A white parfait served with sunshine cake emphasizes the white and gold color scheme.

Egg yolks are added to the sponge for the rolls to give the golden color to the dough.

Green and rich yellow cantaloupes are used for the cocktail if green is used with the color effect and delicately tinted honeydew if white is chosen.

Cider salad is typical of the season. This recipe serves eight persons:

Cider Salad
One and one-half cups sweet cider, 1-4 cup lemon juice, 2 tablespoons granulated gelatine, 1-2 cup cold water, 1-2 cup white grapes, 1-2 cup nut meats, 1-3 cup diced celery.

Cut grapes in halves and remove seeds and skin. Break nut meats coarsely and chop celery quite fine. Soften gelatine in cold water for five minutes. Bring cider to the boiling point and stir in softened gelatine. Stir until dissolved and let stand until cool and beginning to jelly. Add lemon juice, nuts, grapes and celery. Turn into individual molds and let stand on ice until chilled and firm. Unmold on bed of lettuce and serve with cooked salad dressing.

MENUS

By Sister Mary

The early weeks of autumn are ideal for parties. People are at home after weeks or months of absence and the hostess finds her guests eager to pick up old ties.

The weather and markets are at their best. It's the harvest of the year and almost any foodstuff wanted can be produced. The weather is cool enough to warrant any hot dish the hostess may want to serve, and at the same time warm enough to make cold dishes acceptable.

The "autumn" colors can be carried out appetizingly in foods. A gold and white or gold and green luncheon is not startling and artificial at this season. For the fruits and vegetables are colorful and vivid.

The following menu is not elaborate but introduces the golden color note attractively: if green rather than white is chosen for contrast, threads of green pepper and decidedly green lettuce accentuate this color in the salad:

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says: "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lax, dry excreting bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose. Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Glass Drugs, Inc. —Adv.
