

MAYOR INDICTS POLICE BOMBERS

Use of Tear Gas is Dispersing Crowd in New Orleans Criticized.

NEW ORLEANS, Sept. 13.—(AP)—Use of tear gas bombs by police and a United States deputy marshal in dispersing a crowd at the scene of a street car dynamite last night three hours after the local car men's union rejected a tentative strike settlement, today brought sharp criticism from acting Mayor T. S. Walmesley, a victim of the gas.

"The bombing was outrageous and under no condition will we tolerate such affairs," he declared, "but I consider the conduct of the United States marshal and police just as reprehensible in throwing tear gas bombs into the crowd, and landing within two or three feet of me. I saw one thrown at the feet of a woman with a baby in her arms. She dropped her baby and someone grabbed it up and saved it from being trampled on."

Bricks Used to Bomb

The crowd, including the mayor, was attracted to the scene of the dynamite as the members left a neighborhood political meeting seeking city drainage relief from rains. The dynamite cracked a car wheel but the crowd and passengers, a white woman and two negroes, were uninjured. Police threw gas bombs when bricks hurled from the crowd smashed in the car windows.

With the board of directors of public service declaring it would complete its organization by filling ten positions previously held open pending settlement of the strike, the city today was faced with an indefinite traction strike called July 2.

Heavy Majority

During balloting lasting from 8 a. m. until 7 p. m., yesterday the voters stood 1,969 to 87 against accepting the agreement reached by William Green, president of the American Federation of Labor, and A. B. Patterson, vice president of the New Orleans public service and approved by W. D. Mahon, president of the international carmen's union.

Maine G. A. R. Aims Rebuke at Reese

PORTLAND, Maine, Sept. 13.—(AP)—A resolution presented by the Maine department of the G. A. R. here called upon the 64th national encampment to "rebuke" the recommendation of Commander Edwin Chief John Reese, of Broken Bow, Nebraska, that no more encampments be held in New England.

The commander's recommendation was contained in his address at the opening of the encampment. He said the New England passenger association had refused to allow delegates and visitors to return to their homes by a different route than they traveled in coming to Portland. The railroad's round rate of single fare for the round trip "according to Commander Reese."

The resolution was not voted upon, but was turned over to the committee on resolutions.

Gains 10 Pounds; Feels Like New

"Before I started this wonderful Sargon I was run-down, losing weight all the time and suffered a lot with my stomach. I was nervous, my food didn't agree with

JOHN A. GARDNER

"I didn't sleep well and I was undisciplined and listless. I tried different medicines and tonics that physicians would suggest, but I didn't get any better. Then I started Sargon. I have taken 4 bottles, and honestly, it has done more for me than all the rest of them put together. Now I eat a good square meal any time I want it, digest it fine, and don't have a bit of stomach trouble of any kind. I sleep sound, and I never use such medicine for anything but a headache now."

"Sargon Pills are everything that you need to make a real doctor. I wish I was in position to tell every sufferer what this treatment has done for me."

The above statement was recently made by John A. Gardner, of V. 3605 Third Ave., Spokane, for his past twenty-six years' private practice for the Spokane-Bozeman-Jewett.

Sargon may be obtained in La Grande from the Red Cross Drug Store.—448

REGISTERED HOLSTEINS MAKE BIG BUTTERFAT MARK IN AUGUST

Two registered Holsteins, belonging to the Phymere herd at Hot Lake made the highest record for the production of butterfat in the Union County Dairy Herd Improvement association during the month of August, according to the report of Hans Setfors, the official tester. "Ruth" was the high cow in the association, having had 1756 pounds of milk to her credit and 75.9 pounds of butterfat. "Patricia" was the second high cow. Her record was 1792 pounds of milk and 71.7 pounds of butterfat.

In the division of herds having over 20 cows, excluding dry cows, Zaugg Bros. and N. K. West, milking 39 cows, showed an average production of milk of 731.3 pounds with 29.8 average pounds butterfat. In the herds having between 12 and 20 cows, the Phymere band of 13 cows, averaged 139.8 pounds of milk and 49.2 pounds of butterfat. Of herds under 12 cows, the nine cows of Ernest Kohler made 665.2 pounds of milk on the average and 35.2 pounds of fat.

There were 46 herds tested during the month, and of the 791 cows enrolled 95 were dry. The total milk production was shown to be 432,946 pounds, 18,261.2 pounds of butterfat. The average per cow was 546.3 milk and 23.99 pounds fat. In the list there were 70 40-pound cows.

Under "remarks" the tester reported that the herd belonging to Jacob Kohler had been sold.

CERTIFIED SEED IS OBTAINABLE FROM VALLEY GROWERS

(Continued From Page 7)

lates passing certification were on J. H. Weaver's farm, Union.

Alfalfa fields passing certification were on the following farms: H. H. Huron, Imbler, Gilbert Courtright, Union.

With these fields passing certification it is possible for farmers in Union county to purchase exceptionally clean seed. Mr. Jackson states that the certified winter wheat produced on J. A. Gasch's farm and H. H. Huron's farm were exceptionally free from mixture and moist. It is advisable for those desiring exceptionally good seed to purchase it at the time of threshing. This makes it possible to secure the seed in the cleanest possible condition.

Kvale's Death Is Held Accidental

FERGUS FALLS, Minn., Sept. 13 (AP)—Death of Congressman O. J. Kvale, of the seventh Minnesota district, was "accidental," county authorities said yesterday and no inquest will be held.

Mr. Kvale's charred body was found in the ruins of his cottage near Battle Lake, Minn., on Wednesday. The cottage had been destroyed by fire, which is believed to have been started by the explosion of a gasoline lamp, according to coroner J. G. Vigen, who investigated.

The body was brought here last night and funeral services will be held Sunday at his home at Benson.
