Mrs. Clarence S. Lee, (Elizabeth Ferguson) a recent bride, was honored last evening at a miscellaneous shower at the home of Miss Kathleen McClintock, with the latter, Miss Georgia Copp, Mrs. L. L. Garrett and Miss Estelma Ashkin as hostesses.

A clever modernistic idea was used in decorating and the gifts were presented in a hatbox done in the "art moderne" manner. Five tables of bridge were in play. Mrs. Emily Hicks was high score, with Miss Katherine Blum second.

Seven Texas Democrats Already Out For Governorship in 1930

AUSTIN, Tex. (AP)—Texas' political spectrum this year reveals a situation perhaps unparalleled in state politics—seven democratic candidates for governor a year ahead of the primaries.

Friends of Gov. Dan Moody are urging him to try for a third term.

The field of gubernatorial aspirants includes Barry Miller of Dallas, now lieutenant governor, Thomas B. Love, state senator of Dallas; Oscar F. Holcombe, former mayor of Houston; Gregory Hatcher, state treasurer; E. G. Senter of Dallas and T. N. Maurits of Galveston.

Other prospective candidates, including Earl B. Mayfield, former United States senator, and Pat M. Neff, former governor, eventually may bring the entry total to an even dozen.

This field already commands an advance surge of political interest. Senator Love, who bolted Alfred E. Smith's camp last fall and turned about face to lead the campaign that put Texas in the republican column for the first time in history has announced his candidacy on an "anti-Tammany" platform.

Love was opposed by Barry Miller in the last primary when Mil-

ler, who also seeks the executive chair, was running for lieutenant-governor. Love later withdrew after several county committees refused to print his name on official ballots because he openly declared he would not support Governor Smith.

Considerable speculation also centers on what attitude the state democratic committee will take toward Love. That group gave notice last November that all democrats who scratched the general election ticket would not only be denied ballot positions as candidates in the 1930 primary, but also would not be permitted to vote.

Next July's primary will be the second in history for Texas republicans. State laws require that 100,000 votes be cast for a party's candidate for governor in the last preceding election before a primary may be held.

Only once before, in 1927, have the republicans held a primary. Last year the republican gubernatorial candidates received 120,000 votes.
