Faculty Members Entertained At La Grande Hotel

The members of the school board and their wives, and Supt. and Mrs. J. T. Longfellow were hosts and hostesses to the members of the faculty of the city schools, last evening in the ball room of the La Grande hotel. It was a pre-arranged affair especially for the teachers of the Normal training school, which is included in city schools.

Covers were laid for about 115 persons at tables attractively decorated with lovely bouquets of fall flowers, including asters, and marigolds. The dinner was served in three dining rooms.

George Bernie school board chairman and toastmaster for the evening, introduced the new teachers to the group. W. W. Nushbaum led them in singing of clever original songs.

A jolly evening was spent dancing and playing cards, in the ball room, which was also decorated with fall flowers.

Informal Reception At Normal School

A charming informal reception was given last evening in the Eastern Oregon Normal school auditorium by the members of its faculty in honor of the students. It was one of several pre-arranged affairs this week.

Against the background of the rich cream stage, with its deep sea blue drapes, a very interesting musical program was presented under the supervision of W. W. Nushbaum. Miss Daisy Hobbs sang the ever popular "When Irish Eyes are Smiling," by Ernest R. Ball, and responded with a clever selection, "Walsh and Fishin'" by J. B. Wells. She was accompanied at the piano by Miss Myrtle Wilcock.

The selections played by Miss Effie Blanchard and Jennie Nielson were well-received. "Love and Flowers," by Aldrich, and "Scarf Dipped," by Chaminade, were their numbers. Miss Myrtle Wilcock accompanied them at the piano.

The last of the program was two vocal renditions by Miss Myrtle Wilcock, accompanied by Miss Grace Glebel. They were two delightful selections, "In the Garden of Tomorrow," and "I Love a Little Cottage."

A pleasant hour spent in dancing followed the program. Punch was served by the refreshment committee consisting of Irene Humberach, Arlene Byrd, Bernice Hunt, Lillie Iseng, Helen Knott, and Agnes Johnson.

Ushers for the evening were: Doris Brown, Helen Colton, Marie Hite, Helen Jensen, Rose Kaser, Mary Magge, Jessie Willock, Elsie Walter.

Miss Gertrude Walters was in charge of the refreshment committee, and Miss Helen Moor directed the ushers.

Baptist Members Meet at Supper

The Baptist church held its quarterly business meeting in the church basement when the members present enjoyed a palatial supper. The regular routine of business was carried through, the reports made were very encouraging, the Rev. C. M. Godwin announced today.

All the church organizations were represented. An enjoyable evening was spent by those present.

Reception Honors Central Teachers

An informal reception in honor of the teachers featured the first meeting yesterday of the Central Parent-Teacher association.

Eleven delegates with alternates were appointed to attend the convention at Grants Pass in a brief business session.

The parents promised a surprise to the teachers next Monday in their rest room at school, making it really fit its title.

Mrs. C. W. Peterson and Mrs. Ralph Byers were appointed to purchase a picture as an attendance award.

Club Entertained At Douhan Home

The Hoopersville's met last night, the guests of Miss Margaret Douhan at the home of her parents Mr. and Mrs. Carl J. Douhan. Covers were laid for seven at dinner.

A pleasant social period was spent after which some of those present attended the theater. Bouquets of attractive fall flowers were placed about the rooms.

The guests were: Mr. and Mrs. Jack Briggs, Miss Doris Barnes, John Allen, Edwin Briggs, and Woodrow Damarell. Kermit Meyers of North Powder is also a member of the organization but was unable to attend.

The group formed last summer at the Boy Scout camp, the boys and Mr. Briggs, are members and Mrs. Briggs, Miss Douhan and Miss Barnes honorary members.

The group divided into two sections and each division gave skits endeavoring to defeat their opponents by receiving the most applause.

Anna Gaither was chairman of the committee which served refreshments.

Ushers for the evening were: Doris Brown, Helen Colton, Marie Hite, Helen Jensen, Rose Kaser, Mary Magge, Jessie Willock, Elsie Walter.

Miss Gertrude Walters was in charge of the refreshment committee, and Miss Helen Moor directed the ushers.

Epworth League Has Jolly Party

A jolly party was enjoyed last evening by the members of Epworth League in the first of a series of parties they plan to give each month this year.

Early in the evening games were played under the leadership of Leonard Cates, followed by an amusing skit, a farce operation in which, George Monts, Mary Lou Piper, Vernon Patton, and Adam Teighton were the leading characters.

The group divided into two sections and each division gave skits endeavoring to defeat their opponents by receiving the most applause.

Anna Gaither was chairman of the committee which served refreshments.

Miss Iva Hug And Mr. Townsend Wed

An interesting event this week concerning Miss Iva Hug and Guy Townsend, both of La Grande, was their marriage in Spokane with a quiet wedding ceremony, Sept. 24.

After spending a few days with her mother, Mrs. May Shaffer, the bride and bridegroom returned to La Grande Thursday evening. Mrs. Townsend is an employee of the Pacific Long distance telephone company and Mr. Townsend is an employee of the Crescent Meat Co.

After Monday their friends will find them at home in the Meyers apartments.

Health Talk Given At P.-T. A. Meeting

Dr. Clarence Gilstrap gave an interesting health talk yesterday afternoon to the Willow Parent-Teacher association meeting in the school. The theme of the speech was prevention of contagious diseases, especially infantile paralysis.

Mrs. Evelyn Bennett's second grade room sang several clever children's songs. Floyd McLain explained the new grading system to those present. Mrs. Charles Bean sang "Because," a delightful song. An unusually large crowd was in attendance.

Miss Ruth F. Brown's first grade room was awarded the prize picture for the largest attendance.

During the business meeting the association voted to send a delegate to the convention of P.-T. A. that is being held in Grants Pass, October 15-18. Mrs. R. C. Alexander was appointed to attend.

If Grapes Are Half as Sweet

Pretty Lucille Barry, above, was chosen to represent southern California's grape crop as maid of honor to the queen of agriculture at the annual Los Angeles county fair at Pomona, Calif. If the grapes taste half as sweet as Miss Barry looks--well, they must be SWELL grapes!

Preparation is important. Since oysters are a protein food, their digestibility depends much on the care used in preparing them for the table. Intense heat and a too-long cooking period will make them tough, leathery and hard to digest.

Raw oysters may be served to invalids. Steamed, baked or in a plain stew, they offer appetizing variety to invalids and children.

Made alshes of oysters are more difficult to digest because of the added ingredients. The oysters themselves are practically steamed or baked in the extra material.

Abut oyster-dish is suitable for luncheon on Sunday night supper. Oyster salad is unusual and makes a good Sunday night supper dish for guests.

Grape fruit sections, celery and green pepper are combined with a well seasoned French dressing for the salad. A few gratings of nutmeg and a drop of onion juice are included in the seasoning.

The simplest way to cook oysters is to bake them. Either those in the shell or out of it can be used. When they are baked in the shell, the shells should be well scrubbed. Place in a dripping pan in a hot oven and bake until shells part. Bake open, sprinkle with salt and pepper and serve on the shell.

Baked Oysters. One pint oysters, small ovals of about a little larger than the oysters, 4 tablespoons butter, 2 tablespoons lemon juice, 1-2 teaspoon salt, paprika, 1-3 teaspoon nutmeg. Clean and drain oysters. Toast bread on one side only. Arrange in dripping pan toasted side up.

Market and shipping reports promise an unusually fine stock of oysters for this year, and since research workers have added oysters to the list of foods comparatively rich in vitamin content it becomes the housekeeper to make frequent use of this popular shell fish.

Although oysters have been high in price for the last few years, there is little waste and the amount of nourishment is large for the money invested. They are nutritious, easily digested, a good source of protein, and vitamins A, B, C and D are present in varying amounts.

Union Judging Team Third At Enterprise Fair

By Mrs. L. Z. Terrall (Observer Correspondent) UNION, Ore. (Special)—The stock judging contest of the Willamette county fair was held on Wednesday and the results were as follows:

Enterprise High school first with 1952 points.

Timber High school second with 1840 points.

Union High school third with 1805 points.

Willow High school fourth with 1777 points.

Timothy Miller, of Union, held the highest individual score in the contest with 667 points and David Tripp had a score of 435. The other boys on the Union team were Max De Vore, and William Wright.

There were four kinds of stock judged by the contestants, beef cattle, dairy cattle, hogs and sheep. W. C. Higgins, Smith-Hughes man of Ontario, was official judge of the stock judging contest and also of the high school vocational exhibits.

One of the important social events of the school year was the reception given the teachers at the Union hotel Thursday evening by the commercial club. The banquet table arranged in the form of a U was tastefully decorated with bouquets of asters. Covers were laid for about 70. A four course dinner was served and as the meal progressed the teachers, C. E. Criswell, representing the school board, gave the address of welcome to the teachers and was responded to by Wm. Baxter of the manual training department.

At the close of the meal the crowd assembled in the parlor for a social hour and short musical program consisting of the following numbers:

Duet—Miss Helen Hulac and Nellie Goertzen.

Clarinet solo—Miss Ella Clark.

Vocal solo—Mrs. Edith Phyl.

Vocal solo—Mrs. Grant Wilde.

The accompaniments were played by Nellie Goertzen and Miss Hulac.

The usual after dinner dance was dispensed with in order to give the crowd an opportunity to attend the American Legion dance. The American Legion drum corps of La Grande, who were most loyal supporters of the Union legion in its dance, filed into the hotel and rendered some very audible selections. The dance at the gymnasium was a most successful affair and greatly enjoyed by those attending. About 135 couples participated in the dance and enjoyed the drills put on by the drum corps. The local boys are most grateful for the support given them in their initial effort for raising funds for the doughboy memorial. During the evening an exhibition roller skate dance was rendered by Mr. Patrick, of the Seattle legion.

WEATHER OUTLOOK SAN FRANCISCO Sept. 28 (AP)—The weather outlook for the week beginning September 29 was announced here today by the United States weather bureau as follows:

For Western States: The outlook is for generally fair weather but cloudy and unsettled the first part of the week in Eastern Oregon.

Announcements

Order of Rainbow for Girls, Assembly No. 13, will meet Saturday night at the Masonic hall at 7:30 o'clock. There will be installation of officers.

The Women's Christian Temperance Union will hold a special meeting in the annex of the Christian church, Tuesday afternoon October 1. All members and officers must be present.

All members and guards of the W. B. A. are requested to meet at 7:30 Tuesday at the home of Mrs. E. B. Stutzinger, 2112 Second Street, for the purpose of planning the fall work and for the meeting when Mrs. J. J. Ward will be here.

By Sister Mary Nowadays we think little of the seasonability of foods. Fruits and vegetables are shipped from northern and southern markets the whole year through, making it possible to eat strawberries in January as winter when we may be. However, some sea foods are like game and have a very definite "season." Oysters are one of them and are "in" from September to May.
