**Egg Grading To Be Changed In Portland Mart**

PORTLAND, Ore., Oct. 1 (AP)—Because of the confusion which has prevailed in Portland egg grading, N. O. Morris has been assigned to remedy the situation by state Dairy and Food Commissioner Mickle. Either through intent or ignorance on the part of a few dealers, the public often has bought storage eggs which have borne the fresh egg label. At any rate, the practice was becoming so common that continued reports of it began to reach Mickle's office. Giving the dealer the benefit of the doubt, much of the confusion has perhaps been due to the new law which recently went into effect.
