HEALTH CAMPAIGN TO BE LAUNCHED

State Board of Health Sponsors Drive to Protect Children.

By Dr. Frederick Steiker
The Oregon state board of health is about to launch a Getting Ready for School Campaign. Every child should be examined physically before he is ready for school. Intensity is now generally well supervised, but medical supervision of the child from two years to school age should not be deferred. The physician should especially observe endocrine disturbances, abnormal development, abnormal nutrition, bad teeth, bad tonsils, adenoids, defective eyesight, defective hearing, and if there are evidences of anemia, the blood should be examined.

These children should be protected against the preventable diseases, smallpox and diphtheria. The oldest vaccine is that which prevents smallpox, and that this disease is prevented by vaccination has been proved and is incontrovertible. Jenner of England discovered the fact in 1796. At the present time vaccines for smallpox are absolutely pure, and if they are properly administered and the results are properly cared for there will be no danger of secondary infections. Every child should be vaccinated before or soon after six months of age, preferably during the cooler months. Children should also be protected against diphtheria. Diphtheria can be completely eliminated from the state by general immunization. Modern diphtheria prevention has acquired a weapon which has already proven powerful and effective in the battle against this disease. This is toxic antitoxin which enables us to immunize and to protect all susceptible persons. It is simple, easily applied and without danger. The greatest obstruction

today to diphtheria elimination is the delay in using this means of protection. **Take Co-Operation**
The state board of health has requested 1,000 doctors to become health officers to examine preschool children and immunize them against smallpox and diphtheria. A large percentage of the physicians of the state of Oregon have volunteered their services for the "Getting Ready for School Campaign." County health associations, parent-teacher organizations and women's clubs have been invited to assist. In order to stimulate interest in this campaign the children who have all remedial defects corrected and are successfully immunized to smallpox and diphtheria will be entitled to a blue ribbon. The blue ribbons are furnished and presented by the local health or parent-teacher associations. An award of merit will be given to the school having the most blue ribbon children. A certificate of merit will be granted to the local association that presents the most

blue ribbons. The physicians examining over 100 children will be awarded certificates of merit by the state board of health. **NAVY PLANES EN ROUTE EAST**
DALLAS, Tex., Aug. 21. (AP)—A damaged bomber forced one of the Boeing pursuit planes of the navy squadron enroute to Cleveland for the national air races to land at Love field here shortly after taking off today. Two other ships turned back with the crippled craft. Mechanics said several hours would be required to repair the damage, and it would be late in the day before the flight could be resumed. The rest of the squadron, 18 planes, including an advance ship, continued to St. Louis, where the night will be spent. **Alexander Sent Home For Season**

St. Louis Cardinal hurler, who recently broke training, was sent to his home at St. Paul, Neb., today for the remainder of the season at full pay. He was not suspended. **FAVORITE ELIMINATED**
EDINBURGH, Scotland, Aug. 21. (AP)—Hamilton Wright, American lad who has been a favorite for the title in the boys' golf championship tourney under way here, was eliminated on his first appearance today on the course of the Edinburgh Burgess golfing society by J. Mackay, who beat him in a hot match 2-1. **In Conflict With Peace**
Five great enemies of peace inhabit with unswerving ambition, envy, anger and pride; if these were to be banished, we should infallibly enjoy perpetual peace.—Petrarch.

Society News

Two Receptions On This Week's Social Calendar

Two important farewell receptions are slated for the social calendar this week and will likely be among the important events of the summer. On Thursday women of the Baptist church congregation will entertain for Mrs. F. O. Hess and her daughters, Elizabeth and Ella who are soon to leave La Grande to make their home in Tillamook, Ore. On Friday afternoon and again Friday evening, Mr. and Mrs. E. A. Sayre will entertain at a reception in honor of their daughter, Geneva, who is soon to leave for China to resume her work in church schools there.

All members of the congregation and friends of the honorees are invited by Baptist women arranging the affair to call at the church on Thursday afternoon. Mr. and Mrs. Sayre have extended an invitation to their friends to call at their home at 1204 Fourth street Friday.

All-Day Party At Radium Springs

An all-day party that took place at Radium Springs yesterday provided a jolly occasion for the several who participated. The party began with Mrs. Roy Huell, to the stadium in the morning, swimming and enjoying a fried chicken dinner. Games were the diversion of the afternoon and at about four o'clock the group drove to Baker where they visited with friends and took supper. Later they returned to Radium, spending the evening there and after a late picnic returned to their homes here at about 11 o'clock.

Those who enjoyed the pleasant day were Mrs. Alma Correll, Mrs. Ruby Howell and son, Lawrence, Mrs. Francis Hagey, Mrs. Nell Westburg, Mrs. Mae Shive and Mrs. Huell.

Cooking School Attracts Women

The advent of the Observer cooking school has its place in society. Certainly, it will be the chief "entertainment" of the week. If one is to judge from the representative attendance during the past several years. The lack of any strained formality about Mrs. Beth Bailey McLean's sessions has always helped to make the afternoons truly pleasant and interesting ones and attending cooking school has become quite the thing to do. Mrs. McLean has formed many friends during her several visits to La Grande, so that it will be a pleasure for them to meet her

Good Times Club Enjoys Picnic

One of the largest picnic parties of the summer was an interesting event for members of the Good Times club last evening at Pine Cone. About 35 couples took part in the evening that began shortly after six o'clock with swimming. Basket picnic suppers were spread at tables in the park at 7:15 o'clock and a jolly evening was spent. The affair was arranged by a committee composed of Mr. and Mrs. C. H. DeVine, Dr. and Mrs. W. M. Pearce and Mr. and Mrs. Charles Graham.

OFFICIAL GOING EAST
SALEM, Ore., Aug. 21. (AP)—Charles T. Goodwin of the stage corporation department will leave Sunday night for Minneapolis where he will make an examination of the records of the W. B. Froshay company, which operates in Oregon.
