Trouble Follows Effort of Actor Equity to Control

LOS ANGELES, July 27 (AP)—Tension in the employment situation of talking motion pictures had tightened today as a result of two distinct developments yesterday, a physical encounter at a Hollywood studio, and a court citation against a producing company, both of which were outgrowths of the attempt by Actors Equity association to establish closed shop in the industry.

Two men were dragged from an automobile and a hundred dollars worth of film destroyed by war veterans working in a picture at a studio when alleged sympathizers with Equity created a demonstration by holding and hissing 150 ex-service men as they were leaving the lot.

Charles Adams, head of the motion picture division of the Central Employment Bureau for Veterans, who had engaged the ex-service men, was in the studio when the demonstration occurred. He said two of three men who hissed the workers, were taken from their machine, while the third, a man in advanced age was unimpeded.

When he obtained the names of the three men they admitted, he said, that they were members of Actors' Equity association. The ex-service men took a camera from the studio and destroyed the film in it.

Charles R. Miller, president of the association, said he had heard nothing about the disturbance. "If such a thing occurred," he said, "it was not inspired by any member of our association. Our campaign has been conducted in a dignified manner and we expect to continue along that line."

The court action came when Superior Judge Elliot Craig ordered Warner Brothers Motion picture corporation into court. August 2 to show cause why an injunction should not be granted after Equity filed an amended petition in its suit against the company and Tully Marshall for \$1,000,000, charging the organization and actor had entered into a contract in violation of Marshall's Equity membership contract.

The complaint of Equity was that Marshall had agreed not to work with actors who were not members of the actors union. Judge Craig declined to issue a temporary restraining order against the motion picture company.

The Actor's Equity association has forbidden any of its members to sign contracts with motion picture producers who employ non-members of the association.

Walker Co-Pilot On Cross Country Endurance Flight

SPOKANE, Wash., July 27. (AP)—Lieutenant N. B. Namer today chose Art Walker, veteran pilot and motor expert, to be his co-pilot on the proposed coast to coast endurance flight.

Walker, formerly a national guard flier in the 41st air service squadron, a military unit located at Falls field, has had much commercial flying experience. Namer said that Walker's experience with the Wright motor and his slender build were the deciding factors in the choice.

Backed by a group of business men, Namer planned his transcontinental endurance flight to test the feasibility of refueling for commercial flights rather than to establish a new record, adding that "of course, it is always nice to establish records of any kind."

He planned tentatively to fly from Spokane to St. Paul for the first refueling. From St. Paul he expected to go to Cleveland for the second refueling, thence to New York, Washington, back to Cleveland, Omaha, Salt Lake, San Francisco, Portland and Spokane. He had not decided whether to continue on the transcontinental schedule after the first stop or to circle over Falls field until his plane or motor gave out. He planned to use a Buick air sedan for the flight and a Ryan for the refueling plane.

PIRATES HAVE BAD LUCK—CUBS AHEAD

Paul Waner and Grantman Injure Each Other in Collision.

By Herbert W. Barker (Associated Press Sports Writer)
Donnie Bush, fiery little leader of the Pittsburgh Pirates, is having a lot of luck these days but it's all bad.

A formidable hospital list has so crippled the Corsairs in recent weeks that it will take all Donnie's skill to jockey his lineup around so that the Pirates remain within hailing distance of the Chicago Cubs, current pace-setters in the National league.

The Pirates sailed along in serene fashion until Pie Traynor was hurt in Philadelphia. Then Burchell Grimes, ace of the pitching staff, suffered a dislocated thumb, George Grantman bobbed up with a lame shoulder and in yesterday's battle with the Boston Braves, Grantman and Paul Waner collided as both chased a short fly and were so badly shaken up they had to retire from the game. The collision did Grantman's shoulder no good and "Pie Traynor" threw a bruised leg and arm that may keep him out of the lineup for several days.

Notwithstanding the loss of two of their most effective batters, the Pirates rallied in the ninth to nose out the Braves in a knock-down and drag-out battle 9 to 8. The Braves had scored three runs in their half of the last frame but the Corsairs tied up the game on Clark's homer and scored the winning run on a single by Pinch Hitter Ervin Prange.

The Cubs maintained their one-game lead over Pittsburgh by trouncing the Phillies, 13 to 10 in a game in which 35 safe hits were scored, 17 for the Phils and 18 for the Cubs. The Phils scored seven runs in the first two innings, four of them coming over on Chuck Klein's 31st homer in the second inning with the bases loaded. But the Phils couldn't hold this lead.

The league leaders clustering 11 hits for as many runs in the third and fourth innings. Cliff Heathcote, substiting for the injured Cuyler, got five hits in as many times at bat.

Showing a further return to form, the St. Louis Cardinals downed the New York Giants for their fourth straight victory, 4 to 3, and advanced to within two games and a half of third place.

Jackie May let the Brooklyn Dodgers down with six hits and Cincinnati trotted off with a 4 to 1 triumph.

In the American league, the Philadelphia Athletics retained their 19 1/2 game lead over the

Seals And Angels Race For Honors In Coast League

By the Associated Press
Los Angeles and San Francisco were the chief rivals today in the race for final honors of the 1929 baseball season in the Pacific Coast league, as a result of yesterday's activities. The Seals defeated the Oakland club 16 to 7 at Recreation park in order to maintain their one game lead over the Angels for first place in the standings. The Angels matched strides by defeating the Sacramento Senators 11 to 5 in the southern city.

The Seals gained their victory by rallying briskly in the eighth inning and putting over six runs. They landed on McEvoy, Kuschel and Dumovich in turn as they took the mound in the same inning. Thurston was hit for five runs in the four frames he pitched for the Seals.

The San Francisco Missions made it three straight over the Portland Ducks in the north by winning 8 to 4. Casarella got himself into hot water by wild pitching in the early stages. The work of Fuzzy Huff spelled defeat in itself for the Ducks. Fuzzy brought in five runs all by himself. The Reds bagged eight hits, the Duck 10.

Seattle won from Hollywood 3 to 2 in the Northern City. A run was forced in the sixth with the bases loaded, when Kallio, Seattle, was beaned with a pitched ball. He was unhurt. The same thing happened again in the seventh inning when Falk was walked with
