MENUS

By Sister Mary

With the coming of cooler weather, cooking takes on new interest and many dishes that have been forgotten and unwanted during the hot months become desirable. Salad accompaniments are just such a concoction.

When the salad formed the main part of many meals, bread and butter or rolls were naturally served with it to bring the meal into proper balance, but now that the salad usually appears as a separate course, some sort of accessory is needed.

There are innumerable crackers on the market that can be used as they come from the toaster or sprinkled with cheese. Every housekeeper will find it worth her while to learn the different brands and use them as they suit her needs and pocketbook. There are many times when a busy housekeeper has few extra minutes to spend in the preparation of elaborate salad accompaniments.

Toasted cheese crackers can be prepared ready for toasting before the meal is served. While the table is being cleared for the salad the

crackers can be toasted in a very hot oven or under the broiling flame. Work four tablespoons of grated cheese and two tablespoons butter into a smooth paste and spread small square, unseasoned crackers with the mixture. The cheese melts as the crackers crisp.

Cheese cups require time and work in their preparation but are decidedly worth while for "company" occasions.

Cheese balls are delicate and appetizing.

Any salad not including cheese in its make-up gains much by the addition of a cheese accompaniment.

Cheese Balls
Whites of eggs until stiff, and dry. Add cheese, salt, paprika and flour. Form into tiny balls about the size of English walnuts and fry in deep hot fat.

More than one cup of cheese may be needed to make the mixture stiff enough to shape. These balls should be served hot. Reheat in oven before serving.

Do the Youths of La Grande Mean Anything to You?

FATHERS! MOTHERS!!

Do the Youths of La Grande Mean Anything to You?

Who looks after your boy or girl after school is out in the afternoon? Is your child drifting between school hours—drifting no one knows where, or is he engaged in character building pursuits? Do you know what he is doing? What are you doing to entertain him with affairs that appeal to youth? We surmise that alone you can do but little. But there are two organizations in La Grande that are built by expert experience on what boy and girl nature needs. These two organizations have a substantial foothold in La Grande and are ready to do bigger things than ever. Yet, both are embarrassed. In a city of 10,000 people less than \$1500 in money was spent for the youth outside of school last year. This pitifully trifling sum in a city so prosperous as La Grande, does not represent the real interest that parent-hood has in its childhood. With that sum, all programs are cramped and seriously menaced. The work cannot go on without a vastly greater sum of money be made available.

For this reason, some 11 or 12 civic and welfare organizations in La Grande have banded themselves together to see that

Youth Gets Its Rights

These organizations feel that the boy and girl of today are La Grande's citizens of tomorrow. What type of citizenship do you want here tomorrow? One that drifted through adolescent stages without guidance, or a citizenship that was nurtured through its trying periods by adult companionship and leadership, directing youthful energies toward clean living, worthwhile play and strong character building.

Sum Needed Trivial, If Everybody Helps

Organizations referred to above face the duty of collecting \$2500.00 as La Grande's quota toward the Boy Scout program in the Eastern Oregon area, and an additional \$800.00 to meet deficits from the past year. Other towns in four counties have similar quotas that are reasonable. They are being met. The test is, shall La Grande be the only community in Union, Wallowa, Baker and Grant counties to hold back from its share of boy training? At the same time the girls of La Grande are entitled to their rights. One thousand dollars will allow adult workers to build up the Camp Fire Girls' organization. This is a total of \$4300.00 that is asked of 10,000 people. Large? No! We spend more than that for pleasure gasoline in two weeks.

NEXT WED.

morning earnest men and women—a half hundred of them—will begin a house to house canvas for funds for the youth of La Grande. If these fathers and mothers choose to undertake a strenuous job, and give of their own time and cash, can you, who exert no physical effort, deny them a contribution. Is there any family in La Grande who could not if it would, put at least 50 cents a month into a common fund for the preservation of our youth through organized Boy Scout and Campfire Girls' channels. When these solicitors call, meet them with what you can give—not what you can spare but what you can give at the exclusion of some trivial luxury of your own.
