## MENUS

By Sister Mary

While the woman who serves many vegetables can set an abundant, varied and satisfying table at low cost, she must spend much time and thought in its preparation. The possibilities of every vegetable must be studied and carefully worked out.

Summer squash is an excellent vegetable too often overlooked by housekeepers. Fried and mashed seem to be the only common ways of cooking this vegetable.

The cooking of vegetables in combination is a worth while way to save work and fuel. Summer squash lends itself especially well to combinations on account of its bland flavor and when combined with tomatoes and cheese it offers a main dish of high food value.

## Varieties Are Several

There are several varieties of summer squash, cutting or "patty pan," crook-neck and marrow all appearing in the market about the same time. They all are good and deliciously flavored. When the squash is young and tender it is seldom cooked and the seeds are not removed. As it matures and the skin hardens and seeds toughen they must be discarded in a water squash.

## Squash Scalloped With Tomatoes

Three small summer squash, 1 medium sized onion, 1-2 cup cooking oil, 4 ripe tomatoes, 1-2 cup chopped celery, 1 shallot, onion, 1 teaspoon salt, 1 1/2 teaspoon pepper, 1 cup grated cheese.

Wash squashes and cut in half inch slices. Fry in cooking oil in a frying pan until tender. Put on one side of pan and pour off all but 2 tablespoons oil. Add onion thinly sliced and cook until brown. Put a layer of prepared squash in baking dish and cover with tomatoes well and cut in slices. Sprinkle with onion, seasonings and celery. Cover with cheese. Bake until done. Fry in cooking oil for 20 minutes to cook tomatoes and melt cheese. Serve from baking dish. Decrease heat to brown top for last few minutes of baking.
