Don't put all your eggs in one basket or in one omelet

You can control the cooking and consistency of your omelet when you make it small. Hills Bros. control the flavor of their fine blend of coffee because they roast only a few pounds at a time—never in bulk. This continuous process—Controlled Roasting—creates a flavor no other coffee has.

QUAKER STATE-MENTS

Heed this, my friend, if thee would safeguard thy motor with the finest lubrication—use Quaker State Motor Oil. From this oil, a special refining process has removed the quart of waste material that has little or no value in lubricating thy automobile motor—yet is found in each gallon of ordinary oil. Thus, in Quaker State, thee gets four full quarts of lubricant without waste—truly, an extra quart of lubricant in every gallon!
