PIRATES HOLD LEAD WITH WIN MONDAY

As Dodgers Bow 13-3 Pittsburgh Adds to Lead on Cubs.

By Herbert W. Barker (Associated Press Sports Writer) Thanks to the erratic Brooklyn dodgers, the raving Pirates of Pittsburgh have added another half-point to their slender lead over the Chicago Cubs in the grueling National League pennant struggle.

While all other major league clubs were idle yesterday, the Pirates shelled three dodger pitchers for sixteen lusty hits and scored in with a 13 to 3 victory.

Think the bush-men boasted their lead over the Cubs to a game and a half. All in the game won column, a slender enough advantage but better than none at all.

All other National League clubs had an open day and all American League teams but Cleveland and Philadelphia whose game was rained out at the Quaker city.

Mission Reds To Face Ducks This Week in Portland

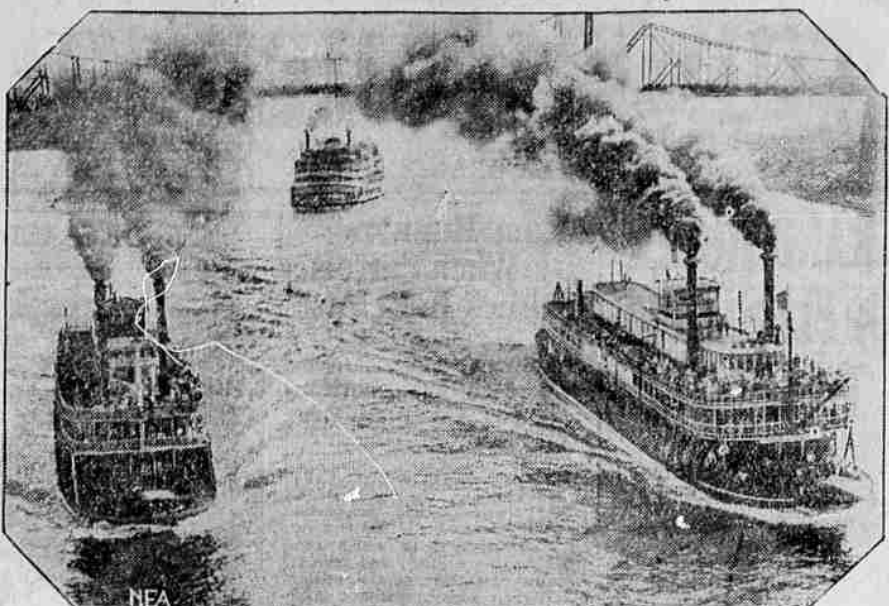

By the Associated Press Pacific Coast League clubs changed battle grounds today to resume the waning season's struggle for the few remaining 1929 honors, with the San Francisco Seals holding the lead for the second half, and the Los Angeles Angels a close second.

The Seals set a dizzying pace during the first two weeks of the new half, winning eight out of their twenty-two games, thus displacing the Hollywood Stars in the leadership.

Hollywood went north leading the league, but took a terrific beating at the hands of the reorganized Portland Ducks, losing six out of seven games that counted in the series, and winding up in fourth place.

This week the Seals play the Oaks at Recreation park, the Mission Reds play at Portland, Hollywood plays at Seattle and the badly bent Sacramento team faces the Angels in the southern city.

When the Tom Greene Beat the Betsy Ann

Here's the finish of the race from Cincinnati to New Richmond on the Ohio river between the stern-wheelers Betsy Ann, left, and the Tom Greene. The Tom Greene edged across the finish line winner by ten feet over its rival and thereby retained the 'clks' honors, symbolic of speed, won last year from the Betsy Ann. Twenty thousand people along the banks were thrilled as the buckets, with smoke curling from twin smoke stacks and the waters churning heavily, approached the finish line almost in a dead heat.

SPEEDBOATS CRASH ON LAKE MICHIGAN

(Continued from Page 1)

Witnesses saw the two boats zig-zagging as they approached each other and veer sharply as they drew together. They met head-on. The passengers were hurled into the water.

several persons from the water. Miss Hawley was credited with saving the lives of two young women.

SARINIA, Ont., July 23 (AP) - As the result of a speeding boat leaping through a small ferry on the St. Clair river, four persons were in a hospital today.

A ferry owned by Stanley Gillham of Sarinia was proceeding to Sag Island with five passengers bound for a dance when a motorboat loomed out of the darkness and tore into the ferry. It literally leaped through the superstructure of the passenger craft and tearing a path clean through continued on its course on an even keel.

The ferry was practically cut in two, the bow and stern clinging together by virtue of the keel. No passengers were injured on the ferry. One threw himself to the bottom of the ferry and escaped because the motor boat leaped over him. All four passengers on

the motorboat were injured but none seriously.

WASHINGTON, July 23 (AP) - The first collision between a steamship and an iceberg in the Atlantic shipping lanes in the last 15 years was reported early today in a message to the coast guard headquarters from its cutter, Modie, of the international ice patrol.

The British steamer Vimera, bound from Glasgow, struck an iceberg Saturday off the Grand Banks east of Newfoundland, the cutter reported, but no one was injured. The steering gear was disabled and other damage was caused, but the ship was proceeding toward port.

The message did not make it clear whether the steamer was proceeding without assistance nor did it give the destination. As far as records here show, it is the first accident of the kind since the international ice patrol was organized shortly after the Titanic disaster.

State Endorses No Traffic Instruction

SALEM, Ore., July 23 (AP) - Neither the state department nor the state traffic department has given endorsement to any system of traffic control or safe-driving instruction says a letter written by Secretary of State Hoss to Judge Robert W. Sawyer of Bend, member of the state highway department.

An agent, it appears, recently visited Judge Sawyer and showed him a safety device which he said had the approval of the secretary of state and the chief state traffic inspector.

The Three Points of True Value-Giving

No triangle is complete without three corners - neither is there any such thing as a bargain unless the three points of true value-giving emphasized above are included. Price means nothing without style and quality. On the other hand, style and quality may be too high in price. However, given the right proportion of all three, such as you are sure of in this sale, you have value-giving at its best!

Legal Suits Pile Up on Schmeling, German Fighter

NEW YORK, July 23 (AP) - The fight anti-division known as Max Schmeling had one more worry on his hand today. Already over his head in legal entanglements, the German heavyweight discovered that someone else had brought suit for a portion of Max's ring earnings in the United States. The chances are that Max won't worry over much on the theory that one more suit among so many hardly matters.

The latest claim on Schmeling's purse came in the form of a suit, brought by one Frederick Kirsch, asking for two per cent of Max's earnings. Kirsch, a Quoniam friend of Schmeling and Arthur Buclow, the boxer's reputed manager, filed an order signed by Supreme Court Justice William Black, requiring the Madison Square Garden corporation and Charles Ross, another of Schmeling's many managers, to show cause today why a receiver should not be appointed to take over two per cent of the boxer's earnings in his victory over Paulino Polidoro.

Kirsch said he had introduced Schmeling and Buclow to Ross and that Buclow has assigned 10 per cent of Schmeling's earnings to Ross who, in turn, gave 2 per cent of this to Kirsch.

All was serene until Joe Jacobs, now Schmeling's manager of choice, entered the scene. Jacobs acquired a 1-2 per cent interest in Schmeling from Buclow and 4 per cent from Ross. Possibly because the mathematical problem was a difficult one, nobody has seen to it that Kirsch got his two per cent, the plaintiff asserted.

Dog Nabs Dogs

Of course, it's a kind of a sneaky trick and all of that, but in Oakland, Cal., the city poundmaster has made a deputy of "Limsey," Australian sheep dog. The dog, gathered in two years ago, has learned the poundmaster's work and helps round up strays and keep order in the pound. Here's "Limsey" with his badge.

The IMPROVED PERFORMANCE of a MILLION MOTORS TOLD the STORY

FAR ahead of previous records...with demand still increasing at a rate that set a new pace for all motor fuels, the sudden success of VIOLET RAY anti-knock gasoline seems almost startling.

Yet there is a simple explanation of the swiftly increasing preference motorists are showing for VIOLET RAY anti-knock gasoline.

It is this: the motor-wisest and critical automobile owners of the West tried Violet Ray, and found it to be anti-knock, pure, quick-starting, full of power, economical.

The improved performance of a million motors told the story.

VIOLET RAY anti-knock Gasoline has been proven the superlative fuel for all automobile engines.

...on the lot it's ACTION!

...in a cigarette it's TASTE!

SOMEHOW YOU APPRECIATE that more with a Chesterfield.

Perhaps it's the extra fragrance—delicate, spicy, aromatic. Perhaps it's the mild sweetness, or the mellow richness and "character."

More likely it's all these, but so completely and smoothly blended and cross-blended, the standard Chesterfield method, that it seems no blend at all, but a single perfect tobacco.

In a cigarette it's taste; in Chesterfield it's "TASTE above everything"
