Mabel E. Morton, Valley News Editor

companied Dr. and Mrs. Woodward to Portland when they attended the American Medical association convention, and the party made a short stop in this valley.

Sunday Guests—Mr. and Mrs. John Hamann of Portland and Mr. and Mrs. Albert Hamann of the Cove highway were Sunday dinner guests at the home of Mr. and Mrs. Herbert Spelhart in the Jowa district.

Drive to Utah—Mr. and Mrs. Lewis Moss and their small daughter, Janie, started last week in their new car to Pravo, Utah, where they are visiting among Mrs. Moss' relatives.

Reunion Sunday—Members of the Woodell connection are making great plans for the reunion which they will have Sunday at the Pleasant Grove grange hall. This reunion invariably attracts a large crowd, and a happy one.

Entertains Friends—Mrs. Tom Walsinger had for her guests at dinner Friday complimenting her sister-in-law, Mrs. Margaret Oliver, of Portland, Mrs. Julia Grady, Mrs. Emma Hardin and Mrs. Sherwood Williams of La Grande.

Visits in Union—Mrs. Frank Johnson of Pleasant Grove and children, Sylvia and Frank, Mrs. Mamie Lake and son, George, and the Misses Lillian, Julia and Georgia Parker of Island City visited last week at the home of Mrs. Pearl Shaw in Union.

A SEASONABLE RECIPE

Drop Cakes
One cup sugar.
One cup sour cream.
One and one-half cups flour.
One egg.
One and one-half teaspoons baking powder.
One-fourth teaspoon salt.
One-half square chocolate.
One cup powdered sugar.

Cream or coffee—enough to make ping spread well. Beat thoroughly.
Beat egg until creamy, add cream, soda dissolved in tablespoon hot water, baking powder and salt sifted with flour. Beat together and bake in gem tins. This makes one dozen. These are delicious when served immediately, or cooled and fed. This recipe may be varied by sprinkling nuts over top before baking or by adding one-half square of melted chocolate to half the batter and bake on a marble cake.

"The biggest day of the year for us," is how one promoter today described the Starkey rodeo, which is to take place this coming Sunday.

There will be roping, riding and racing contests with the races scheduled for the morning program and bucking for the afternoon, the Starkey man said. There is to be a wild cow milking contest and there will be prizes in this event and in roping contests. On the Saturday night preceding, the annual rodeo, a dance will take place.
"We have some mighty good riders up there and we're going to have a real show," declared the promoter.

Tilden Defeats German Net Star

BERLIN, July 19. (AP)—Bill Tilden smashed his way to victory over Hans Moldenhauer of Germany in three straight sets today to give the United States the opening match in the inter-zone Davis cup tennis final against the Germans.
Tilden won by scores of 6-1, 6-4, 6-4.
Big Bill carried too many guns for Moldenhauer. The German, eight years his junior, carried more speed of foot than Tilden, but the wizardry of the American's racket, dealing out a disconcerting mixture of cannon balls, stinging drives, volleys and drop shots, had him guessing all the way.

Farmers Finish Alfalfa Cutting At Ladd Canyon

By Mrs. Charles Grady (Observer Correspondent)
LADD CANYON, Ore. (Special)—Farmers have nearly finished putting up their first cutting of alfalfa which was a heavy yield. The second crop is coming along nicely.

Miss Mabel Johnson was here a couple of days last week visiting with her cousin, Mrs. Adolph Peehler. Miss Johnson's home is in Portland. She often spends her vacation here but most on to Baker this summer instead where she visited with relatives stopping off here on her return home. At the last meeting of the Ladd Canyon grange members decided to postpone their meetings until after harvest season is finished, as it is difficult to have a good attendance during hot weather and heavy duties.

Members of the Get-together club had a pleasant meeting at the home of Mrs. Roy Munnell on the side hill, recently, with nearly all members in attendance. There were several visitors, Mrs. Mary I. Connell and Mrs. Henry Kwin prepared entertainment for the afternoon which was in the nature of two contests. Mrs. Ada Clark won the prize in a guessing contest and Mrs. Alex Furutson succeeded in pinning a number of clothes pins on a line in the least time, winning the other prize. During the business meeting it was decided to abandon club until fall and plans were made and committees appointed for a picnic for the club members and their families at Pine Cone Aug. 11.

Max Munnell closed the afternoon by serving a delightful tray luncheon.
Herbert Kwin is here from Portland, spending the summer at the home of his brothers, Sherrell and Henry. He is enjoying his stay on the farm.
Mrs. Henry Peehler was a week and visitor with relatives at Bend. She accompanied her son and family, Mr. and Mrs. Walter Peehler in their new car.
Claude Beale has gone to Portland with a truckload of fat hogs for the Portland market. Mr. Beale has taken several loads of hogs to Portland this summer.

California may erect a shrine near San Clemente, where the first Christian baptism in the state occurred 1769.

Trousers For Women Becoming An Ally Of U. S. Cotton Industry

BOSTON. (AP)—Trousers for women are becoming an ally of the cotton industry in a fashion world which has continuously decreed short skirts during the past few years.

Bench pajamas, overalls and trousers cut sailor fashion with a pirate sash are the 1929 mode in the evolution of trousers which began with the bloomers worn by the daring few during the bicycle craze.

So widespread is the use of such garb becoming that the style advisory board of the National Association of Cotton Manufacturers suggests, in its monthly report issued here, that women throughout the country will do business for house wear and even porch and lawn use, within a year.

"The present vogue for trousers had its beginning in the bloomers worn with bicycling costumes," the report sets forth. "At that time there was a loud outcry against disappearing femininity, breaking up of the home, subservience of men, etc."

"But the entrance of women into the field of war work was a different story. It was considered a noble duty to discard feminine frivolity. The farmerette appeared, women donned overalls in factories and uniforms were almost general."

"Trousers for women during the period between 1913 and 1924 meant men's knickerbockers, worn for any possible excuse. The idea was there to stay. So fashion decided to capitalize it."

"The demand for sun and air brought the idea out in the open. In Venice, on the Lido, smart society found that it could be both smart and comfortable lying around the beaches all day in pajamas."

The latest costumes are the overalls, printed or plain, with hats of rough straw or cotton fabric. And the logical answer to men's plus fours, the stylized bellevue are the long duck or crash trousers cut sailor fashion and worn with a sleeveless tuck-in shirt and pirate sash at tennis or sailing.

ACCUSED OF KILLING
EUREKA, Cal., July 19. (AP)—George Petrini was in jail here today, charged with first degree murder, and Robert Stevens, young Klamath Indian, was dead of a gunshot wound, as the result of a quarrel over 25 cents in Petrini's bar Wednesday night.

"A GREAT CALAMITY"
STANFORD, UNIVERSITY, Cal., July 19. (AP)—Public ownership was characterized as a "great calamity which must be fought in all its phases," by Robert Newton Lynch, general manager of the San Francisco chamber of commerce in an address here.

LINER RELOADED
TSINGTAO, China, July 19. (AP)—The North German Lloyd steamer Derfflinger, which went aground forty miles from Tsingtao on Wednesday, was reloaded this afternoon.

CITY FOREST FIRE

SAN FRANCISCO, July 19. (AP)—This city experienced a forest fire in the residential district when fifteen acres of historic auto forest were destroyed by flames.

UNUSUAL ACCIDENT

LA HONDA, Cal., July 19. (AP)—San Francisco expressed an unusual accident for this motorized age when Ernest Elliott, 37, was trampled to death by a team of runaway horses.

Palatable foods are better for us

"AN IMPORTANT thing to remember about eating is that we should enjoy our food," says one of the country's eminent food scientists. "Remember that sugar is one of the finest condimental foods in the world."

He went on to explain that sugar is nature's incomparable flavor. It helps to relieve the monotony of our daily diets. It is an aid to nutrition and health because it enables us to enjoy a greater variety of foods more.

"Sugar is wholesome," he said, "and it is inexpensive. Everyone can benefit from this flavor which adds so much pleasure to many of the foods we eat."

The advice of this famous man can be carried out in planning almost all daily dishes. Fresh or cooked fruits are full of minerals, vitamins and other health elements. They are made more delightful to our taste by the addition of sugar.

The flavors of nearly all vegetables are very much improved by adding a pinch of sugar in cooking. Sugar in connection with chocolate or cocoa makes milk a delicious beverage. Most foods are more delicious and nourishing with sugar. The Sugar Institute.

Who really wants to go back to the "Good Old Days?"

Where could you find a housewife who would like to clean and fill "coal oil" lamps each day to light the house by night? Where can you find a mother who would willingly return to the old flat iron for her ironing?

What small boy would like to replace the motor of today and run the old hand-washer hour after hour on washday each week? Who knows of a husband who would prefer to swing a carpet beater and eat the dust that now goes quickly and efficiently into the electric vacuum sweeper?

Where is the manufacturer who would submit to the removal of his motor and the installation of the old gas engines of yesterday? What business man would prefer to have his store and stock shown under the flicker of kerosene lights?

The "good old days" are a happy myth—but no one wants to go back to them. Electricity and its capacity for thrifty, quick, efficient work has made the ways of living and working in the "good old days" seem like a nightmare.

Electric light and heat and power have combined to make these modern days too pleasant, too easy, too comfortable, too leisurely to consider the "good old days" except in jest. Are you getting the most out of the electric service at your disposal?
