STOCKS DECLINE IN WALL STREET

Sweeping Dump of Shares Takes Place in Three-Hour Session.

NEW YORK, Nov. 6 (AP)—A sweeping decline in prices, which ran from \$5 to nearly \$20 a share in most of the leaders, and much more in a few specialties, took place in the abbreviated three-hour session of the New York stock exchange today.

Final quotations showed little recovery from the day's low levels, with the tape nearly an hour late at the close. A sprinkling of issues broke through the low levels established in the drastic reaction last Tuesday, and much of the ground recovered in the closing sessions of last week were lost.

Closing quotations and net changes of some of the leading stocks were:

U. S. Steel \$169, off \$14.50; General Motors \$40.50, off \$4.75; Radio \$22.50, off \$11.25; General Electric \$206, off \$29; Montgomery Ward \$27.50, off \$11.12; American and Foreign Power \$46, off \$1.25; Bethlehem Steel \$86.50, off \$8.25; Kennecott \$68.87, off \$6.87; Consolidated Gas \$19, off \$1.50; American Can \$115, off \$10; American Telephone \$216, off \$22.

Westinghouse Electric \$128.75, off \$17.25; Standard Oil of New Jersey \$61, off \$5.50; New York Central \$179.87, off \$16.12; Chrysler \$23, off \$4; Amcoanda \$22.12, off \$12.87; American Smelting \$76, off \$9; Erie \$40.50, off \$2; National Cash Register \$75, off \$5; Columbia Gas \$65, off \$12.50; Public Service of New Jersey \$69, off \$10; United Gas Improvement \$37, off \$2.50; Hudson Motors \$47, off \$6.50.

Sales Nearly 6,000,000
Total sales on the stock exchange for the three-hour session were 5,914,760 shares, as against 6,293,330 during the full five-hour session Monday.

Curb exchange stocks also fell precipitately, particularly the utilities. Electric Investors dropped \$20, to close at \$193; Electric Bond and Share closed at \$25.75, off \$18; Allied Power and Light at \$28, off \$8.87; American Super Tower at \$21.50, off \$4.50; Central States Electric at \$22.12, off \$11.87.

Cities Service was again turned over in huge volume and closed at \$29.87, off \$2. It opened with a block of 125,000 shares.

Wheat Nervous And Lower At Closing
CHICAGO, Nov. 6 (AP)—Responding to stock market break and to lower quotations on wheat at Liverpool, the wheat market here underwent early setbacks today. Approach of time for liquidating the big open interest in December wheat contracts here in the face of an unprecedented domestic visible supply acted as a further weight on wheat values. Opening 5 1/2 to 1 1/2 off, Chicago wheat later showed additional downturns and then rallied.

Wheat closed extremely nervous, 1 1/2 to 1 3/4 off, under yesterday's finish.

Corn closed unchanged to 3/4 off, oats 1 1/4 to 1 1/2 off, and provisions showing loss to the decline.

Is Your Stomach a "Gasser"?

Excessive gas in stomach and bowels doesn't necessarily mean that your food is at fault or that you have chronic dyspepsia. In most cases it results from gastric neurosthenia—a purely nervous condition which disturbs the functional activity of the stomach. Taking medicine to digest the food artificially is a waste of time. What you need is a remedy to correct the nervous trouble and prevent the formation of abnormal gas.

Vanilla Schilling
