

### North Carolina Mill Workers In Pitched Battle

MARTIN, N. C., Aug. 19. (AP)—One man was badly beaten and several others sustained bruises when 1,600 strikers at the Clinchfield cotton mill here early today prevented four hundred non-union men from returning to work in the mill.

Superintendent Henderson of the mill was badly beaten with blackjacks and clubs wielded by strikers and strike sympathizers on picket duty at the mill.

"Bring your troops" she shouted almost in unison.

Albert Hoffman, organizer for the Union Textile Workers of America who has been counselling peace, attempted to prevent trouble but he too was hooded down.

The strike at Martin has been on about six weeks. At first a comparatively few workers went out. Then the plant was closed down. Two weeks ago an attempt was made to take a number of non-union workers into the mill and a fight occurred which resulted in the arrest and fining of a dozen strikers.

**Attack Advance Guard**  
The disorders occurred at 5:15 o'clock this morning when pickets are alleged to have attacked the advance guard of workers attempting to enter the mill which has been idle for several weeks.

Immediately afterward Nat A. Townsend, executive counsel for Governor O. Max Gardner, who was sent to Martin Saturday by the governor to watch the situation this morning, telephoned Major Eugene P. Coston of Asheville to mobilize the Asheville national guard forces and come at once.

### Close Irregular In Stock Market

NEW YORK, Aug. 19. (AP)—The stock market, having advanced rapidly into new high ground last week, today ran into some selling particularly in the oil shares. But this was offset by a resumption of bullish operations in a select assortment of public utility, steel, electric equipment and railroad stocks.

The selling was inspired by the belief that the technical position of the market had been weakened and that a corrective reaction was in order.

Stimulated by the advance in steel, which reached 246 1/2, a rise of 5 points to a new high, a wide assortment of stocks developed marked buoyancy in the afternoon. Commercial Solvents ran up 14 points to 49 1/2, American & Foreign power 7 1/2 to 15 1/2, and American can 5 to 18 1/2, all record prices. American tobacco, Fox Film, International Harvester and Philadelphia Company all advanced between 4 and 5 points. The close was irregular. Total sales approximated 4,000,000 shares.

**Wheat Drops In Chicago Market**  
CHICAGO, Aug. 19. (AP)—Wheat prices underwent a decided setback today, especially in the late dealings. An increase of 13,355,000 bushels in the United States wheat visible supply acted as a weight on values and the market showed an overbought condition. Traders appeared to give more attention than of late to the impending movement of domestic spring wheat and to accumulation of supplies at terminals, although receipts of wheat today at domestic primary points were only 4,315,000 bushels against 6,024,000 bushels a week ago.

**POULTRY**  
SAN FRANCISCO, Aug. 19. (AP)—Cattle and calves: opening slow; she-rack generally weak to 25c lower with spots 50 cents off. Hogs: good \$9.50@10.00; common \$8.50@9.00; cows, good \$8.50@9.00; common \$7.50@8.00; butte to medium \$6.00 @ \$7.75. Calves, medium to choice \$10.00@12.50; calf to common \$7.50@10.00; vealers, milk fed, good to choice \$12.00@14.50; medium \$11.00@12.00; calf to common \$8.00@11.00.  
Hogs: opening fairly active; about steady with last week's close to 15 cents lower; receipts 2425; including 146 billed through heavy weight \$11.00@12.75; medium weight \$11.00@13.00; light weight \$12.75@13.00; light lights \$12.00 @ \$13.00; packing sows, rough and smooth, \$9.00@10.00; slaughter pigs \$12.00@12.50; feeder and stocker pigs \$12.50@12.75. (Soft or oily hogs and roasting pigs excluded in above quotations.)

**What an Investment Really Is--**

Someone has defined an investment as the careful loan of your money among one or more business enterprises or individuals, with or without specified security, either at known or unknown rates of interest return.

In that case, a Certificate of Deposit in a bank is an investment—loan your money to the bank at 4% payable practically on demand. A public utility bond is an investment—loaning your money to a light and power company, a telephone company, at some stated rate of interest, payable at some future time.

The important thing in making a loan—in investing money—is, therefore, to know how quickly you can withdraw your money in an emergency, how much interest it will earn, how certain you can be that your money will not be lost.

Your banker is naturally in the ideal position to tell you these things. If he hasn't the information you require, he can get it. His experience and his judgment are invaluable to you in making an investment decision. And he is always glad to be of service to you.

The eastern turning point on its trans-continental non-stop round trip flight.  
The plane, piloted by Nick Mauer and Art Walker arrived over this field at 3:45 p. m. Eastern Standard time yesterday, having been in the air 65 hours and 47 minutes since it left Spokane at 5:28 p. m., Pacific time, Thursday. It had covered 3,600 miles.  
The fliers, who are seeking to establish a distance record for refueling endurance flights, hovered over the field two hours taking on gas, oil, food and other supplies then turned westward toward Cleveland, the next refueling point.  
The pilots dropped several notes while over the field, in one of which they expressed delight at arriving over New York and declared they were tempted to land here. They also dropped a message of greeting sent to Mayor James J. Walker from Mayor James Rolph of San Francisco.  
The Sun God then headed toward Cleveland with Captain Frank Hawks, holder of the trans-continental speed record piloting a guide plane as far as Bellefonte, Pa.
