Miss Nightingale Is Club Subject

Almost a score of members listened, rapt in interest last evening at the Neighborhood Literature club when Mrs. F. B. Appleby reviewed the life of Florence Nightingale from "Eminent Victorians" by John Strachey, revealing Miss Nightingale to be, not a sweet, kind, patient creature; but a woman with energy, intuition, executive ability, and the will to accomplish whatever she deemed worthy of accomplishment, even though she was often thwarted on all sides. It required the type of person that Miss Nightingale was to succeed in making nursing the modern profession that it is, and to cause the reforms she brought about in the British army.

Clothes do not make the man—but very often they do help the man to prove his worth. They open the door of opportunity. Success thereafter depends upon the man and his proposition.

It's not a sign of weakness when you draw lavishly upon knowledge superior to your own.

"Boys are learning to cook, also," says a newspaper headline. Yes, but why drag in that last word?

There used to be times when for Sunday night supper you might expect a wing and a back, but now they eat up all of the chicken for dinner and use the usual can-opener for supper.

Bad Stomach Cause of Bad Skin

You can't expect to have a good clear fresh-looking complexion if your stomach is weak and disordered. Undigested food sends poisons through your whole body, pimples appear in your face, skin grows sallow and muddy and loses its color. Your tongue becomes coated, breath most unpleasant. But these troubles will end quickly and skin clear up if you will start today taking that simple herbal compound known to druggists as Taniae. Taniae contains nothing but herbs, barks and roots which have a cleansing, healing effect on a poor upset stomach. Just a teaspoonful before each meal stimulates the digestion naturally so that you can eat what you want without fear of distress. And when your stomach is in good shape again see how much keener your appetite is—watch how quickly skin begins to grow free of disfiguring eruptions. The cost of Taniae is less than 2c a dose. Get a bottle from your druggist today. Money back if it doesn't help you.

Women Have Something to Say!

AN ANCIENT PREJUDICE HAS BEEN REMOVED

AMERICAN INTELLIGENCE has ridiculed into oblivion that ancient prejudice which excluded women from a voice in council. Today, in millions of homes, the delicious flavor of LUCKY STRIKE fills the room as the family group respects the opinion of its women folk.

"toasting did it"—

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.
