

Fine Quality Of Fruit Produced In Wallowa Co.

By Mrs. William Wiegman (Observer Correspondent)
LOSTINE, Ore. (Special)—Wallowa county is fast coming into her own. As fine fruit as ever was grown has been raised near Lostine this year. J. D. Cook harvested and sold between 1000 and 1250 gallons of the finest strawberries at the price of 75c per gallon. Now they are harvesting a wonderful crop of raspberries, black caps and blackberries. This farm is situated six miles up South Fork and is on the west side of the river, an ideal farm for fruit growing. On the Cousins Bros. ranch 1 1/2 miles west of Lostine was harvested one of the finest cherry crops. Royal Anns, Bing, Lambert, Black Republicans and May Duke cherries. This is on the same stone as the Cook ranch and with a little effort on the part of the ranchers a commercial enterprise could be started in all kinds of fruit.

J. S. Wagner, of Enterprise, had the misfortune to slip on the rocks while fishing Saturday and ran a snag up through his chin which pierced his mouth. He pulled it out and drove to his home where a physician was called to dress the wound. Uncle Jake, as he is familiarly called, is 79 years old and is an ardent fisherman.

K. B. Heasty, who is the mechanical superintendent of the telephone company had the misfortune of receiving two serious injuries this week, one when a small wire pierced his eyeball and then a limb of a tree which he was working on struck him in the head, knocking him unconscious for several hours.

An auto wreck which might have proved serious occurred on the Wallowa Lake road Saturday afternoon when the E. V. Lorenz car turned over four times and landed 20 feet below. Mr. Lorenz and his wife and three daughters were in the car and escaped with only minor bruises. The steering wheel became jammed and he was unable to guide the machine. Mr. Lorenz has had previous trouble with the steering wheel and had it adjusted.

A deal was consummated this week in which Edward and Lyle Hammock sold the place known as the Houser farm west of Lostine to Mr. Heavis and Mr. Arany, both of Lostine. The farm machinery and stock were sold for \$14,000 and was one of the finest farms in the valley.

Oscar Shafer suffered a very painful injury when his left hand was caught in a silage cutter, severing his fingers. It is thought, however, that they will be able to save all of the fingers.

John Berger, of Zumwalt, was very painfully injured when his horse stumbled and fell, pinning him down with the horn of the saddle. His chest was crushed and his neck badly wrenched. It is considered quite remarkable that he did not receive greater injuries.

Death claimed another Wallowa pioneer Thursday evening when J. G. Henderson was called beyond. Mr. Henderson was 83 years old and leaves a wife and six children. Mr. Henderson lived in Union county for a number of years, having had a farm in the Pine Grove district, after which he moved to Wallowa where he has since lived. A fire destroyed an empty house owned by Mr. Hambleton at Lostine a week ago. The building was covered by insurance.

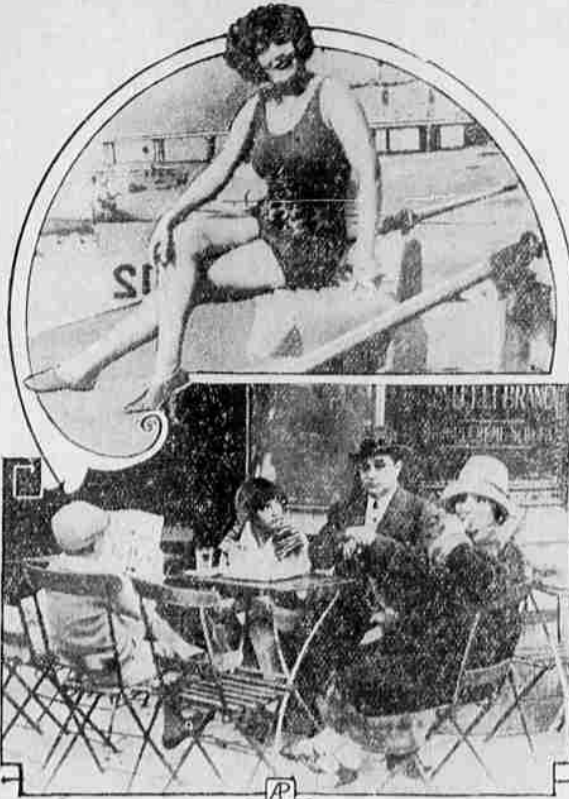

A son was born to Mr. and Mrs. Elmer Osborn Aug. 7 at the Wallowa hospital. Both mother and babe are reported to be doing nicely.

Mr. and Mrs. Claude Johnson, of Salem, Mrs. Sallie McCubbin and Mr. and Mrs. Everett McCubbin, of Enterprise were guests of Mr. and Mrs. W. B. Hunter Wednesday. George Childers had the misfortune of losing both of his white horses Friday. They had wandered up the South Fork river and strayed into a stack of poison wheat which had been placed in a garage. The horses were only about 10 feet from the poison when they fell dead.

Edith Greenough and Ed Cooper, of Lostine, were married in Enterprise Sunday evening. They left for a honeymoon trip through Idaho.

Wife desertion has been made a felony in Texas.

Famed Opera Singers

Leonora Corana (above) of the Metropolitan Opera frolics on the beach at Rimini, but she adds work to her play. Beniamino Gigli, shown with his family, also on vacation in Italy but is not loafing.

BEFORE THE MIKE

 KSL (1120kc) 7:30, trio; 8, male quartet; 9, studio program; 10, dance orchestra.

A BARREL IN ONE
 BURLINGTON, N. C. (AP)—Cabbage and plenty of it, all in a single wrapper, was exhibited here by Arthur Ross, who showed a head weighing 23 pounds and measuring 40 inches in diameter. The cabbage was presented to John Terrell, rural mail carrier, who said he would make it into a barrel of sauerkraut.

Must Use Horsehair
 The Etude says that materials other than horsehair for violin bows have been tried, but none has proved satisfactory or come into general use.

Delicious Foods Require Good FLOUR

—But Not Expensive Flour

Are You Spending More Money Without Getting Any More In Flour Value?

It doesn't require extra money to provide better meals. No matter how much and how expensive materials you may buy, the food you put on the table might be a distinct failure.

It does matter, however, WHAT materials you buy and how you use them. The test is in the kitchen—not in the price—and that's why FEDERATION FLOUR is used and recommended in The Observer's Cooking School each year by Mrs. McLean. Milled in our own valley from selected hard wheat—every sack guaranteed.

GREAT FOOD FOR THE YOUNGSTERS!

High nutrition value makes Federation Flour ideal for bread and pastries—and wonderful baking qualities make it ideal to use. If you watch the diet of your children carefully, you'll give them lots of strength-giving, wholesome bread and rolls baked with Federation. It's economical to buy and to use—more loaves to the sack!

TRY

FEDERATION FLOUR

There are other brands of flour, milled at distant points and shipped in at high rates, that cost the Union county housewife more than Federation. But higher price doesn't make higher quality—as laboratory tests prove. Mrs. McLean specifies Federation Flour at the Cooking School—and the results are evidence of quality flour well handled.

GET A SACK TODAY — YOUR GROCER HAS IT!

"Don't Say Flour -- Say Federation"

DOWN IN THE BALD-HEADED ROW

There you may find the famous T. B. M. — Tired Business Man — but maybe they deserve a little relaxation from the work and worries of a business day.

Who knows but what some of them have been struggling with the great American problem of how to make income meet expenses—working to find new ways to cut down overhead and be no worse for the experience?

The funny thing is that an important item of that overhead CAN be cut down nine times out of ten without hurting the business—and that the cost of insurance.

You'd be surprised at the number of La Grande firms we have surveyed for insurance and have shown how adequate fire protection can be bought at a lower cost. Jack Ferris can do it for you—will be glad to—without obligation. Isn't it worth looking into?
