**Potato Growers Receiving \$2.25 Per Sack, Sorted**

By W. V. Connor  
(Observer Correspondent)

UNION (Special)—Many potato growers in this end of the valley have been busy during the past couple of weeks harvesting the spud crop. They are selling the sorted potatoes at about \$2.25 per sack.

Ed Clark and family arrived here Sunday from a two-week vacation trip into Western Oregon and Washington. While on the trip the Clarks visited in Portland and along Puget sound.

Mr. and Mrs. Don Gale left for Portland the first of this week. They expect to be away for several days.

Cecil Jones has been in Portland for the past few days having an examination made of an injured arm. He was in Portland last spring and had the arm set.

Members of the local Rebekah lodge are holding extra meetings to prepare for the county meeting at which time they will exemplify part of the work of the lodge.

From latest reports it seems that one of the two young men who were implicated in the shooting in South Union last week, has disappeared. The two boys shot through a window and the bullet struck Mrs. Land in the hand. It is believed that the shooting was done more to scare another party than with an intention of wounding any of the inmates of the house.

Mrs. Louise Burwell, who had the misfortune to lose her home and most of her furniture by fire last week, was the recipient of a miscellaneous shower by members of the Rebekah lodge, following the meeting of that order Tuesday evening. Many useful articles were received by Mrs. Burwell for which she felt very thankful to the ladies of the lodge.

Miss Doris Kirk who has been going back and forth to attend the normal school at La Grande, has made arrangements to remain in the city with some other Union people and will come home only at the weekends.

The Union American Legion post has a Halloween dance scheduled for October 31. The boys are raising a fund to pay for a doughboy statue to be placed in the city park.

have it if they can't pay it back." Senator Caraway called attention to Grundy's constant attendance in the senate gallery during the tariff discussion.

"Yes, I thought the show was worth the price of admission." "Yes, I guess you did," Caraway reported, "did you rent that seat up there?"

Caraway asserted Grundy was able to divert himself in his various offices in a manner like (7) Ku Klux Klansman taking off his white robes, and the witness replied:

"You come from a section where you ought to know about that."

Caraway countered that Pennsylvania had had considerable Klan disputes.

**Eggs Advance in Portland; Butter Prices Steady**

PORTLAND, Ore., Oct. 29 (AP)—Butter grade eggs have advanced again. One cent was added to the price of fresh extras and fresh medium Wednesday by the Pacific Co-operative Poultry Producers, making the former 47 cents and the latter 28 cents to wholesalers. Retail prices are usually 2 cents above these, but were fixed mostly at the highest of the latter. Some retailers were charging as high as 55 cents for fresh extras.

Butter prices were steady and unchanged.

Reviewing the fruit and vegetable situation, the Portland Market News Service of the United States Bureau of Agriculture says:

"Storms and variable weather were affecting the produce market to some extent. Low temperatures were experienced in the middle west and as far as Colorado. Carlot movement of most fruits and vegetables showed considerable decrease, following the unsettled weather and it is possible that a stronger market tone will soon prevail. The past week registered an improvement in prices for potatoes in the north central region and at points further west, while weakness developed in the eastern potato market.

"Western lettuce declined in consuming centers, but slightly better prices were recorded for grapes both east and west, and for cabbage in New York state.

"Products holding about steady included apples, celery, onions and sweet potatoes."

think they have more than men."

**Editors Women Lose**

A great many elderly women were among the throngs filling the brokers' offices, wealthy dowagers who arrived in cars with liveried chauffeurs and retired school teachers rishing their savings on the turn of the market.

Four richly dressed women toured brokerage offices in a party. One of them announced she had lost \$15,000 and led her companions out remarking: "This place is depressing."

Brokers said the women were more volatile than men in discussing their losses, confining to casual strangers what their thing in the market had cost them.

**AMERICANS HURRY HOME**

PARKS, Oct. 29 (AP)—The break in prices in Wall Street and the consequent stock market losses are sending home in a hurry many Americans who have been "joy riding" in Europe on paper profits.

The United States liner George Washington, which sails tomorrow has a waiting list of twenty five and the Leviathan's next sailing is being rapidly booked.

Other steamship lines report the same condition, and scores of Americans who do not have to commute on cables must wait two or three weeks to sail.

The British labor party proposes to drop the word "socialist" from its official title. Maybe that would settle the party line a couple.

So the assumption then is that this sextet of scoring ones carries plenty of material for the All-American authors.

Cagle, who was a unanimous choice in 1928, is going great. Yet the Army's master halfback hasn't a great deal on Al Marsters when it comes to keeping the experts tuned up in the eastern zone.

Al has a lot of capable company on that crack Dartmouth outfit and he seems likely to land a job on that high-powered mythical team, whose members have nothing to do but keep quiet and look wise.

Out in the south and west, where they rear their fast and smart, some of the nominees also appear indispensable to any expert's All-American backfield lineup.

There is "Chuck" Clark, still doing a one-man job of putting Colorado College on the football map.

In the same general direction from the eastern lookout stations are Jack Elder, the Notre Dame

earned breakfast money before departing.

**Wheat Strong At Close Today In Chicago Mart**

CHICAGO, Oct. 29 (AP)—Wheat soared lively upward in price today, after a waverling start. Rallying power shown by stock exchange quotations was the principal immediate factor as to wheat, but traders gave increasing attention to developments that ordinarily affect grain values. Openings unchanged to 1/2 higher, wheat hesitated a little, and then rose quickly as much as 1 3/4 c a bushel in some cases. Grain was easy, starting at 5c off to 5c up, and subsequently ranging all around. Oats were firm. Provisions held about steady.

Wheat closed strong 2 1/2 to 1 1/2 c a bushel higher than yesterday's finish. Corn closed 5c to 1/2 c up, oats 1/2 c to 1/2 c up, and provisions varying from 10c decline to a rise of 7c.

**Relief from Gas Stomach Pains Dizziness**

The doctors tell us that 90 per cent of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you relax food and digest it properly.

Tanlac has a wonderful record as a relief from digestive troubles, even those of years' standing.

Mrs. Annie Waters, of 3752 44th Ave. S.W., Seattle, Wash., says: "I suffered from nerve-racking stomach trouble. Every available remedy brought no results until I tried Tanlac. It built me up till my stomach trouble was cured."

If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation, or torpid liver; if you have no appetite, can't sleep and are nervous and all run down, you need Tanlac. It is good, pure medicine, made of roots, herbs and barks. Get a bottle from your druggist today. Money back if it doesn't help you.

MEDFORD—Eight man-caused fires reported in the Crater national forest were under control today.

ST. HELENS—The late potato crop of Columbia county will be at least forty per cent short according to George Nelson, county agent.

PORTLAND—When a municipal judge released Earl Brown, itinerant negro bootblack after spending a night in jail, Brown set up a portable shine parlor in the corridor of the court house and

If these won't do it will be an easy job to find substitutes. And this probably is the first time such men as Lem of California, Thomas of Minnesota, Saunders of Southern California and Glasgow of Iowa ever were referred to as substitute choices, even on a mythical team.
