

NEW ELECTRIC RATES

for

Lighting --- Cooking --- Heating

Outside of La Grande and Baker

Effective October First

We take pleasure in announcing that on the first of October new rate schedules will go into effect which will give to our customers the opportunity to provide better lighting in their homes and places of business, and use more electrical necessities and conveniences at greatly reduced rates.

These new rates, together with others which will be put into effect later, will result in a saving for our customers of approximately \$14,000.00 in the first year. The saving realized by each customer will depend upon the amount used. For example, residence customers using electricity at the present lighting rates will receive reductions

ranging from 33 1-3% to 75% on consumption in excess of 20 kilowatt hours used in any one month. (The old and new rates are the same for the first 20 kilowatt hours used in any one month.)

Customers using electricity at the present cooking and heating rates will not receive such marked reductions because they are now getting very low rates for such service. However, the new schedules for this class of service provide extremely low rates for water heating, reaching a step as low as 1½ cents per kilowatt hour.

The new schedules for residence service will cover Lighting, Cooking, Heating and Small Power. This will mean that residence customers can obtain all of their electric service through one meter.

The new rates listed below are effective in the corporate limits of all incorporated cities, towns and villages, except Baker and La Grande, within a radius of one-fourth mile of the railroad station or post office of unincorporated towns having a railroad station employing a regular agent, or a United States Post Office, and in the following platted sub-divisions contiguous to the City of La Grande:

Homesite Acres; Highway Acres including those customers served from a line on Highway Avenue; portions of Connordale Addition, Honan's Addition, Williamson's Addition, and Pleasant Home Addition, all lying outside of the corporate limits of La Grande; Pratt's Sub-division; Park Addition; all territory between Spruce Street and Cedar Street lying between the North City Limits and the Grande Ronde River; That part of the Riverside Addition outside of the corporate limits lying north and east of the Old Oregon Trail Highway; and the May Park sub-Division

Following is a comparison between the old and new rates effective in this outside territory for residence service:

The comparison between the old and new rates for stores, hotels and other business and commercial institutions follows:

For Consumption in One Month

Rates are in Cents per Kilowatt Hour

For Consumption in One Month

Rates are in Cents per Kilowatt Hour

Old Rates	New Rates
FOR LIGHTING SERVICE	
First 100 kilowatt hours 12c	For Lighting or for Combined Lighting, Cooking, Heating and Residence Power
Next 100 kilowatt hours 11c	First 20 kilowatt hours 12c
Next 100 kilowatt hours 10c	Next 20 kilowatt hours 8c
Next 100 kilowatt hours 9c	*All over 40 kilowatt hours 3c
Next 100 kilowatt hours 8c	*Except where service is taken for water heating,
Next 100 kilowatt hours 7c	When service is used for Lighting, Cooking and Water Heating, the following rates will apply:
Next 100 kilowatt hours 6c	First 20 kilowatt hours 12c
All over 700 kilowatt hours 5c	Next 20 kilowatt hours 8c
For Cooking and Heating Service	
First 50 kilowatt hours 3½c	Next 120 kilowatt hours 3c
All over 50 kilowatt hours 3c	Next 100 kilowatt hours 2c
	All over 200 kilowatt hours 1½c

Five per cent discount allowed on all bills (except minimum charges) if paid within ten days

Old Rates	New Rates
For Lighting Service	
First 100 kilowatt hours 12c	First 100 kilowatt hours 12c
Next 100 kilowatt hours 11c	Next 200 kilowatt hours 10c
Next 100 kilowatt hours 10c	Next 200 kilowatt hours 8c
Next 100 kilowatt hours 9c	Next 200 kilowatt hours 6c
Next 100 kilowatt hours 8c	Next 1000 kilowatt hours 5c
Next 100 kilowatt hours 7c	Next 3000 kilowatt hours 4c
Next 100 kilowatt hours 6c	All over 4700 kilowatt hours 3c
All over 700 kilowatt hours 5c	

Five per cent discount allowed on all bills (except minimum charges) if paid within ten days

New rates for rural service are being prepared and will be announced soon.
