**Mabel E. Doy, Librarian**  
A few new and interesting books which have been put into circulation just recently at the Public Library:

"Jungle Paths and Inca Ruins," William McGovern. Treasure hunting among the marvelous Inca ruins and keen hours of dangerous living in the jungle.

"Modern Fish and Fly Casting," Oscar Ripley. Any amateur should be able to lure the fish after reading this new book on fishing. Mr. Ripley discusses the latest methods of scientific angling.

"My Philosophy of Industry," Henry Ford. "Henry Ford's beliefs and prophecies about men and the machine are here set forth in a wholly individual and revealing fashion."

"White Peaks and Green," Ethel Romie Fuller. A first book by a Portland woman whose "poems embody a thrill of adventure, a feel of beauty, a tang of mountain air."

"Intentional Charm of Men," Frances Lester Warner. Miss Warner seems to find the male of the species highly amusing, especially in his domestic aspect, ministering to the furnace and putting out the house.

"The Tragedy of Edward VII," W. H. Edwards. "His tragedy as the author sees it, was his royal birth, the fact that he had no normal childhood, no personal freedom, and was withheld from exercising his great gifts, both personal and political, till too late in life."

"Lotus and Chrysanthemum," Joseph French, ed. An anthology of Chinese and Japanese poetry. One should dip into this volume first for pleasure and second for a deeper insight into the Oriental mind.

"All Quiet on the Western Front," Erich Maria Remarque. Those who read all the editorial in the recent number of the Observer will want to read this new war story.

**League Again Wins Efficiency Award**

Members of the Epworth League of the First Methodist church returned home from the annual Epworth League Institute, the first of the week very much elated over the fact that again this year they have won the efficiency banner, which was in their possession all of last year. The local chapter under the leadership of George Moore, president, ran up a total of over 200 points in the contest which included all the cities and towns of eastern Oregon and southern Idaho. Some of the things which made points were increase in membership, attendance at the devotional meetings and the church services, study work, public service rendered and the successful carrying out of the 24-hour day program, which means that each member of the chapter contributes a certain sum daily for missions.

The institute this year was reported as having been exceptionally good with the registered attendance being around 250. On account of an automobile accident, Bishop Wallace E. Brown of Helena, Montana was unable to be present Sunday as had been announced but his place was ably taken by Roy E. Bier, of the central office in Chicago. Henry H. Meyer, of Cincinnati, Ohio, who was formerly head of the publications of the denomination was present all during institute and conducted classes daily.

Whitey Will, the old Yankee star now pinch hitting for Hendrix, has been leading the International league with a batting average of .457.

**CHICAGO CUBS TOP NATIONAL LEAGUE**

Burly Wilson Puts 'Em There With His Big Bat.

By EDWARD J. NEIL, (Associated Press Sports Writer)

The Chicago Cubs, hard fighting crew, are back in first place in the National league today, prodded there by the toughest fighter of them all, burly Hack Wilson.

For it was "Hackenschmidt," with an architectural style that resembled a quarter section of a fortress wall, who crushed the New York Giants with his big bat yesterday after even the elements had seemed to conspire to keep intact a slender one-point margin of the leading Pirates.

The struggle was already for the graceful ascent of the Cubs into first place when things began to happen that called for sterner, brawnier methods. For the second straight day, the unloved Brooklyn Robins, going nowhere in particular but mighty pugacious about it, swarmed all over the Pirates and beat them 6 to 4.

Everything was peaceful at Wrigley field, with Guy Bush, ace of the club staff going nicely, the Cubs ran up a lead of 4-0 on the Giants by the time the sixth inning rolled around. Rogers Hornsby hit one homer off Jack Scott, his 20th of the season, and Hack got another his 24th. Everything was under perfect control from a Cub standpoint.

After a wild sixth inning with an attendant thimble and rain storm, the Giants were leading by a 7 to 4 score. But John McGraw's discarded chickens have a habit of coming home to roost—right on his neck—at such times as these. It was the matter in mind who sent Hack Wilson to Toledo in 1923 after three previous seasons with the Giants. Hack waited until the seventh when Heintzschel and Hornsby singled and then smothered his second homer of the day into the center field bleachers. These three runs evened things. A walk, sacrifice, and McMillan's single gave the boys from the pinnacple ahead an 8-7 victory and first place by half a game.

The rampaging Robins, roughly representing the Chicago cause, launched their hit at Frankie Morris—a relation of Eddie McKeen—while Bill Black held the Pirates in check. Babe Herman weighed in with two vital triples. Lloyd Waner flaked his chance to be a hero by flying out with three on and two out in the ninth.

The remainder of the National league battle was interesting but inconclusive. While the situation along the American league sector remained unchanged with the New York Yankees and Philadelphia Athletics winning the day's honors, the A's kept their ten game lead intact by downing Cleveland 5-2, behind big George Barnhart's sterling hurling and the Yankees swept up from behind to edge out Detroit 7-5. George Cole threw against Herb Pennock, the Yankee southpaw and both were hit hard. Jimmy Fox landed his 20th homer for the A's and Bill Dickey, Yankee kid catcher, hit a homer and three singles.

Bill McKenchie came back to the St. Louis Cards from the Rochester farm to reap his reward for managing the Red Birds into a pennant last year and started off nicely. The Carl downed the Philadelphia 6-4 when Walter Reuther, right fielder, hit a homer with the bases full in the sixth and Jimmy Wilson got another with Reuther aboard in the eighth.

The Boston team struck blows for the home folks both home and afield. The Braves bested Cincinnati 5-2 and the Red Sox took the St. Louis American 9 to 7. Bob Faye won a pitching battle with Alphonse Thomas as Washington edged out the Chicago Americans, 7 to 2.

Franz Denker, bike racer, was knocked insensible in a local accident. Four days later he went out and won a 20-mile motor paced contest.

**MEXICAN FAMILY FOUND DEAD ON DESERT STRETCH**

BLYTHE, Cal., July 25, (AP)—Out of the desert fastness today had come a meager story, telling of the tragic death, apparently from thirst, of an entire Mexican family of seven.

Reports brought to Ben White, chief of police here, by a party of six Mexican boys, stated that the bodies, believed to be of Enrique Armenta, his wife and five children, were found scattered about their disabled automobile near a seldom used mountainous desert road, 22 miles south of here.

The youths said the radiator of the car, a small sedan, was empty. A pair of pliers lay on the ground beneath and the tap was open—evidence that the last drop of water apparently had been drained from the machine by the family to quench their thirst.

The bodies were scattered at various distances from the car, with tracks leading in ever direction, indicating the frantic

search they staged in an effort to stave off death from the scorching desert sun.

Wiley's well, the only water hole in the desert waste lands region, which was six miles distant, apparently was not found. It was estimated by the youths that the family had been dead for more than two days.

C. L. Gilbert, sheriff of Imperial county, sent deputies to the scene of the tragedy immediately after the reports were received here. They returned early today to substantiate the story of the Mexican youth.

No major league ball games in New York are broadcast. And the metropolita magnates hold that the radio is hurting the attendance in the cities broadcasting the games.
