RESOLUTION ON HIGHWAY GIVEN COURT

Lions Club Calls Attention of Commissioners to Proposal.

COUNTY PROMISES AN INVESTIGATION

Project Would Link Pendleton and La Grande Via Starkey With Outlet to Grant Co.

A resolution from the La Grande Lions club, asking that the county commissioners investigate a proposed scenic loop highway from La Grande to Pendleton via Starkey...

The resolution was presented by George Huntington Curry and S. L. Thompson, members of the club, and the county court assured them they would give it their best thought and consideration.

Audit Bills in Morning. Besides Judge Couch, both Commissioners W. R. Ledbetter and W. W. Stevens were in attendance. This morning was spent adding bills.

The court session is not expected to be completed before tomorrow afternoon.

The resolution from the Lions club follows: "Whereas there has long been a recognized need for a highway connection from Union county into Grant and other Central Oregon counties;

"There has recently been a proposed scenic loop highway from La Grande to Pendleton via Starkey which would intersect an improved highway to Grant county at Ukiah;

"And, whereas, due to the many interests that would be benefited by the improvement of such a loop, it is understood that the financial co-operation of Union county, the forest service, the state highway department and Union county might be secured;

"The Lions club of La Grande respectfully requests your honorable body to investigate the organization of such a co-operative plan of constructing said highway. Respectfully submitted, (Signed) Jack R. Perrie, President, George Huntington Curry, good roads committee chairman.

Girl Gives Life To Save Brother

HULTYMINSON, Kas., Aug. 7 (AP)—The rule of a heroine was given early to Louise Wiley, 6. Because of that, her brother, Ray, 5, is alive today, but Louise is dead. The children of Cliff Wiley were playing about the roof of a garage behind their home here yesterday. Ray touched some sagging light wires. He couldn't let go. Screams brought neighbors, one of whom ran in search of a rope. Little Louise didn't want to wait. She seized her brother and shook him loose from the searing line. The shock hurled her against another wire of higher voltage and she was killed.

Two Defenders Of Young Plan Voice Opinions

THE HAGUE, Netherlands, Aug. 7 (AP)—The Young Reparations plan, which came in for heavy attack by Philip Snowden, British chancellor of the exchequer, at yesterday's opening sessions of the reparations conference had two defenders today in the delegates of France and Italy.

Henri Cheron, French finance minister, and Senator Masconi of Italy, both took the position that the new system of reparations payments and the new schedules of annuities were elaborated by the experts at Paris with great care and for the greatest difficulties and must be approved if the present conference wants to get on with its mission of taking the thorns out of European politics and liquidating the last problems left over by the World war.

The French finance minister insisted that France had made repeated sacrifices in order to facilitate a compromise on the reparations problem and had reached a limit which she could not pass.

Republicans Fail; Montet Is Elected

NEW ORLEANS, La., Aug. 7 (AP)—The democratic solidarity in Louisiana withstood the stubborn republican attack in the third district when Numa Montet, lawyer of Thibodaux, was elected to fill the unexpired term of the late Representative Withmell P. Martin over M. E. Norman, republican banker of Morgan City in yesterday's special election.

Despite the republican drive directed from national headquarters with the tariff the dominant issue, the democrat came through with a majority that may reach 2,999.

Mr. And Mrs. Allen Wright Initiated Into Neptune's Court On Way South

Brown skinned diving boys of southern islands, exorbitant rent in Rio de Janeiro, the motley population and deep narrow streets of the coral-formed island of Barbados, and a Fourth of July party on shipboard—these are some of the things Mrs. Allen Wright describes in a letter received here recently by her parents, Mr. and Mrs. W. E. Osterling.

Mr. and Mrs. Wright and their little son, Allen Jr., are now living in Rio de Janeiro where Mr. Wright has an engineering position. They left here on the 12th day of June and were on the waters 16 days. Mr. Wright was with the Eastern Oregon Light & Power company while in La Grande. That they are finding the experience of living in South America a most interesting one is shown by the excerpts from Mrs. Wright's letter which follows.

DR. JAMES SNOOK IN WITNESS CHAIR

Life History Related During Murder Trial in Columbus Today.

COLUMBUS, O., Aug. 7 (AP)—Dr. James H. Snook today told the jury in his first degree murder trial the story of his three-year love affair with Thelma HIS, the medic-coed he killed last June 13. It was a story that detailed their friendship that grew to intimacy and ended on a lonely rifle range near the edge of the city where the girl's body, battered and slashed, was found the day after she was shot.

Dr. Snook was as calm a witness as has occupied the chair in the trial. He went to the witness chair after his wife, Mrs. Helen M. Snook, and his 67-year-old mother, Mrs. Abner Snook, had faced the sea of faces in the crowded court room to tell their belief that in the last few years Dr. Snook had changed.

Both women kissed him before they took the stand and his wife remained at the defense table until he started to testify.

The wife who refused to desert him after he was arrested for the killing of "the other woman," testified that she had no knowledge of the affair between her husband and the girl.

She was the first to testify and (Continued on Page 5)

Barbados Harbor Lovely

"We anchored in the harbor at Barbados about five in the morning and it surely looked beautiful. So green and fresh, with a lovely beach. It was early and one of the men had field glasses so I had a very good look at the island. We had only been up a short time when the diving boys started out from shore and we were soon surrounded. They all shout at once, 'Throw us a dime, Mistress,' and are always quite busy diving after coins. But presently the breakfast (Continued on Page Three)

Police Chief Hopes To Solve Parking Problem

Reiterating that little could be accomplished without the cooperation of La Grande citizens, presenting some figures relative to overnight parking, and advancing a suggestion to partly solve the problem, Police Chief Clint Haynes gave his ideas today on the current parking conditions in La Grande.

Mr. Haynes believes that if it were possible to secure part of a block on which out-of-town cars could be parked under police guard during shopping periods Saturday night, this would go a long way toward relieving the present situation. His ideas would be to secure any available property close in, keep a police officer on hand to direct traffic, and reserve the portion entirely for cars belonging to out-of-town shoppers unable to find convenient parking places on Adams avenue.

Mr. Haynes presented figures for Monday and Tuesday nights, showing the number of cars parked down town over night and giving the percentage of La Grande automobiles in the group.

On the night of Aug. 5, there were 79 cars parked on the streets after 2 a. m., of which 20 were La Grande cars. Twelve were from Washington, three from California, three from Idaho and two from Texas.

On the night of Aug. 6, there were 78 cars parked after 2 a. m., of which 22 were La Grande cars. Twenty-three were from Washington, eight from Idaho, two from California, one from Minnesota and one from Utah.

He said that of the score La Grande cars parked Tuesday evening, most of them had also been parked on the streets Monday night, indicating that their owners were using the streets in lieu of a garage.

"The people of La Grande are (Continued on Page 3.)

Gov. Patterson And Executives Inspect Valley

GRANTS PASS, Ore., Aug. 7 (AP)—A party of state officials headed by Governor I. L. Patterson, traveling as a state land board, today was enroute to Salem after inspecting 24,000 acres of marsh land in Warner valley near Lakeview, Lake county. Title to this land was recently acquired by the state from the national government after many years of litigation. The United States finally decided in favor of the state.

While immediate disposition of this area has not been determined it was agreed that the soil was well suited for hay and for grazing purposes.

"The land will not be opened for homesteading," Governor Patterson said. "We have been making a survey and inspection for purposes of appraisal. The land is to be leased to stock men by the acre. All of these details will have to be worked out later."

With the chief executive were Hal E. Ross, secretary of state; Sam Koser, director of the state budget; James R. Stewart, state land officer; W. Z. Sandhill, traffic department.

MAJOR FIRES YIELDING TO ARMY OF MEN

Conflagrations Appear to be Facing Defeat in Three States.

MORE RECRUITS ARE MOBILIZED

Man Seriously Burned Yesterday in Rainier Forest—Chelan Blaze Burning Fiercely.

SPOKANE, Wash., Aug. 7 (AP)—The plague of fire that mocked great armies of fighters for two weeks today seemed to be facing defeat on fronts that extended through parts of three states.

After having ravaged unknown thousands of acres in Montana, Idaho and Washington, several hundred blazes in a dozen national forests were being subdued by a combination of weather and efforts of forest department crews, timber protective association men and volunteers from towns and farms either menaced or destroyed by the conflagrations. While the exact area of these fires was unknown, compiled reports indicated that it would be considerably more than 25,000 acres, with losses running into millions of dollars.

The stubborn Pack river fire which for a time menaced the water supply of Sand Point, Idaho, while it was burning over more than 8,000 acres, was reported still defiant last night, but less dangerous. The central Idaho region, embracing the Selway, Clearwater and Nez Perce national forests still had one major blaze out of control.

That was the Bald mountain fire, which was shrieking through valuable timber with 170 fighters powerless to stop it. More recruits were being rushed to the front.

CHINESE FOLLOW CHICAGO METHODS

Hip Sing Tongman is "Put on the Spot" in Latest Shooting.

CHICAGO, Aug. 7 (AP)—Just as the troubled fire of long warfare was being cleared with news of peace negotiations in New York, a shot rang out in Chicago's Chinatown last night and Joe Wai, a Hip Sing tongman, fell seriously wounded.

The usual Oriental methods employed by tong gunmen were discarded by Wai's assailants in favor of the typical system of the Chicago gangster. Wai was "put on the spot" by a supposed friend who led him into the hands of three enemy tongmen. He was forced to accompany them to an alley, then shot in the back.

Chin Jim, member of the On Leong tong, was named by Wai as the man who shot him and was being sought by police.

Police believed another shooting was narrowly averted when Chin Bing, a Hip Sing tongman, was captured as he approached the home of Willie Lee, On Leong tong leader, with a loaded pistol in his hand. Bing, believed to be an imported gunman, was seized by police guards who had been ambushed around the Lee home since the tong trouble started Sunday.

Two Prisoners Killed In Break From State Pen

Group From Lansing, Kan., Finds Convict Party on Highway, Gun Battle Follows.

LANSING, Kan., Aug. 6 (AP)—A daring break for liberty at the state penitentiary here yesterday cost two long term prisoners their lives and sent a third to the prison hospital with a fractured skull. One guard was wounded.

The dead were William Webb, 39, and Robert Collins, 39. J. B. Knight, received a fractured skull in a hand to hand encounter with R. H. Hudspeth, deputy warden. W. L. Heslop, the guard, was shot in the left leg.

Three other prisoners who made the break for freedom were captured two hours later in the Lansing stockyards less than half a mile from the prison. They were: John Edwards, Alias L. E. Jenkins, 33; O. G. Shultz, 35, and Charles Cheatham, 37. All the men were serving terms ranging from 15 years to life.

The break occurred at 4 p. m. when the men were brought out of the prison coal mine. The first of approximately 400 convicts to reach the surface, they produced pistols that presumably had been smuggled in to them and captured four unarmed guards and four other prisoners whom they used as a shield against bullets to gain a gate in the prison wall. The convicts forced the gate and emerged in the open to be met

Some of those who have booked passage from here will not make the flight around the world but will disembark at the first stop, Friedrichshafen, Germany, the Graf's home port.

Democrats Name Smith Man For Executive Race

RICHMOND, Va., Aug. 7 (AP)—Dr. John Garland Pollard, who stamped Virginia for Alfred E. Smith and is generally regarded as among the Virginia democratic leaders Bishop James Cannon Jr., of the Methodist Episcopal church south, asked anti-Smith democrats to repudiate, was swept into the democratic nomination for governor of the old dominion in a political landslide in yesterday's democratic primary.

Dr. Pollard, a professor of the College of William and Mary, had led up a tremendous majority over his two primary opponents, G. Walter Mapp and Rosewell Page on the basis of unofficial returns from 1,302 of the state's 4,481 precincts. The vote stood Pollard 37,497; Mapp 25,769; Page 3,882.

In his campaign against Dr. William Moseley Brown, nominated for governor by anti-Smith democrats, and other political leaders believe Dr. Pollard will have the staunch backing of the entire democratic party.
