

Over The Valley

Mabel E. Martin, Valley News Editor

(Continued from Page 5)

well will there, when the farm where the Wiggins family is located, the father, J. J. Wiggins, died earlier of the same disease in that section, having lived the same.

Guest From Lakeside
Miss Edith Brown, of Lakeside, Oregon, is visiting at the home of her sister, Mrs. W. W. Lawrence, at Lakeside, on her way to the college for her sophomore year's work.

Preparing Exhibits
They are very busy today out at the Oregan dairy and feed ranch near Coquille these days. Ted is getting ready and getting his exhibits ready to take to the state fair. A car load of the same exhibits is being gotten in shape to send to Enterprise for the Walla Walla county fair next week. The animals will make a good showing at both places, those who know are saying.

In the Other Valley
Mr. and Mrs. Walter M. Pierce of this valley are making a visit among friends and relatives in different localities to the Willamette valley. In speaking of their progress in Salem, the Capital Journal is following to say:

Unusually conditions in the team Oregon wheat sections are better than for several years, according to Walter M. Pierce, a grower, who was in Salem Monday with Mrs. Pierce (formerly Mrs. Margaret Martin) from the coast and stock ranch near Coquille.

The former grower said he had just finished taking 50,000 bushels of cleaned wheat, estimate of seed and his feed, off of his crop.

Discussion in the Willamette valley, particularly on sheep and stock, is the only cloud on the otherwise Oregon financial horizon at this time, he said.

During their stay they are enjoying Mrs. Pierce's former home at Lake.

Much informal entertaining is being done for ex-growers and Mrs. Pierce during their visit.

—

Bobbie Huron to State Fair

Bobbie Huron, of Brooks farm, near Baker, will go to Salem next week as one of the four representatives of the 4-H club of the county, and is being sent on account of the character of work done during the past year. When the four were first chosen by Mr. Bayre and Mr. Lawrence, the list included Frances Alexander, Marie Fowler, Frances Campbell and Lloyd Mills. In choosing Miss Frances as a representative of the livestock club.

Mr. Lawrence, using many different methods, was unable of the club made three or four years ago that no person could be sent to the state fair without being a member of the club.

This eliminates her as she went with this group to a recent state fair. Standing fifth in the list with selections were made and Bobbie Huron and he now becomes one of the four representatives.

Thinking has a good club record to credit for one who is just entering high school as a freshman. He has belonged to the livestock club for three years or more, being particularly interested in sheep club and his winning last year at the Pacific International attracted attention all over the northwest.

—

New Home in Valley

A new home will be established shortly in Peabody, when Glenn Thompson, prominent and progressive young farmer, brings his bride to make their new home on his farm. The wedding was an event of Sunday, the bride being formerly Miss Lila Davis, head of the home economics department of the Coquille High school, later a student in Chicago. They will be warmly received in this community.

—

To Round-Up

Among the Burnsville folks who started this morning for Burnsville to camp during the last few days of the Round-Up were Mr. and Mrs. Wayne Park, Mr. and Mrs. Frank Wondol, Mr. and Mrs. Earl Park, Carl Wagoner, Leo Morgan, Elba Wagoner, Lyle Barnard, Emory and Harold Oliver.

Oh, so good. Delicious in salads and cocktails ... wonderful for sandwiches ... delightful in hot dishes, too.

Splendid for the system because it's rich in phosphorus and iodine, those goiter-resisting elements. The preferred brand for more than 16 years ... packed in the spotless kitchens of the world's largest tuna canner.
