APPLE SNAKE? APPLESAUCE!

National Apple Week, October 31 to November 6, tempts charming Miss Louisa Van Vleet of the Union Pacific to eat more apples, apple pie, and apple cobbler. She is talking it over with a real apple snake, furnished by the International Apple Shippers Association. Wonder if this snake's grandpa came from the garden of Eden?

## ATTACKS BY BAKER CAUSE ILL FEELING

(Continued from Page 1)

Through the business district it was also said by interested citizens that as far as they were concerned, any move on the part of this community to help secure a less severe sentence for the Baker school would have to be preceded by an admission from Baker both of the ineligibility of the two players designated by Roy E. Cannon, personal statement and of the sportsmanship violation indicated by the participation of non-resident players and issuance of guardianship papers in an attempt to legalize their interscholastic playing.

La Grande people especially point to the fact that although Mr. Cannon named two players as specifically ineligible that he did not in any way retract the formal decision of the board issued Saturday which is contrary to fact. The formal statement filed with the state board by local school authorities is in the hands of The Observer and no reference of any kind is made to slush funds for athletes or to the hiring of players in any way. The only charges entered by La Grande and the only charges on which the decision of the state board was based had to do with the residence of protested players, the fact that none of the parents of these players resided in the Baker school guardianship to permit those players, the issuance of letters of intent to compete in football and the matter of scholarship records.

It is pointed out here that the

We wonder if all the ink used by Scotchmen filling their fountain-pens in post offices would equal that used by guys like us in writing jokes about them.

When we were first married, we had lots of home cooking, but after a while, our friends weren't at home so much.

**BAKER PLANS ACTION**  
BAKER, Ore., Oct. 30 (AP)—A citizens' committee was organized here last night for the purpose of contesting the recent ruling of the state high school athletic board in barring Baker high school from further participation in high school football this season. The board so ruled because of alleged "unsportsmanship" on the part of the school, and for alleged failure to abide by board rulings with reference to eligibility of players.

Henry McKinney was elected chairman of the committee; A. S. Grant, secretary, and James Burnett, treasurer. Funds are being raised to finance what may become a long, drawn out fight.

The objective of the committee, as explained at the meeting, is to obtain public retraction of all charges involving bad faith on the part of Baker high school by Mr. Longfellow and Mr. Towler of La Grande and Mr. Adams of Corvallis, "unless definite proof can be furnished; removal of suspension and public declaration by the state board that 'charges of bad faith were not sustained.'"

The residence question originally raised by La Grande does not figure in the controversy, it was said, "since by failure to declare the athletes ineligible, the board upheld their eligibility."

The committee was to meet today to consider placing charges of unfairness against Roy E. Cannon of Portland, secretary of the high school athletic board.

The committee plans to send a delegation to the annual meeting of the association in December to fight for vindication in event no action is taken before then.
