DEFENSE IN FALL TRIAL RESTS CASE

Court to Receive Prayers of Two Sides This Afternoon.

ARGUMENTS WILL BEGIN MONDAY

Reports Made to Navy From Asiatic Stations Eight Years Ago Held Confidential.

WASHINGTON, Oct. 19 (AP)—The defense in the bribery trial against Albert B. Fall, concluded its case today after introducing testimony intended to show that he did not award all of the Elk Hills reserve to the Pan-American Petroleum and Transport company as charged by the government.

The court agreed to receive the prayers of the two sides this afternoon while the jury was excused until Monday when closing arguments will be started.

It developed at today's session that reports made to the navy eight years ago from Asiatic stations by Rear-Admiral (Gleaves) still are regarded as confidential by the secretary of the navy and cannot be made public.

The reports were called for today by defense but were refused by Captain H. H. Stuart of the navy, who said he did not bring the reports because the secretary had ruled it was incompatible with national interests to divulge their contents.

The defense sought the reports to substantiate testimony of Edward L. Doherty, that the Pacific coast was under potential menace from Japan and that this alone persuaded Doherty to undertake the Pearl Harbor contract which resulted in the indictment of Fall for accepting a bribe and of Doherty for giving it.

The navy previously had refused to let the Gleaves report be presented at the Fall-Doherty conspiracy trial three years ago.

ENTERPRISE TO HAVE A LOWER TAX NEXT YEAR

CITY TAKES IN ENTERPRISE WILL BE MATERIALLY LESS NEXT YEAR IF THE BUDGET PROPOSED BY THE COMMITTEE IS APPROVED BY THE COUNCIL AT THE FINAL MEETING NOV. 8.

The third night crowd at the P. O. Elks Days of '29 show, held last evening in the Sackawaga tent building for the benefit of the annual Christmas tree for the kiddies and to provide for baskets of provisions to the needy during the holidays, was about 1,300, according to announcement this morning by members of the Elks staff in charge.

Last year the third night crowd was exactly 1,250. The total attendance for the first three nights equals about 2,750, compared with exact figures of 2,619 for the same events in 1928.

The large crowd of the show is expected for the closing hours to night, with more than 2,000 people scheduled to take part in the evening's festivities.

Four girls are presented each evening and many other prizes of candy and merchandise are offered to winners in the show.

Far western states: The outlook is for fair weather at the opening of the week except for rain west of the Cascade mountains which will probably extend into Idaho and Northern California by the middle of the week. Temperatures will be normal.

FIRE SWEEPS APARTMENTS

PORTLAND, Ore., Oct. 19 (AP)—Fire of undetermined origin caused damage estimated at \$75,000 in the Admiral Apartments here last night. Firemen fought the blaze four hours.

THOMAS EDISON ARRIVES IN DETROIT TODAY FOR GOLDEN ANNIVERSARY

DETROIT, Oct. 19 (AP)—Coming to receive a nation's tribute on the golden anniversary of his invention of the incandescent electric light, Thomas A. Edison, arrived here from East Orange, N. J., today. Traveling in the private car of Henry Ford, the inventor went immediately to the Ford plant to receive a check for \$100,000, which is a portion of the public money that will honor the new Edison tonight during the celebration Monday night. To give the celebration the atmosphere of 1879, however, the restored Menlo Park buildings and the reproduction of Independence Hall, which is the principal unit of the early American village, will be illuminated only by tallow candles and oil lamps.

Light's own tribute to Edison will be a flood of modern illumination that will bathe the new Edison tonight during the celebration Monday night. To give the celebration the atmosphere of 1879, however, the restored Menlo Park buildings and the reproduction of Independence Hall, which is the principal unit of the early American village, will be illuminated only by tallow candles and oil lamps.

California Wins From Penn, 17-7; Harvard Leading

Golden Bears Turn Back Eastern Team in Quaker City—Army Fails to Hold Opponent.

By Alan J. Gould (Associated Press Sports Editor)

PHILADELPHIA, Oct. 19 (AP)—Before a crowd estimated at 80,000, as the sun shed an almost summer like warmth on the spectacle, Penn met the charge of California's gridiron warriors today in the first big clash of east and west this season. But the easterners were turned back, 17 to 7.

The Bears struck swiftly when Benny Lonn, star halfback, took Jentle's kickoff and raced 56 yards to Penn's 36-yard line, where he was tackled from behind by Gerwin, end. From there, with Lonn and Griffiths doing most of the gaining on a nice mixture of plays, California scored a quick touchdown. Fullback Hicksbath, who went over in the final charge of a yard, Bockett missed the try for points. Score California 6; Penn 0.

Penn Scores

Penn came back with a touchdown, after being stopped once on California's 32-yard line. Lonn's attempted punt was blocked and recovered by Hallett for Penn on California's 18-yard line. Mustangs went over for the touchdown in three plays, as Penn's passing behind the line, engineered by Gentle, tricked the westerners. Mustangs also kicked goal, putting Penn in lead, 7-6.

California launched a drive into Pennsylvania territory near the close of the first period, after an exchange of punts. Lonn did most of the ball tugging, reaching Pennsylvania's 40-yard line in a series of short thrusts.

Pass Used to Score

California brought the pass into play to score its second touchdown.

FIGHTING OREGON IN PORTLAND

On the left is the well known Waldemar Pederson, Idaho's "Galloping Swede." Pederson, a triple-threat back, has galloped to more touchdowns than any other Vandal. Idaho expects great things from him against Oregon at Portland this afternoon. Pederson is a sophomore and weighs 170 pounds. On the right is Johnny Norman, one of Coach Callahan's five regular ball carriers. Norman is a sprinter on the track squad and an extremely elusive youngster.

Russian Plane Continues Trip Down The Coast

VANCOUVER, Wash., Oct. 19 (AP)—The Russian plane, "Land of the Soviet," left Pearson field at 8:44 a. m. today for Oakland.

The take-off was perfect.

The Soviet fliers, on the Seattle-Oakland leg of their Moscow to New York flight, made forced landing here yesterday after a flight from Seattle. They planned today to fly to Oakland without stopping although they were to circle low over Medford.

A leaky radiator and a faulty oil intake line forced the fliers to turn back and land yesterday after they had passed Portland southbound.

PANTAGES TRIAL ENDS NEXT WEEK

Expect Case to Reach Jury in Few Days—Recessed Until Monday

LOS ANGELES, Oct. 19 (AP)—With but few defense witnesses remaining to be called, when court recesses Monday following the weekend holiday, counsel indicated today that the trial of Alexander Pantages on a statutory charge preferred by Eunice Pringle, co-ed dancer, will in all probability reach the jury by the end of next week.

The accused theater magnate is expected to take the stand early in the week, probably as the last witness for the defense. District Attorney Byron Fitts had indicated that he will call several rebuttal witnesses for brief examination after the defense counsel rests.

Chief witness yesterday was contained in the testimony of L. A. Mills, Stockton, Cal., attorney, who directly accused Garland Biffle, defense witness indicted for perjury, with giving false testimony, and of Mrs. Rose Fowler, private secretary to Pantages, who gave an entirely new version of the attack story.

Mills testified that on October 3 he had met Biffle in Stockton and Biffle told him that he had been subpoenaed as a witness for Pantages case but "I don't know a thing about the case."

"I was in the theater building at the time of the alleged attack, but I saw nothing and heard nothing," Mills said Biffle told him.

Biffle was recalled to the stand and admitted the conversation with Mills, but denied that he told the Stockton man that he had no knowledge of events leading up to alleged attack. He reiterated his previous story that he had seen the girl and Dunaway enter the lobby and heard their conversation before the girl went up stairs to the Pantages office.

Contradicting stories told from the witness stand that Pantages showed signs of a struggle following his alleged attack on Miss Pringle, Mrs. Fowler testified that her employer showed no evidence of the attack and his clothing was not disarranged.

There were no marks, bruises or scratches on Mrs. Pantages when she came out of the lobby at 7:15 in which Miss Pringle claims that she was attacked," said Mrs. Fowler.

Heavy Fighting In Northwest Honan

SHANGHAI, Oct. 19 (AP)—Heavy fighting between Kuomintang and Nationalist troops at Yenching in Northwest Honan was reported tonight in a dispatch from Japanese sources in Nanking.

LONDON, Oct. 19 (AP)—A rumor discredited from Shanghai today said it was reported yesterday that General Fong Yulan's forces had captured Chengchow, Honan, and were advancing toward Hsiangho.

CAMP MARRY DESTROYED

AUSTIN, Tex., Oct. 19 (AP)—Camp MARRY, Texas national guard encampment near here, was destroyed by fire today.

The fire started about 4 a. m. and its origin was not determined immediately. It swept through two buildings quickly and spread to a third.

\$25,000,000 In Tourist Money Left In Oregon

Portland Chamber of Commerce Gives Estimate for Amount of Annual "Harvest."

PORTLAND, Oct. 19 (AP)—Nearly \$25,000,000 will have been left in Oregon by the end of this year by automobile tourists, the chamber of commerce here estimated today. Statistics compiled by the secretary of state showed registration of 89,071 visiting cars during the first nine months of the year, indicating a total of 100,000 for the entire year. It was pointed out that only about 60 per cent of the total visiting cars in the state were registered. This would bring the actual total to around 165,000.

The survey was based on the average of 3.5 persons to each car, and upon an average seven-day stay in the state.

Two-Thirds at Hotels

Approximately two-thirds of the tourists were classified as hotel and resort patrons, the rest camper-tourists. The survey indicates the first group spends \$7.50 a day per person; the camper outlay was set at \$3.50 a day.

Based upon this formula, the hotel class of tourist will have left approximately \$20,212,500 in Oregon by the end of the year; the camper, about \$4,446,750.

The chamber announced it had spent about \$100,000 this year in advertising the state's recreation, outdoor playground and scenic assets.

Prominent Man Nearly Drowned In His Bathtub

NEW YORK, Oct. 19 (AP)—Harry S. Black, chairman of the board which operated the fashionable hotel Plaza in Central Park south, was nearly drowned in a bathtub in his apartment on the 18th floor of the hotel early today. An inhalator crew worked over him for eight hours before he was revived. Physicians reported him out of danger.

It was stated at the hotel that Mr. Black had fainted in the tub. He was found unconscious by a bell boy, his head submerged in the overflowing tub.

Considerable mystery surrounded the accident, hotel officials and gas company employees refusing to disclose the identity of Mr. Black for some time. It was only on insistence of police that the details of the case were given to the press.

Mr. Black, who was born 65 years ago in Coburg, Ontario, is widely known as an international engineer and promoter.

SCHOOL MAN 'EGGED' OUT OF HOLTON, KAN.

HOLTON, Kan., Oct. 19 (AP)—Pursued by dozens of egg-throwing supporters of Holton high school, A. G. Schroeder, superintendent of school at Holton, Kan., was forced to flee from town under guard after a football game yesterday in which Holton defeated Holton 27 to 6.
