H. L. Hess, local attorney, has gone to Boise for a few days on business.

From Portland—
Claude Davison, of Portland, is in La Grande on business.

FLAMES TRAP 20 IN HOTEL IN SEATTLE

(Continued from Page 1)
The old building which was said by police to be a fire trap, showed few marks on the outside of the tragedy.

McNamee, the fireman most seriously hurt, fell through a skylight.

Reports that several Japanese children were burned to death in the living quarters of the proprietors were being investigated by firemen, who also were seeking the source of the flames.

Apparatus from four downtown fire stations responded to the alarms.

Bodies of the victims of the fire were found in many parts of the building. Some of them were still in bed, others were sprawled on the floor in front of doors they had tried to reach. One man was found underneath his bed, where he sought to escape the smoke, and the body of another was found in a chair in the hallway.

LARGE CROWD AT ELKS '49 SHOW

(Continued from Page 1)
It is better, the crowd will pass the 1,000 mark.

Members of the '49 show committee today urged more members to attend, and to help in staging the show.

Walter Pierce Is Speaker At Normal School

Several important and interesting events took place at the Eastern Oregon Normal school this week.

The assembly yesterday when Ex-Governor Walter M. Pierce spoke, the visit of Mrs. Virginia C. Bacon to the school library, more girls' houses, organized the selection of blue and gold for school colors, and an announcement of a student body dance to be held tomorrow evening in the auditorium.

Mrs. Pierce told many interesting reminiscences of his early days in Oregon, and spoke of the ideals of the teaching profession, and the requirements of a good teacher at the assembly yesterday.

Mrs. Virginia C. Bacon, librarian of the state library at Salem, evidenced considerable pleasure at the progress the school library is making. Mrs. Bacon also visited the La Grande public library on a visit of inspection and observation. She especially liked the boys' and girls' library.

Mrs. Bacon succeeds Cornelia Marvin who resigned to become the wife of Ex-Governor Walter M. Pierce.

At the home of Mrs. L. M. Deamwell 1408 T Avenue Francis Flavel back has been elected president. Fleta Weicht and Ruth Benaol are chosen for the positions of vice president and secretary-treasurer respectively.

Lily Leone Isel has been chosen for the position of president at the home of Mrs. O. B. Johnson, 1442 M Avenue, with Catherine McKinzie assisting as vice president. Irma Johnson will assume the position of secretary-treasurer.

The wives of Mrs. Robertson at 2412 Adams and of Mrs. Glasscock at 1401 Washington have combined, electing Alton Palmer as president; Wilma Long, vice president; and Eva Woods, secretary-treasurer.

JUDGE TEMPORARILY ELEVATED
SALEM, Ore., Oct. 17 (AP)—Chieft Justice J. W. Hamilton of Roseburg has been called by Chief Justice Coshaw to sit as a member of the state supreme court until January 1, relieving, during that period, Justice George M. Brown who will rest for the next two and a half months.

Justice Brown has been in ill health for some time, but is improving, and will, it is believed, be able to resume his work at the first of the year.

Here Yesterday—
Mr. and Mrs. L. Z. Terrall, of

Girls Take Up Volley Ball And Tennis in L. H. S.

Volley ball has started at the high school with 28 girls enrolled in the sport this week, and more expected to enter next week.

Classes will practice for a month, before teams are chosen. Teams will be selected and class games played about the last of November.

Next week each class will practice one night, then during the next two weeks, two classes will practice an evening, giving two days practice a week to all classes.

The tennis leader are chosen and the finals of girls tennis will be this week. This is the first time tennis has been held in the fall, and about 32 girls have been out for it.

At the end of the tennis season, emblems will be awarded.

Bank Robber Held Guilty of Murder

LAMAR, Colo., Oct. 17 (AP)—Howard L. Royston, second member of the "Pleagle Gang" to stand trial for murder in connection with the robbery of the First National Bank here in 1925 was convicted of murder in the first degree by a jury yesterday. The conviction carries a mandatory death sentence.

Howard L. Royston was a member of the Pleagle gang of robbers that entered the Haines, Ore., bank in February, 1929, and escaped with about \$2000. Whether Royston was with the gang during the time of the Haines holdup, is not certain.

CITY BUDGET FOR 1930 IS \$154,462.48

(Continued from Page 1)

etc. This fund was created, but instead of adding it to the health appropriation, it was included in the emergency fund, under a separate provision.

Commodore park will require \$500 in 1930, compared with \$50 this year, which was unmet and will revert to the general fund. The \$500 will be spent in planting trees, shrubbery and general improvement of the two blocks of land.

The police department appropriation for 1930 is \$13,000 compared with \$12,100 this year, the increase being necessary to pay a dogcatcher's salary and pay for a new car for the use of the department.

The library, which operated on a \$9,000 budget this year, was allowed \$10,200 for 1930. This represented a \$100 increase in supplies, \$1,200 for installation of an oil burner, and \$800 to retire street assessments. On the other hand, \$1,300 was spent this year for linoleum, which held the increase to \$1,200.

Keep Walks Clear of Snow
In investigating the street department budget, provisions were made on the suggestion of Mr. Bohnenkamp, for the purchase of a sidewalk snowplow to be used to keep all walks in the city cleared of snow during the winter.

It was stated that the city could keep approximately two miles of sidewalks for \$1, after the cost of equipment had been excluded. The appropriation totals \$11,000, including \$8,500 for salaries, \$4,000 for supplies and \$1,500 for equipment (including the new dump truck). The additional \$500 for the sidewalk cleaning was added to the original item of \$8,000 for

salaries. The sewer department was quickly approved in the amount of \$5,750, with \$250 more for supplies and \$500 more for salaries than this year.

New Water Device
One thousand dollars was added to the water department budget for 1930, this sum to pay the master of the expense for installing the device to show the depth of the water in the Old Town reservoir.

At present, four to five trips are made daily to the reservoir by city officers to check on the supply of water, and it is estimated that the device will pay for itself in a short time in savings of time, gasoline, etc. The measuring of the water at the reservoir is necessary because the storage capacity is only large enough to keep La Grande supplied for 20 to 24 hours in normal seasons. The appropriation when finally approved totaled \$25,540 compared with 23,900 for this year.

An increase of \$120 in the city building item of \$2,000 was approved and an additional \$500 for street lighting expenses, bringing the street lighting item to \$13,000, was given an O. K. Interest on general warrants was approved at \$2,112.48 and the sinking fund, totaling \$17,500, was also passed on favorably. Four hundred dollars was allowed for election expenses during the coming year and the miscellaneous fund, totaling \$3,500 was approved. This fund is \$1,500 less than for 1929, although it includes \$750 for payment for the site for the dehydrating plant. Two hundred dollars was allowed for advertising, a reduction of \$24.

Estimates Revenues
Estimated revenues follow: water \$50,000, fines \$3,500, licenses \$3,500, miscellaneous \$300, franchise \$2,000, and back taxes \$1,000. During the commission meeting

several minor matters were attended to, including the allowing of estimates on improvement district work; reading of a communication from the University of Oregon describing a new service offered municipalities, etc.

It was announced that the state board of health has chosen La Grande as one of the few Oregon cities in which the milk situation will be surveyed. The commission agreed, at the state's suggestion, to pay part of the expenses of this survey.

Children's Safety Sought
Commissioner Melville brought up the question of safe parking and loading and unloading of school children at the high school, pointing out that several accidents have occurred recently. Commissioners Hill and Phyle agreed that the situation required attention, and it was suggested that City Manager W. C. Crews meet with Supt. J. T. Longfellow in the hope that arrangements could be made to load and unload children in cars back of Central school instead of on Fourth street, thus minimizing the danger from children running across the road to cars parked on the east side of Fourth street.

AN ANCIENT PREJUDICE HAS BEEN REMOVED

Never again need scientific research grope in darkened cellars behind doors bolted against torture. AMERICAN INTELLIGENCE has swept before it the ignorant barrier which stupidly impeded men of genius and science marches proudly on.

"toasting did it"

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.
