## No More Piles

Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves don't do this—an internal remedy must be used. Dr. Leonard's Hem-Hold, a harmless tablet, succeeds because it relieves this blood congestion and strengthens the affected parts. Hem-Hold has a wonderful record for quick, safe and lasting relief to pile sufferers. It will do the same for you or money back. Red Cross Drug Store and Druggists anywhere sell Hem-Hold with this guarantee.—Adv.

### Wheat Moves Up Three Cents In Chicago Market

CHICAGO, Nov. 7 (AP)—Speculation buying ascribed in a great degree to a widely known eastern trader rushed wheat orders upward today. Stock market advances likewise counted as a decided stimulus, as did also new export business in North American wheat of 1,250,000 bushels or more.

Wheat closed strong at the day's maximum figure, 2 1/2c to 3 1/4c a bushel higher than yesterday's finish. Corn closed 1 1/2c to 1 3/4c up; oats, 1 1/2c to 1 3/4c advance, and provisions varying from 1c setback to an equal gain.

### WOOL MARKET

BOSTON, Nov. 7 (AP)—An occasional lot of territories 64's and finer quality wools is being taken over by the mills. Prices are inclined in buyers' favor. Strictly combing territory of this grade brought 87c to 88c secured for a fairly large lot. Original big lines of bulk 64's French combing are selling at 85c to 87c secured basis. Strictly combing 64's and finer bright fleeces sell at 36c to 37c in the grease, but sales are infrequent and rather small in most cases.

### EGG, BUTTER PRICES SHOW NO CHANGES

PORTLAND, Ore., Nov. 7 (AP)—Egg and butter prices were stationary today, for the time being at least. The egg situation shows little improvement. Fresh eggs were unusually scarce and the price was firm.

Reviewing the fruit and vegetable situation, the Portland market news bureau of the United States department of agriculture says:

Cauliflower and celery are both selling at higher prices to retailers, not because of lighter supply or more active demand, but in accordance with the higher prices being realized for carlot shipments. Carlot sales of celery have remained steady at \$5. The light supply of cauliflower is just now being felt in eastern and middle western markets; demand is active, and the market is erratic, with a wide range in asking prices. Each day's cauliflower sales show a slight advance, however.

Tig quality of California grapes shows a very wide range with a corresponding variation in prices. Inferior quality in keeping the grape market quotations at a rather low level. Apples, potatoes and pears are

all moving in moderate volume, with practically no price changes registered in the last week.
