AIRMAN KILLED AFTER BREAKING ENDURANCE MARK

(Continued from Page 1)

plane crash during the national air races here, today was reported "resting comfortably" at Lakeside hospital after an operation for skull fractures performed a few hours after the fall.

NEAR 200 HOURS

CHICAGO, Aug. 31 (AP) — With the half-way mark within sight, the "Chicago-We Will," endurance plane out to increase the refueling endurance record of 241 hours, continued to "hum beautifully," in the words of its pilots, today above Sky Harbor airport.

At 4:31 a. m., today the plane, piloted by Russell Mossman and C. E. Steele, had been aloft 185 hours, but was still 336 hours from its goal and the $10,000 bonus offered by Martin Powronznik, backer of the flight for a new record.

Netherlands' Climate

The climate of the Netherlands, often called "Holland," is moist and with small range in temperature. The summers are not very warm, nor the winters often very cold. With an average annual temperature at Utrecht of 50 degrees Fahrenheit, the mean temperature is 40 degrees Fahrenheit in the spring and autumn, 61.4 degrees Fahrenheit in July and August and 35.6 degrees Fahrenheit in January.

GREEN WHEAT
Have you seen the latest creation in dinnerware? You will enjoy seeing the new Green Wheat pattern of ivory porcelain now being shown at Richardson's Art and Gift Shop. It has a most artistic decoration, entirely different from anything ever shown, and is lined with platinum instead of gold, also platinum handles. It is just what you have been looking for in dinnerware. See it. 8-24-4t

THE PRICE OF GREEN WHEAT
Is most reasonable. It is an open stock pattern which you can buy what you wish at a time and fill it in as you wish. See it in the window at Richardson's Art and Gift Shop.

Hemstitching, pleating, button holes, etc. Norton's Kiddie Shop. —Adv.

Sidney Lyle, the piano tuner, will be at La Grande hotel week of Sept. 9th. 7-27-1t-mp

Dodge Brothers Announce Four Cylinder Truck

DETROIT, Aug. 31 — Introduction of a new four cylinder one ton truck with four speed transmission, at a chassis price of $745 at the factory has been announced by Dodge Brothers. The price is $250 lower than the preceding Dodge one ton truck price. Announcement of this model follows closely on the enthusiastic reception of the new four cylinder half ton truck, and will supplement the complete line of six cylinder trucks offered by the company.

"This one ton four cylinder truck was added to our extensive line to fill the demand for traditional Dodge Brothers truck dependability at minimum cost in purchase and operation," said Howard C. Sneathen, director of commercial car and truck sales. "In appearance and performance, it is designed to set new high standards in the low price truck field, backed by the nation-wide service and dealer organization of Dodge Brothers."

Offered on a 133 inch wheel base the new truck is available in eight body styles—panel, canopy, screen, express, stake, platform and farm. All bodies have eight feet of loading space. To complete the line of one ton capacities, a six cylinder one ton truck is being offered on the 133 inch wheelbase at $845 for the chassis, and the present six cylinder one ton truck with 149 inch wheelbase will continue in production.

Andre's Monument

One of the monuments in Westminster abbey before which it is said that there is almost always a group of tourists is that of Major Andre, the British officer who carried on negotiations with Benedict Arnold. Andre, it will be recalled, was captured by three American farmers after his visit to Arnold, and, by his own frank confession, was convicted, as a spy and hanged. He was twenty nine years old.

Learning and Age

In refutation of the theory that men and women stop learning at the age of twenty-five, educators declare investigations show that many persons continue to acquire "book learning" until they are seventy and beyond.

Disseminated Knowledge

One thing we learned from the Indians of the East was the method of preserving meat, fish or vegetables by drying them in the sun. They, in turn, learned from the Dutch the art of salting down and smoking foods.

SEVEN VETERANS LOST TO ORANGE

State College Grid Prospects Damaged—First Turnout Due Sept. 14.

OREGON STATE COLLEGE, Corvallis, Aug. 31—When Paul J. Schissler, head football coach here, greets his first turnout of football players for the 1929 season on Bell field September 14, he will find missing from the roll seven lettermen from last year's squad. These are Howard Maple, quarter; Mel Whitlock, left end; Roscoe Luce, left tackle; Jule Carlson, left guard; Bill Kirk, center; Vern Ellers, right guard; and Ralph Twitchell, half. Five of these were first stringers last season.

Graduation of Whitlock, Luce and Carlson just about wrecked the left side of the Orange line with the result that it is in this sector Coach Schissler will have to spend a great deal of his time in the opening days of practice. The other big losses are Vern Ellers and Howard Maple.

During spring practice a considerable amount of shifting of players was brought about by Coach Schissler in an effort to find suitable men to fill in the places made vacant by the graduates.

Chuck Stout was shifted from tackle to guard to take care of Carlson's position. Chief Comille Thompson, the big Indian fullback, was moved to right guard in an effort to plug the hole left by Ellers. Delbert Scott also was moved from tackle to guard to help Thompson. Carl Metten was switched from halfback to quarter to assist Ralph Boerke, Boge Montgomery and Brice Nosler at the important position of quarterback.

The other positions will be taken care of by lettermen substitutes and regulars from last year's squad.

Bill McKalip, Snowy Gustafson, Del Anderson and John Dragovich are the outstanding candidates for the left end position. Sayles Young, Harry Kent and Gilbert Bergerson will be able to take care of Roscoe Luce's job at left tackle. Reese Cochran more than likely will alternate with Stout at left guard. Bob Geddes, a two-year letterman, Homer Lyons, Chuck Traver and John Nagel are the best looking prospects for center.

Jack Cox, Tige Larson, Barney Carlson and Del Scott will help out Chief Thompson at right guard. Fred Schell, Pete Miller and Bill Bylington are the big boys slated for right tackle.

Russell Stutz, a two-year letterman, will be back at right end. Alex McGilvray, Floyd Root and Paul Otis are other likely candidates for this position.

Cecil Sherwood, Rowdy Kott, Floyd Owen and Henry Hughes, all lettermen, are expected back at the halfback positions. Other outstanding candidates are Babe Peterson, Bernard Temple and Carlton Wood.

Fullback position will be well taken care of as two lettermen—Carl Gilmore and Johnny Essman—will be back again. Miller Nicholson and Buck Ihimmer from the reserves of last season with Bill Head from the 1928 rock squad will make some interesting competition for the lettermen.

Oregon State opens the season with Willamette university at Corvallis September 21.

OREGON STATE COLLEGE, Corvallis, Aug. 31— Broadcasting of football games in the northwest will be the subject of much discussion at the fall meeting of northwest managers in Seattle Friday and Saturday, according to Carl Lodell, general manager here and president of the Pacific coast conference graduate managers' association. Lodell left here today to attend the meeting.

Stone Absorbs Noise

A kind of stone recently discovered in Florida has the quality of absorbing noise. The rock is soft and porous and the minute cavities in it prevent the reflection of the sound waves when it is used as a covering for walls and ceiling. The walls, acting as a sounding board, are responsible for most of the noises that assail our ears when we are indoors.

LAWTON, Okla., (AP)—Talkies have so attracted policemen here that the chief is irate. Any officer caught in a theater while on duty will be suspended 10 days.
