We Aim to Help— This column always aims to help its patrons and friends and some times it is done in ways which do not accord with all the rules of the game. Mrs. Irwin Moss is a good friend. She raises chickens. This last season she bought 25 pedigreed chicks and in attempting to tell what splendid luck she had with the birds our mathematical error made them appear so. She now has 14 pullets and 14 roosters. Last week this column was made to say that she had 11 pullets and 24 roosters.

Get Fine Buck— Archie and Marvin McNeill, of near Cove, went out Sunday and bagged a fine buck, which weighed 250 pounds dressed. They were unable to get the animal out that day and another trip was necessitated Monday for that purpose.

Visit Sunday— Mr. and Mrs. Frank Woodell, of near Summerville, had for their guests Sunday Mr. Woodell's mother, Mrs. Ida Moats, his sister, Mamie, and brother, George, of La Grande, and his cousins, Harry and Miss Grace Puzate, of Walla Walla. Mr. and Mrs. Puzate returned to Walla Walla last evening.

Home For Institute— The Misses Eva and Edna Ledbetter came home from Weston Wednesday evening and are attending the institute here rather than the one at Pendleton. Mr. and Mrs. Ledbetter drove to Weston for their Wednesday.

Spent Weekend— Mrs. Bitter Black and daughter, Yvonne, and son, Lyle, of La Grande, spent the weekend at their ranch near Summerville.

Has Fine Calves— Troy Becker, one of the leading club members over near Cove, is quite happy over two new calves—both heifers—brought registered Holsteins. They are raising splendid stock and in doing good club work. He is attending school in La Grande this year.

Visit— Mrs. Everett Wallsinger, of the valley, and Miss Stella Oliver, of Portland, spent Wednesday afternoon visiting with Mr. and Mrs. Herb Oliver and family, of Deje Creek.

Brings Home Talent Play— Wolf Creek grange comes into the valley with their play, "Hush! Mr. Bob's" two evenings this week. This evening they appeared at the Pleasant Grove grange hall as a benefit for that organization, and tomorrow evening they give the same performance at the Blue Mt. grange hall. To each of these the public is invited.

Visit at Meacham— Mr. and Mrs. Hugh Hulse and their three children drove to Meacham Sunday and spent the day with friends.

Entertain at Dinner— Mr. and Mrs. Herbert Speckhart paid a dinner to Helen Jean, of Iowa district, had for their dinner guests Sunday, Dr. and Mrs. H. W. odist church in Allet Thursday the 17th, with the Allet aid, under president Mrs. Mina Standley and her efficient committee, as the hostesses. The program opens in the morning with dinner at noon and a full afternoon's program on which each aid will appear in some way. Each lady attending is asked to bring her own dishes and silver, sandwiches and some articles of food. Coffee, cream and sugar will be furnished by the hostess organization. Fine Strawberries— Unless the frost of the last few nights has spoiled them, Mrs. R. J. Wade, who lives up the Mill Creek canyon road above the Cove, has one lovely strawberry bed and it is of good size, too. Mrs. Wade has a good variety of the ever-bearing berries and right now they are putting forth quantities of the luscious fruit.

Have Interesting Meeting— Mrs. L. E. Howell, Mrs. L. E. Chenault and Mrs. R. G. Chenault carried out the Halloween idea quite attractively when they entertained the members of the Allet aid Wednesday at the Howell home. The decorations were in keeping with the approaching season, as was the program of entertainment. Mrs. Mina Standley presided over the devotionals and also the business meeting, when plans for the coming county convention were discussed at length. The secretary read her report for the year just ended, which revealed the fact that this group has been busy on north-wild projects and have contributed to worthy causes. For the program, Mrs. Ray Keller sang a group of songs, a guessing contest was held with Mrs. Herbert Speckhart and Mrs. Irwin Hess winning. Lectures were told by Madame Sol. A delicious lunch was served by the three hostesses. Guests from a distance were Mrs. Fred Speckhart, of Payson, Illinois, and Mrs. Lufe Hill, of Nora Springs, Iowa. During the business meeting all of the old officers were re-elected for another year, as

Stage Successful Play— The home talent play, "The Boatman's Choice," put on last Saturday evening at Elgin by the members of the Women's club is reported as having been very successful. The play itself was very good, the parts well taken. It was seen and enjoyed by a capacity house and the ladies stand to net quite a little over a hundred dollars from the venture. The play was given as a benefit for the community swimming pool, in which this club has been so interested. Spectacles during the evening consisted of a piano duet by Miss Clara Anclair and Mrs. Thompson, readings by Miss Wilma Hill and music

Conclude's Visit— Mrs. Elwood Bowen returned Sunday to her home at Summerville after having spent several weeks with her parents at Hermiston.

Report Fine Grain Yields In Grande Hall— With the exception of one crop which was threshed last Saturday, harvesting has been completed in the Grande Hall neighborhood for some time. There have been reports of some very heavy yields in that neighborhood and a review of the outcome of the season's crops is quite illuminating.

According to S. T. Ballin, who combined 830 acres in different parts of the district, the average yield was 35 bushels per acre. C. H. Lindacker had 80 acres of Hill wheat—hard, stout, good, red winter variety—that averaged 45 bushels and made the remarkable test of 64 pounds to the bushel. Ed Stein had 10 acres of soft federation—a spring wheat but was sown late fall—that threshed out 74 bushels to the acre. Oliver McCabe's and George Salisbury's spring seeded soft federations made an average of 55 bushels for each acre and George Spear's 100 acres of forty-fold made the same rate. Ira Kennedy, who had a large acreage of both spring and fall wheat, had a general yield of 50 bushels and Roy Spencer, who had a small acreage of spring sown, had the 55 average mark. C. H. Robinson's oats and barley made excellent yield as did the barley raised on the Charles Goldener farm, having threshed out 80 bushels to the acre.

The alfalfa hay crop, as a whole, is reported as not up to the average in production. The first cutting was excellent, making a normal yield in both quality and quantity but the second and third cuttings fell short, yet the quality is of the best.

Be Sure to Get Serum— Readers over the valley, especially those having school children in their homes, are urged to read the story elsewhere in regard to the serum shots for diphtheria. While no cases have been reported in the rural districts and smaller towns, there are cases in the county, and this seems to be the season when epidemics abound. Miss Alice Marquardt, county health nurse, reports that practicing physicians all over the county are administering the serum, and according to authorities, there seems to be no real reason, what ever, for an epidemic of diphtheria this year. For those who are unable to pay for the serum, the county nurse is able to arrange satisfactorily and she is urging the use of it that school work may be uninterrupted, that the suffering may be avoided, and that possibly lives may be saved. The practice of having the shots is a small one in comparison to the results that may be attained. See Miss Marquardt and arrange with her for the treatment.

Drive to Nyssa— Mrs. Andrew Blokland, Lester and Mildred Blokland and Doris Cade drove to Nyssa Sunday and attended services at the Methodist church of which Miss Jessie Blokland is pastor.

Here For Apple Picking— Mr. and Mrs. C. H. Wrenshaw are in the valley from their home at Walla Walla and are assisting with the apple harvest at the Wilson orchard near Nyssa. They are interested. They are accompanied a usual by Buster—Buster is their dog, but we will not tell all we know about Buster.

Wed in Middle West— According to reports, details of which have not yet been received, another prominent young farmer of the valley is soon to bring his bride here to establish a new home. The marriage of George McDonald, of near Allet, and Miss Lyla Holt, a former teacher of mathematics in the La Grande High school, was to have been an event of Wednesday, October 9, at Minneapolis, Minnesota. Both the young people are very well known in La Grande and through the valley.

Visit at Son— Mr. and Mrs. G. M. Gray, of low Cove, had a delightful Sunday visit at the home of their son, Ernest, and family near Cove.

Here From Missouri— Mrs. Mary Wood, of Kansas City, Missouri, is in the valley making a visit at the home of her father, James McKeat, near Rhinehart.

Purchases New Bull— R. S. Constock, prominent dairyman of the county, has purchased a new bull to head his herd of both grade and registered Holsteins. The purchase was made from Mr. Hall, county agent of Multnomah county. The animal is a year old, and comes from a line of finely bred Holsteins.
