

BUILDING PASSES \$305,000 MARK

Permit for Williamson-Berry Building Shows Cost to be \$11,200.

New construction in La Grande this year is well on its way toward the \$325,000 mark this week, with a total of \$34,525 in new building work started during the first week of October.

The most important permit was issued Oct. 1, for the erection of the Williamson-Berry building on Adams avenue to cost \$11,200. Second in importance was the taking out of a permit for the erection of a \$3,000 home for H. Warmholz.

Including an unofficial \$150,000 for the Eastern Oregon Normal school administration building, completed this summer, the value of building permits this year, as of Oct. 5, was \$205,320.

Permits issued last week follow: Oct. 1—Mae Stearns, to alter and repair a garage on Oak between Adams and Washington, work to cost \$20.

Oct. 1—H. T. Nelson, to erect a one-story brick business building on Adams avenue between Greenwood and Henlock for Lowell Williamson, to cost \$11,200.

Oct. 1—E. Hackman, to erect a signboard on Adams between Spruce and Maple, to cost \$5.

Oct. 2—R. G. Barrett, to erect a garage on W. between Fir and Greenwood, to cost \$25.

Oct. 4—Cameron and Reagg, for H. Warmholz, to erect a one-story residence building on Ninth between M and N, to cost \$3,000.

Oct. 5—Ray Goodnoh, to alter and repair a one and a half story home on Second between Adams and Washington for Moira Mark, work to cost \$250.

Fire Prevention Week Under Way Over The State

SAL, B.M. Ore., Oct. 7 (Special)—"Believing that every effort exerted now in behalf of fire prevention against fire will yield abundant future returns in the conservation of precious human lives and valuable properties," Governor Patterson has proclaimed the week of October 6 to 12, inclusive, Fire Prevention Week in Oregon and urges the people of the state to organize in a concerted effort toward the reduction of the tremendous fire waste in the state and nation through the elimination of the causes thereof.

"The annual loss of life and property by fire in the state and nation is enormous," writes the governor in the preamble of the proclamation. "Last year the nation's fire loss amounted to \$442,000,000 and that of the state of Oregon to \$6,700,000. Up to September 1st of the present year Oregon's fire loss amounted to approximately \$3,000,000, not including the tremendous devastation visited upon our great forest wealth. Fully 50 per cent of this loss is attributable to carelessness and thoughtlessness."

Governor Patterson's proclamation, issued in conformity to that of President Hoover, marks the official opening of the statewide campaign of observance of Fire Prevention Week in Oregon, under the sponsorship of the Oregon State Fire Chiefs' association, working in cooperation with the State Fire Marshal department, says President Van L. Pearson, of the chiefs' association. "The fire chiefs and the civic organizations are responding heartily to an appeal for cooperation and we anticipate a most successful campaign, which we intend to follow up throughout the year."

THE GARDEN

SOW FLOWER SEEDS THIS FALL

Fall sowing of certain flower seeds has proved to be such a substantial success that up-to-date gardeners make it a point to get the bulk of their annual seed in the ground before the ground freezes and snow flies and that much work is out of the way of the spring rush. The great advantage of this fall sowing is that annuals are coming into bloom in the garden by the time the late cuttings have passed and are in full bloom after the first of bloom of the first of

Have Your Home Wired for Convenience

Adequately planned electrical wiring in the modern home contributes to the convenience and comfort of the occupants in many ways. Plenty of electric outlets into which lamps, radio and household appliances can be conveniently plugged are a necessity that should not be overlooked when building or remodeling plans are considered.

CONVENIENCE IN BUNGALOW

By Chester H. Disque

The above plans show a very convenient layout. Upon entering the main entrance hall we find entrance to the dining-room, stairs, and second floor, coat closet, and living-room, which is two steps below the level of the entrance hall. These steps add greatly to the decorative possibilities of the living-room.

The kitchen is well lighted and has cross-ventilation, to say nothing of the convenient dining nook and rear entry in which the refrigerator is located. The second floor has two bedrooms, both of which enjoy cross-ventilation, ample light and furniture space, with an abundance of closet room and minimum area devoted to hallway and bathroom.

The exterior walls of this cottage would be best in wood shingle or clapboards with wide exposure to the weather and stained a neutral shade, leaning to a cream color with a dark-green wood shingle roof with about six different shades of green being used. The brick chimney cropping out at the ridge

Improvement Gossip

Decorating Being Done--

The home of Eugene Millering is being papered, painted and built up by the Coolidge Paint shop.

"Reaching in" Completed--

The wiring in the walls or "reaching in" of the new addition to the Grande Ronde hospital has been finished by C. V. Talbot, electrician. However, the lighting fixtures have not yet been installed.

Technician Here--

"Bill" Morgan, technician of the Peerless Radio company, spent two days here this week with Spaeth's Plumbing and Heating company.

Install Iron Fireman--

An Iron Fireman was installed this week for the Grande Ronde meat company on Adams avenue by the Spaeth Plumbing and Heating company.

Iron Fireman Installed--

The Spaeth Plumbing and Heating company has installed an Iron Fireman for the Snodgrass and Zimmerman mortuary. Another of these firemen has been installed in the Lot Snodgrass building on Adams avenue.

Business Trip--

L. B. Hamanfield, of the Spaeth Plumbing and Heating company, went to Pendleton Saturday on business.

Repairing House--

C. W. Kane, of Noah's Paint shop, is repairing a house for W. P. Ashman, of Cave and Albany streets. Work began Thursday.

Install Steam Heating Plant--

A steam heating plant was installed at the home of A. W. Leftel on 500 Main avenue. Mr. Shaw of the Commercial Sales company, of Portland, assisted Nate Zweifel when he installed a coal stoker at

EUGENE MAYOR FINED

EUGENE, Ore., Oct. 7 (AP)—H. E. Wilder, mayor of Eugene, paid a fine in police court here for overtime parking. A policeman tagged his automobile.

SENTENCED TO HANG

PHOENIX, Ariz., Oct. 7 (AP)—Richard Mahan Burrows, 19-year-old Chicago youth, was sentenced to hang Friday, December 12, for the murder of Jack Martin, Mesa, Ariz., salesman.

NOAH'S

Judging Team To Represent Oregon

OREGON STATE COLLEGE, Corvallis, Oct. 5—Oregon will again be represented at the National Dairy show at St. Louis this year by a judging team of four students who will compete with groups from more than 30 other states of the union. Four students have been selected for the trip and will leave here Sunday in charge of P. M. Brandt, head of the dairy department.

Bryan Gordon and W. H. Brandt, Edverson; Melville Rieley, Horing, and H. B. Matby, Alsea, are the four selected. Three will comprise the stock judging team and three the products judging group.

For many years the trip of Oregon students to the national show have been made possible through activities of the dairy club here in making necessary funds through sale of ice cream bars at campus athletic and other events. En route the group will visit colleges

CZECHS MEET COMPETITION BY PRODUCING MORE CARS

Prague (AP)—Czechoslovakia, which is flooded with American cars, is not putting its tariff barriers to meet American competition. She is manufacturing in new machines which would produce 100 cars a day.

Germany is the best customer of Czechoslovakia after the United States. Although duty on German cars is lower than that on American cars, yet American machines are in favor, not only because they sell cheaper but also of their endurance power.

Eighteen per cent of the cars imported this year are American as compared with 73 per cent last year. The falling off of imports is due to the great increase in domestic Czechoslovak manufacturing production.

SOLE LIQUOR TO POOR FARM? PORTLAND, Ore., Oct. 5 (AP)—Louis Helming, proprietor of a pool hall at Troutdale, near here, was in the county jail today

Up and down the basement stairs. At 11 a. m. the morning fire's out—at 2 p. m. the house is chilly again. Trudge—trudge—up and down—up and down—a slave to dirt and drudgery—a slave to endless, tiring stairs!

It is estimated that this little house can be built for between \$5,000 and \$6,000, exclusive of heating and plumbing.

Turn to the HART OIL BURNER—it is 10 years ahead of the field

1. THE HART VACUUM FEED SYSTEM—Most others are "force-feed" burners. Vacuum Feed eliminates noisy, troublesome pumps. Only one moving part on entire burner.
2. Triple ATOMIZATION—EXCLUSIVE. Turns oil into fog-like mist. Oil burns completely. No dirty, wasteful residue.
3. There's a model for every heating need... including a model specially designed for warm air furnaces.
4. HART ownership is made easy and pleasant by a small down payment and our liberal finance plan. Let us show you how to enjoy a lifetime of CAREFREE HEAT.

Every HART bears the seal of approval of the Underwriters Laboratory

Nate Zweifel

Now—just as the cooler days are coming on—have us put your furnace in proper shape to assure you plenty of heat when winter actually arrives. We are experts on any furnace—hot air, hot water or steam.

A phone call will bring us.
