## Mr. Frees Hostess To Clio Club At Bridge Luncheon

At a charming bridge luncheon, Mrs. N. W. Frees was hostess to the Clio club yesterday afternoon at the Sackajaw Inn. A cluster of lovely fall flowers formed a centerpiece at the luncheon table. Four tables of bridge were at play during the afternoon, with Mrs. Elmer Stoddard winning high honors.

## Club Entertained At Harnden Home

Mrs. Della Harnden was hostess last night at an enjoyable meeting of the E. Z. club, a bridge organization of three tables, at her home on N. avenue, which was cleverly decorated with ghosts, witches, black cats and other symbols of the season in Halloween colors. Bouquets of fall flowers, ferns and pumpkins, added to the decoration.

## Camp Fire Girls In Social Meeting

Wachelovan Camp Fire Girls and their friends were delightfully entertained at a Halloween party Tuesday evening, with Theresa Curran, Clara Norris, Cecelia Reynolds and Eugenia Trumbull as hostesses, at the home of the guardian, Miss Doris Warner.

## Hallowe'en Party Given At Church

Members of Epworth League and their friends spent a jolly evening last night at a Hallowe'en party in the basement of the Methodist Episcopal church, which was attractively decorated in seasonal colors, with a carpet of autumn leaves on the floor.

## Parkdale Club In Enjoyable Meeting

The Parkdale club spent an enjoyable afternoon yesterday at the home of Mrs. Robert Alexander, which was attractively decorated with jack o' lanterns and other Hallowe'en symbols. Mrs. Isaac Shaffer assisted Mrs. Alexander as hostess.

## Party Compliments Mrs. Hartenbower

In honor of Mrs. R. B. Hartenbower, Ed Jacobsen entertained three tables of bridge at her home yesterday afternoon, with Mrs. Ross Eaton and Mrs. P. Caldwell assisting.

## P-T. Association Meets Last Night

The Parent-Teacher association of the Eastern Oregon Normal Training school met last night in the normal school in regular session, with a large attendance.

## MONOTONY IN DIET IS UNDESIRABLE

Eat Wide Variety of Foods Sweetened for Enjoyment

If a diet expert could visit every home in the United States and combine all the diet mistakes into one phrase, he would doubtless say, "too monotonous." Food authorities are complaining that the richest nation of the world is sacrificing both health and enjoyment by eating monotonous, unappetizing foods.

There is a remedy that, with a little thought, can be applied in every home. Make a study of all the varied healthful foods, being sure to include all eggs, cereals, vegetables, fruits and meats. Serve varied foods in the regular diet, and learn to use the right amount of sugar to make the various dishes tasteful and delicious.

It is simply impossible to keep well without eating the varied foods that contain all the health elements. It is almost impossible to eat these foods unless they are pleasing to the taste. Sugar, in addition to being a wonderful food, is nature's perfect flavor.

Make delicious milk-shakes with milk, sugar and flavoring. If you want your family to like eggs, learn how quick and easy it is to make healthful egg-nogs. Remember applesauce, stewed dried fruits and cereals for breakfast. Remember the rule of one cooked and one raw fruit and vegetable a day, properly sweetened and cakes, cookies and ice cream for dessert. Most foods are more delicious and nourishing with sugar. The Sugar Institute.

grade rooms. Children are not taught to read words alone, but in the first grade emphasis is placed on comprehending what is read. Mrs. Florence Lynch Miller sang some enjoyable solos. The grade rooms were opened through the evening, giving parents an opportunity to see the type of work being done and the furniture in use. The movable, adjustable chairs, giving the children comfort and freedom, were a particularly interesting feature.

## White Rose Club Plans For Bazar

Members of the White Rose club will meet every week from now until late December while they are making preparations for their bazaar which will be given some time before Christmas, they decided at their meeting Tuesday.

Delicious refreshments were served during the evening.

## Announcements

The teachers in the junior department of the Sunday school of the Presbyterian church will give a Hallowe'en party tomorrow evening in the basement of the church for the children in that department. The hours are from 7 to 9, and it is announced that means of transportation from the party will be provided for children whose parents cannot call for them.

## MENUS

By Sister Mary Cheese cake makes a good dessert for this season of the year, Sunday night supper, Saturday luncheon or any festive but informal gathering for grown-ups finds a suitable "sweet" in this old-time favorite. Cheese cake and coffee may answer the question of what to serve to one or two tables of bridge some early winter evening.

Almond Cheese Cake Two cups cottage cheese, 1 cup sugar, 1-2 cup butter, 1 tablespoon cornstarch, 1 lemon, 2 eggs, 1-2 cup blanched and shredded almonds, 1-2 teaspoon salt, plain pastry.

Fruit cheese cakes are very rich and less suitable for a single-dish party refreshment than Polkstone or almond. Polkstone cheese cakes have a bread and milk "panada" foundation, in which currants, eggs and butter are added. Almond cheese cake actually uses cottage cheese and the cake is a thick, light, altogether delightful concoction.

## After High Winds Hit Baby Blimp

Not very much was left of the Goodyear "baby blimp" Vigilant for Pilot Charles Brannigan (inset) to write home about after high winds struck the craft while it was being refueled at an airport near Pittsburgh, as this picture of the wreckage shows. The little dirigible was wrecked when the winds snatched it from the ground crew's grasp.

## CROSS-STATE LINE UP TO COMMISSION

The complaining, in reply, contend that the commission has such jurisdiction and that the facts as presented indicate the need for the road.

Development hampered? The Oregon public service commission held that development of Central and Western Oregon is being hampered by the absence of an east-west cross-state line.

Counsel for the complainants declared traffic now originating in Western Oregon and destined to eastern points much more either south to Riverside, Cal., or north to Portland. A similar movement, they contended, is experienced on traffic originating in Eastern Oregon and Southwestern Idaho and destined to California and Southwestern Oregon.

As a result, it was said, a longer haul is made and greater time consumed, making it impossible to ship certain perishable products.

Racing Information In a weight-for-age race a horse is handicapped according to his age. Edgar Wallace, writing on the subject, says, "A three-year-old may carry eight stone two pounds, a four or five will carry nine stone—less the weight of the jockey, of course—but the weighing is further complicated by the distance over which the race is run and the month in which it is run."

## Transgressor's Penalty

Who swerves from innocence, who makes divorce of that serene companion, a good name, recovers not his loss, but walks with shame, with doubt, with fear, and haply with remorse.—Wadsworth.

## Fishermen's Paradise

Conservatively estimated, more than one million fish are taken from national park waters during a tourist season.

## Mercury Unique

Mercury is an exception among metals, in that it is recovered without smelting, being distilled at the mines and shipped as a finished product.

## Hopeless

"They're so old-fashioned," said one of the neighbor women the other day, "that actually, my dear, they frequently stay at home on Sundays."—Fort Wayne News-Sentinel.

## Birds' Keen Sight

The power of vision of birds is on the average 100 times greater than that of man. Birds have been known to see a worm on freshly plowed ground at a distance of 300 feet.

## No Housecleaning Bother

Women of Siberia never clean house. When the floors get too littered with refuse to move around easily, they pull up stakes and plant their tents in a clean spot.

## Good Tailor Job

When a Philadelphian was cut by flying glass in an automobile accident it took 47 stitches to close his wounds. Severely tailored, you might say.—Arkansas Gazette.

## PUTMAN'S

La Grande's Exclusive Ready-to-Wear and Millinery

## George Washington, Miller

A fact not generally known is that our first President, "the immortal George," was interested in the baking industry by reason of his investment in a flour mill. In 1774 near Perryopolis, Pa., he invested in a flour mill but because of trouble with the Indians, it was not completed until 1776. He owned it until 1785, when he sold it.

## Mineral Salts Essential

The human system cannot get along without mineral salts, although only a small quantity is needed. This is especially true of iron and lime. Bread made with milk will provide the lime. One of the most agreeable ways to secure the iron without which the blood is powerless to nourish the body is to serve raisins in bread.
