PLANS CAMPAIGNDrive Outlined in Meeting
of Representatives from
Local Civic Organiza-
tions.

Truly appointed representatives from a large majority of civic and welfare organizations of La Grande last evening decided that boys and girls of La Grande are entitled to greater opportunities for organized character development. Not only did these representatives from practically every civic club in La Grande declare that La Grande is duty bound to provide the necessary funds to operate the Boy Scouts organization another year, but that the Camp Fire Girls organization must receive attention. One fourth the amount raised in an intensive campaign throughout the city next week will be allocated to the Camp Fire Girls.

More than a dozen prominent women officials of a half dozen women's organizations, and as many earnest men deliberated at length on the general question of the city's youth during a meeting of the Presidents' club. The Camp Fire Girls organization has been seriously handicapped, leaders pointed out, for lack of financial resources and an executive who could give her time to development of the work. This is the first time that concerted efforts to promote both projects simultaneously have been arranged for. The plan was a new development of the meeting as original plans were for prosecution of the boys' work at this time exclusively.

The upshot of the evening's earnest discussion was to hold a kick-off breakfast next Wednesday morning when workers will be assigned to easily covered geographical districts, with plans to clean up the job before noon. C. W. Hinger, chairman of the Boy Scouts finance, presided at the meeting last evening which was held in the chamber of commerce. W. T. Dwyer, president of the Eastern Oregon council, participated in the deliberations.

La Grande's quota to the area council of the Boy Scouts embracing Grant, Baker, Union and Willamette counties is \$2500.00. There is also an unpaid deficit from last year of \$2000.00. Practically every town and all the larger cities of the district except La Grande were reported to have paid in their cash. The amount is turned over to the area treasury for disbursements in the four counties. The funds to be raised for the girls in connection with the boys' work total \$4300, making \$6300 to be raised in the city-wide movement. The last named amount will be disbursed locally and in promotion of the Camp Fire Girls work throughout the surrounding districts.

All Clubs Represented

Sitting in on the discussions and deliberations last evening were representatives that represent every line of civic endeavor in La Grande. The Neighborhood club was represented by its president, Mrs. J. L. Ingie and Mrs. H. S. Brewster; the League of the American Revolution by Mrs. Ray Williams and Mrs. O. E. Moran; the auxiliary to the American Legion by Mrs. Julius Rosen and Mrs. Norman Desler; the Camp Fire Girls by Dr. David Wilcox; the Parent-Teacher organizations by Mrs. Louis Wetzel and Mrs. E. D. Towler; the Rotary club by Dr. Ray M. Murphy; president, Roy Perkins; and Francis Greenleaf, the American Legion by Ralph Winick, post commander, the Lions club by H. V. Conner, the chamber of commerce by A. W. Nelson and Albert Hunter, and the Central Labor Council by Mr. Hesse. Chairman Hinger will have all reports of the districts ready for the kick-off breakfast arranged that the workers will have but small districts to cover.

Not since the war chest campaign has there been so representative a gathering of workers aligned on any one given humanitarian project in La Grande as this meeting last night.

In line with the decision taken last evening was a communication received this morning by the secretary of the Presidents' club, Albert Hunter, in which the Young Women's Educational auxiliary resolved at its last meeting to support the Boy Scouts' campaign provided the Camp Fire Girls' campaign was joined with it. The educational auxiliary committee consisted of Mrs. R. P. Tyler, Mrs. Clark and Mrs. Hester.

Fall Session To Open On Monday
At Eastern Oregon Normal; All
Members Of Faculty Meet Today

Registration for the regular fall session of the Eastern Oregon Normal school will take place next Monday, Sept. 23, beginning at nine o'clock. Information to this effect was issued from the office of President H. E. Inlow today. During the same day, morning and afternoon, placement tests will be given the incoming freshmen. These will serve as an aid to faculty and students in determining courses of study and class scheduling.

Pre-registration indications point to a representative enrollment from all sections of Eastern Oregon.

The complete regular teaching staff meets for the first time today at 2 p. m. when a preliminary meeting of instructors will be held. A number of these instructors did not arrive for the summer session.

Classes Begin Sept. 24

The regular program of classes and school activities will begin Tuesday, Sept. 24. The model elementary training school has been in operation since Sept. 2.

Plans for the improvement of the campus, including an extensive lawn area and the development of fields and facilities for outdoor sports are under way. Among these latter will be a general playground, tennis court, and football field.

Plans to occupy this field early next week with a squad of veteran football players. More than twenty high school and college players have indicated their intention to report for practice.

The following is a complete list of instructors and administrative officers:

Statement of Training and Experience

PARALYSIS CAUSE
OF GIRL'S DEATHRuth Elizabeth McAllister
Succumbs Today to
Dreaded Disease.

Ruth Elizabeth McAllister, daughter of Mr. and Mrs. Angus McAllister, of 1809 First street, passed away this morning at 8:15 o'clock. The attending physician reports that death was due to infantile paralysis. It is said that there are no other known cases in La Grande.

Funeral services, which will be private, will be held at the Snodgrass and Zimmerman mortuary Sunday afternoon at 2 o'clock.

Miss McAllister was in her senior year in high school this fall. She was an active member of the Presbyterian Sunday school and church, and the Christian Endeavor.

Last year she was sister of patroness in the Order of Rainbow Girls here.

Besides her parents, she is survived by her sister, Margaret. She was born in Yakima, Wash., May 18, 1912.

Watson of Saying Chief
Executive Would Sign
Measure.

WASHINGTON, Sept. 20 (AP)—Senator Watson, of Indiana, the Republican leader, said in the senate today that President Hoover would take no part in tariff making so long as the new bill was in its legislative stage.

He asserted he would use his influence to keep Mr. Hoover out of the tariff controversy, adding the president previously had stated he would not interfere with legislation pending in congress.

Senator Borah, Republican, Idaho, interrupted to say he was glad to hear Watson's statement because "you were quoted by the newspapers as having said over the radio that the president would sign the tariff bill."

"I never made such a statement," Watson replied.

There had been altogether too much confusion, he added, over the house bill and the measure as it was reported by the senate finance committee. The senate today voted 1 aye to the tariff bill.

MAKE WEDDING PLANS

They'll go to housekeeping just like anybody else, will Mr. and Mrs. John Goodidge, after their marriage September 23. Here you see the latest posed photo of the engaged couple, taken at Plinville, Conn., home of Florence's father, Governor John H. Trumbull. They have decided not to have any servants in their Westville apartment, in the building pictured below, and the bride herself will do all the dusting and cooking in their \$78-a-month "four and a half" rooms. The arrow indicates the entrance to their apartment, which is on the first floor overlooking the court.

U. S. Patrolmen
Along Mexican
Border In Tilt

EL PASO, Tex., Sept. 20 (AP)—More than 200 groups of armament were fired by United States border patrolmen last night in two fights with a band of Mexican runners attempting to land a cargo of liquor on American soil.

Both fights took place on the Rio Grande near here. The runners were repulsed. Three Mexicans two of them 13-year-old "spotters," were arrested, and two of the smugglers, apparently wounded, were seen crawling into the brush on the Mexican side.

The smuggling band numbered more than thirty men, officers estimated. They returned the fire of the border patrolmen bravely, but none of the officers was wounded. More than 50 gallons of liquor was confiscated.

Col. Lindbergh
Flying Airmail
Over New RouteWife With Him on Inauguration of 7,000-Mile
Service For Pan-American Airways.By T. R. Gill
(Associated Press Staff Correspondent)

Aboard "Colonel" Lindbergh's plane en route to Havana from Miami, Sept. 20 (AP)—(Via radio)—At 9:40 a. m., Colonel Lindbergh was leaving the Florida straits for Cuba. Mrs. Lindbergh is keeping a diary of the trip. Altitude 1,500 feet, water passage smooth. All passengers enjoying scenery over Florida keys.

Lindbergh held the controls as the plane roared toward Cuba at an average air speed of 100 miles per hour. The course lay along the Overseas railway to the strait but the plane will fly some miles to the east of the Key West. The sky is clear as crystal.

Colonel Lindbergh arrived at Havana at 11:15 this morning, completing the first leg of his 7,000 mile journey.

Inauguration of a 7,000-mile airmail and passenger service for Pan American Airways over a West Indian route to Dutch Guiana and through the Central American countries lay before Lindbergh as he pointed the nose of a trimotored monoplane toward Santiago, Cuba, the first overnight stop on the flight.

Visit 16 Countries

Sixteen different countries will be visited on the 25-day flight, which will be similar to, but a retracing of, the good will trip Col. Lindbergh made a year and a half ago. He is accompanied by his wife, the former Ann Morrow, and officials of the Pan-American company.

Glenn H. Curtiss, pioneer aviation developer, was a passenger to Havana, the first stop on the 25-day flight. Two newspaper correspondents also will accompany the party to San Juan, Porto Rico.

Many patrons rushed for safety into a small dressing room, seven by fifteen feet, in the rear of the building. Thirty of them were found piled unconscious in the floor space when firemen broke into the room. Several of them were dead. Others were badly injured.

Crowd Into Tiny Dress-
ing Room.

DETROIT, Sept. 20 (AP)—Seventeen persons lost their lives and more than 50 others were in hospitals with injuries suffered in a fire which destroyed the Study club, a night club on the edge of the downtown theater district, early this morning.

One hundred and thirty patrons and 40 employees, including entertainers, were in the night club when flames broke through the wall at the first floor and swept up the main staircase, cutting off the only means of escape.

Patrolman James McQuire, who discovered the blaze, ran to a nearby fire box, and returned to find the flames and smoke roaring up the staircase. Before patrons and employees were aware of their danger, the fire was upon them. A cigarette girl was suffocated by the hot fumes as she stood in the center of the dance floor and dropped down over her tray. Her body was found by firemen.

30 In One Small Room

Many patrons rushed for safety into a small dressing room, seven by fifteen feet, in the rear of the building. Thirty of them were found piled unconscious in the floor space when firemen broke into the room. Several of them were dead. Others were badly injured.

The interior of the building was ruined, but the exterior presented an almost unblemished appearance save for broken windows and a fire escape which hangs useless, a mockery to those who ventured to trust it as an exit.

Marty Cohen, proprietor of the club, and Robert Jackson, manager of entertainers, were cloaked with police this morning. Cohen attributed the fire to rivals in business. The Study club had been operating for about a year and had prospered. Situated on Vernon highway, about six blocks from the heart of the city and just off Woodward ave., the main north and south artery of Detroit, it had acquired a wide reputation.

Cohen was not in the place at the time of the fire. Another night club, the Lido, had its opening last night and he had gone to participate, he told police.

Windows Closed

Firemen who tried to enter the building through windows, found that the window openings had been covered with wallpaper. All windows in the second floor had thus been closed, they asserted.
