Wheat Markets Have Setback At End Today

CHICAGO, July 23 (AP)—Quick setbacks from early new advances developed in Chicago grain markets today in much less one-sided trading than has been the rule of late. Continued "no rain" reports from the drought region northwest were largely offset by advances that Argentine wheat is being offered in Europe at sharp discounts under wheat from the United States and Canada. Opening 1/2c higher, wheat rose a little further and then rapidly fluctuating went well below yesterday's finish. Corn and oats were relatively firm, with corn starting 1/2c to 3/4c up, and afterward maintaining strength. Provisions declined.

TWO RUM RUNNERS DIE WHEN PATROLS ATTACK IN EL PASO

(Continued from Page 1)
watching these men, Horsley said, but no direct evidence was secured. Horsley announced that a truck seized belonged to an El Paso business firm and that it was loaded with 150 gallons of liquor. Three automobiles also were taken. The cars, all of expensive make, will be used as evidence against the El Paso business men suspected of participating in the rum running game, Horsley stated.

The runners have been unusually active on the border during the last week. The gun fight last night followed a fight at dawn Saturday in which Ivan E. Scott, a patrolman, was slain by smugglers. During the fight six Americans were ambushed by more than twenty smugglers, who opened fire on the Americans. The patrolmen succeeded in driving off their assailants only after Scott had been slain.

EL PASO, Texas, July 23 (AP)—Four border patrolmen surprised a band of 29 rum runners at the Rio Grande last night and in a pitched battle killed two of them and wounded another. Five of the band were captured and three motor cars, two trucks and more than 150 gallons of whiskey were confiscated.

Decontaminating upon the rum runners in motor cars the patrolmen mounted a force near the Rio Grande banks. The rum runners opened the battle and before it ended two were killed and another wounded seriously. It was reported that several hundred rounds of ammunition were fired.

None of the patrolmen was injured. H. C. Horsley, chief of the border patrol, said that one of the men captured, a negro truck driver, confessed his part in the band's activities and implicated several others, including the man said to be the ring leader.

CLINTON PRISON QUIET FOLLOWING RIOT YESTERDAY

(Continued from Page 1)
they had breakfast. Suddenly they began to mill about, like hornets coming out of a disturbed nest. The inside guards tried to beat their way to the ring leaders, but they were overpowered. Then all the pent up passion of the prisoners flamed forth. They fired the cartridges and the walls shuddered, and crashed the dynamite and left the institution without lights or power. The prison street screamed and the whole town grasped weapons and started for the walls. The convicts formed human pyramids like circus acrobats, flinging the topmost man to the air or liberty on the wall above. The guards' guns spat and the prisoners fell back, firing back.

Seeing that the riot was a lost cause, some of the men returned to their cells and some barricaded themselves in a storeroom.

The riot lasted more than five hours.

Prison authorities saw in the outbreak a warning of what might have happened several months ago if the "speaking" of Harry Jones, an inmate, had not revealed a prisoners' arsenal of revolvers, rifles, knives and "enough dynamite to blow up the whole place." How got a pardon for his revelation and brought down on his head the threat of those he had reported to "get him inside or out."

Choral music composed by Robert White, organist at Westminster Abbey from 1876 to 1874, was sung at the Abbey by a choir of 200 July 1, after it had lain mute 250 years.

Grain Is Down Today As Stock Prices Still Soar

NEW YORK, July 23 (AP)—Reversing their trends of yesterday, stock prices moved higher today while grain prices declined. The rally in stocks, which came after an opening period of irregularity, carried nearly a score of issues, including several public utilities, to new high records. Grain in the active issues ran from one to six points and were distributed over a fairly broad list.

Call money renewed unchanged at 7 per cent. Bullish operations continued vigorously during the last hour, with the steel making notable headway. Bethlehem and Central Alloy reached new peaks and U. S. Steel advanced more than four points. Some of the rally made good progress. Although rising to its previous peak as several blocks of 7,500 to 10,000 shares changed hands, Baltimore and Ohio advanced more than 3 points to a record level. Radio, Borg Warner, American Telephone and Bondix Aviation were among issues selling up 4 or 5 points. North American was a soft spot, losing 2 points. The close was strong. Total sales approximated 2,996,000 shares.

PAIR BREAK ENDURANCE AIR RECORD

(Continued from Page 1)

450-mile journey with two drivers. The only stops were for fuel. There is ten years difference in the ages of the two pilots, Jackson being 23 and O'Brien 33. Both have been instructors at aviation schools before joining the sponsors of the flight, the Curtis-Robertson company. Jackson won the barrel-rolling contest last year when he sent a plane through 417 of the maneuvers.

FAIRBAULT, Minn., July 23 (AP)—The prayers of a mother and father were being said today asking success for Dale (Red) Jackson, Fairbault native son, and Forest O'Brien in their flight for the world's refueling endurance record.

"Just before he started the flight, Dale wrote us asking for our prayers," said his mother, Mrs. Henry Jackson. "We certainly have given them all for him." "I haven't hardly slept for a week," the father said. "Who could, with a kid like my boy up there in the clouds, challenging all air records?" Large crowds gathered downtown last night for bulletins of the flight's progress.

Get Used to Grumbler

The habitual grumbler, strangely enough, is often a cheerful man. He grumbles from habit more than from a real cause, and people, while willing enough to listen to him, seldom take him seriously. —Keweenaw

Anyhow, She Won't Be Beheaded

The fact that there is no extradition treaty between the United States and China saves Mrs. Susie Ying Kuo, wife of the Chinese sub-consul at San Francisco, from the possibility of being beheaded in her native land. Federal officers found \$100,000 worth of opium in her trunk at San Francisco. If she were deported to China she would probably meet the ordinary fate of smugglers in that land—execution by the sword. Instead federal authorities will probably seek a term of imprisonment for her. Dr. Ying Kuo and Mrs. Kuo are shown here.

Bartlett Pears Now on Market, Apricots Coming

PORTLAND, Ore., July 23 (AP)—Apricots were expected to reach their peak production the latter part of this week. They were quoted today at \$1.00 per box. The first consignment of Bartlett pears were received Monday and were selling at \$4 to \$5 a box. The watermelon price is firm at \$3 1/2 to 2 1/2. Cantaloupes show no change toward cheapness. The first part of August is expected to see both fruits quoted much lower. Smaller oranges are still low.

The East Side market of the Gardeners' and Ranchers' association had another busy morning. Many truckloads of produce came in before daylight, but before 6 o'clock supplies had been cleaned up. The demand is evidently running hand in hand with production and prices are keeping an even keel. Kentucky wonder beans have made their appearance at 10 and 11 cents a pound. Cucumbers were cheaper at 35 cents a box. Squash was higher at 75 and 85 cents. Asparagus, with the season about ended, sold at \$1.75. Pie cherries were up to 9 cents. Cabbage ascended to \$1.50. Peaches were firmer at \$1.25. Strawberries and currants have disappeared. Other prices were: Peas: 4 1/2; beans \$5.9; yellow corn 60; white corn 50; beets, carrots and onions 25; turnips 45; radishes 20; lettuce \$1.9 to \$1.10; celery 90; celery hearts \$1.50; Bing cherries 10; potatoes 3 1/2; tomatoes \$2.50; raspberries \$2.25; blackcaps 32; logans \$1.50; apples 22; apricots \$1.

"Journeyman" Defined
The word "journeyman," according to the best information, is derived from the French word "journee," meaning a day. Therefore the "journeyman" is in reality a "day man" and may be defined as applying to one who, having served his apprenticeship to a handicraft or trade, is prepared to work at it for a day's wages.
