RICHFIELD
The Gasoline of POWER

at CLEVELAND

Flying his Wright-powered Buhl Air Sedan, powered with Richfield Gasoline and Richlube Motor Oil, Loren Mendell, famous "Angelino" endurance flight pilot, finished first in elapsed time, in the Oakland to Cleveland race of the National Air Derby.

Richfield was winner also in a majority of the closed course events at Cleveland, recalling its remarkable performance in the 1928 air races in Los Angeles, when it won four of the six major events . . . the greatest competitive record ever credited to any gasoline!

at ALTOONA

Lou Meyer, Jr., Fred Frame, 2nd, Myron Stevens, Jr., in the Annual Altoona Labor Day Speedway Classic. All three of these daring drivers used Richfield . . . a triple triumph for "the gasoline of power!"

Meyer's victory in this race clinched the 1929 Speed Crown . . . his second consecutive National A. A. A. Speedway Championship and an added tribute to Richfield Gasoline for Meyer used this famous motor fuel in his car exclusively throughout the 1929 racing season.

at PIKE'S PEAK

Glen Shultz, driving a stock Buick-fisher President Eight, powered with Richfield Gasoline, won the Pentone Trophy in the Annual Labor Day Pike's Peak Race, the most spectacular and grueling event of the year for strictly stock cars.

Shultz covered the 119 miles from Crystal Creek to the Summit in 21 minutes, 43 seconds . . . the fastest time ever made over this course. Richfield furnished the power, speed, the unswerving dependability necessary for this grueling run . . . another great record for "the gasoline of power!"

RICHFIELD

The GASOLINE OF POWER

TIME after time, Richfield has triumphed in competition with practically every leading brand of gasoline. Exclusive choice of the country's leading drivers and pilots, it has won more victories and world's records than all other gasolines combined. Its outstanding qualities—proved in grueling competitive events—are the same qualities you need in your own car—instant acceleration, power, speed and mileage combined.

SPEEDWAY OR BOULEVARD . . . LAND, AIR OR WATER . . . RICHFIELD ALWAYS LEADS
