MAC-HI WINS EAST OREGON GRID TITLE

Tigers Lose Hard Fought Game Here Saturday Afternoon, 14-7.

SCORE EVEN AT HALFWAY MARK

Milton-Freewater Eleven Comes Back Strong in Last Half to Outplay La Grande.

Milton-Freewater continues to remain monarch of Eastern Oregon high school football circles today, but only after a hard-fought victory over the La Grande Tigers here Saturday afternoon before a crowd of nearly 2,000 people. The final score was 14 to 7.

At times during the contest the Pioneers were beaten at their own game of forward passing, but the Mac-Hi running attack proved too strong for the blue and white. The game Saturday wound up the Tigers 1929 Eastern Oregon schedule, leaving them as runner-up to to the district champion. Victories were scored over Pendleton, Wallowa and Enterprise in Eastern Oregon and a strong Nampa, Ida., team was humbled 7 to 0. In addition the Tigers swamped the Whitman college super-varsity 33 to 0.

The Pioneers, posessed of a heavy, hard-hitting, fast eleven, outclassed the La Grande boys most of the time, although the Tigers rallied during the game at times to sweep the northern team aside. Captain Roe, who was moved from end to halfback and Willie Torrence, who replaced him at end, were the outstanding La Grande players, although the team as a whole played an excellent brand of football, with the exception that the tackling was somewhat high.

Tigers Advance

Early in the first quarter, the Tigers unleashed an aggressive, sweeping attack, that carried the ball, after getting in on the blue and white 31-yard line on downs, to Mac-Hi's one-foot line, but there the visitors balked and took the ball from the local eleven. Nelson started the march with a three-yard gain and Faus crashed the line for first down. Roe, on the next play, skirted end for six more and Patten made it first down. Roe, in a wide end run, reeled off 23 yards for a first down on the Pioneers' 24-yard line. Faus plunged for five and Roe again went around the end for first down on the seven yard line. Three smashes by Faus left the ball one foot short of a touchdown, and on the next play Roe was thrown for a yard loss.

As the quater ended, Mac-Hi had pierced to La Grande's 15-yard line, making one first down after intercepting a pass on the 30-yard line.

Mac-Hi Scores

In the second period, the visitors continued their march, scoring a touchdown on five running plays and a five-yard offside penalty. The goal was kicked.

La Grande came back with a vengeance and evened up the score within five minutes. La Grande recovered a Mac-Hi fumble on Milton's 27-yard line. Nelson, Faus and Patten made it first down. Roe pierced to the 10-yard line but Nelson lost seven yards on the next play. From the 17-yard marker, Roe stopped back and tossed the ball over the goal line into the arms of Mires, end, for a score. Roe converted.

Mac-Hi decisively outplayed the Tigers in the last half, except for a brief period of passing as the third period ended and the fourth opened, which advanced the ball from the La Grande 28-yard line to within 35 yards of a score. An intercepted pass stopped this threat. In the third period the Pioneers ran back the kickoff to their 25-yard line and 10 plays put the ball over for a touchdown. The march was featured by a combination lateral and forward pass

Several Arrests Over the Weekend

One conviction and several arrests on liquor cases and gambling were made over the weekend, according to the police. Forest Winn was fined $20 on a charge of being drunk and Perley Price was arrested on a charge of possession of liquor. His bonds were set at $250.

Five men were arrested on a charge of gambling and are to be tried in the municipal court at 7:30 o'clock tonight.

Mrs. Frankel Is Speaker At Club Luncheon Today

President of the Oregon Federation of Women's Clubs to Be Guest at Dinner Tonight.

Mrs. G. J. Frankel, president of the Oregon Federation of Women's clubs, who is a guest in La Grande today, gave a very interesting talk at the Lions club luncheon today at noon in the Sacajawea Inn. In her address, which dealt broadly with the federation's education work, she spoke of the activities of the many departments.

The speaker touched upon the work of the art library, headed by Mrs. E. P. Mossman, of La Grande, and also paid a high compliment to the local Neighborhood club for its valuable assistance in the federation's program. She pointed out that it is important to being teaching the child art at the age of five or six years, and declared that this will result in a great influence on the future life of the student.

Americanization work in the homes, whereby foreign-born parents are enabled to keep step with their children; the plan for home budgets; legislative work, including that assisting the state library; scholarship loan fund for girls (which was permently organized in La Grande in 1908 and which has helped 915 girls secure a higher education); child welfare, etc., were other phases of the federation's work that were given a prominent place in Mrs. Frankel's talk.

Supports Good Movies

The speaker told of the club women's plan of recommending good moving pictures and avoiding reference to unworthy pictures, and she also spoke of the efforts being made to suppress vile literature, and fight any increase in the use of narcotics.

Mrs. Frankel, who was accom-

Football Teams Will Be Guests At Forum Lunch

Tomorrow at noon the Union county chamber of commerce members are going to celebrate in collegiate fashion when the Eastern Oregon Normal school championship football team and the La Grande high school football team —runner up for the Eastern Oregon championship—will be guests of the club. Coaches Bob Quinn and Ira Woodle will head the two squads of gridsters.

Indicating that the business men are likely to cast aside their dignity for the luncheon, Albert Hunter, secretary, today said in announcing the program: "This is going to be a holiday-rah-rah program. Yell leaders from both schools will be present and any one who objects to being kiddish for an hour will be embarrassed, for that is all there is going to be on the program. Coaches, team members and business men will make 'whoopee' together. Although the high school did not grab off the highest laurels, it did finish a strong second in the district and the business men feel that the squad is entitled to recognition for a good year's work."

As big a turnout as possible from the membership of the club is urgently requested. The luncheon will be served in the La Grande hotel ball room, where there is ample room for the "yell-and-make-merry" luncheon.

Miss Edith Traver To Speak Tonight

Miss Edith G. Traver of Swatow, China, will give an informal address at the Baptist parsonage tonight. A cordial invitation is extended to all.

At the Baptist church Sunday morning the pastor spoke on "The Ark of Safety," showing that the real cause of the multitude staying out of the ark was the necessity of turning from evil, as Noah was a preacher of righteousness; that their unbelief did not prevent the flood and their own destruction; and that unbelief today will not turn aside the judgment of God on wickedness and sin. In the evening he spoke especially to the young people, taking for his subject "The Young Man Who Would Not Defile Himself," urging upon his hearers the wisdom of the clean life even at the loss of preferment and popularity. He declared that though people might hate one, yet one could compel their respect, and urged young people not to cheapen themselves, but hold themselves to a high standard of morals and conduct.

Two More Cases Of Diphtheria Here

Two more diphtheria cases resulted in the quarantine of the residence at 1408 Y avenue where Mrs. H. T. Chadwick and her six-year-old daughter, Nadine Wiles, are both ill with the disease.

Following a culture test the Hallmark home was re-quarantined, thus making four homes in La Grande "flying under green flags."

There are also two houses in the city quarantined because of scarlet fever.

ORTIZ RUBIO ELECTED TO PRESIDENCY

Eighteen Killed in Rioting Sunday Over Mexico; Many Are Hurt.

FRAUD CHARGED BY VASCONCELOS

Losing Candidate Claims Winner's Party Prevented Thousands From Voting.

MEXICO CITY, Nov. 18, (AP)—Nineteen persons were killed and more than 50 wounded in nation-wide rioting Sunday which accompanied overwhelming election of Pascual Ortiz Rubio to the Mexican presidency.

Headquarters for Jose Vasconcelos, candidate of the anti-reelectionist party, charged that supporters of Ortiz Rubio had taken charge of voting booths and through force and intimidation prevented tens of thousands from voting.

Deny Charges

Headquarters for the revolutionary party, which supported the candidacy of Ortiz Rubio, replied today denying any but legitimate conditions had prevailed. They explained they had taken charge of voting booths under the Mexican law which says the first nine voters arriving at a booth shall control it.

The successful candidate, who has been civil engineer and soldier as well as politician, spent election day in the village of Urumpam, Michoacan, where he formerly was governor and where his family lives. His term as president is until Nov. 30, 1934.

Vasconcelos was said here to have passed election day at San Blas, Sinaloa. There was no confirmation that he would carry into effect frequent threats of himself and partisans to set himself up as rightfully elected president, maintaining his claims by force.

Comparatively Quiet

Despite the bloodshed and rioting Mexican officials professed to be satisfied at what was called a comparatively quiet election day. Cavalry and infantry contingents paraded streets of the principal cities, rushing quickly in answer to frequent emergency calls, probably, it was said, preventing worse conditions.

Available figures showed eight killed in Mexico City and six in other parts of the republic, with five policemen killed at Torueo when the truck in which they were riding was wrecked. The wounded, some of them seriously injured,

LARGE CROWDS AT GRANADA OPENING

New Theater Presents First Picture in City On Saturday.

The Granada, La Grande's newest theater, was formally opened to the public Saturday at 1:30 o'clock by La Grande Theaters, Inc., with continuous shows the remainder of the day. The opening feature was "The Last of Mrs. Cheney," an all-talkie picture, starring lovely Norma Shearer.

At times during the evening, lines of people extended half-way up the block, awaiting their chance at the ticket office.

The Granada, specially built for sound pictures, follows a Spanish theme in architecture and in the decorative effects. The front is of buff stucco, topped with red tile and the attractive appearance is augmented by ornamental work. Two exits are provided at the front, in addition to the entrance.

The interior is beautifully furnished and decorated, following the Spanish theme. Rich carpeting, comfortable and carefully arranged seats, gorgeous drapes, etc., all follow the general scheme.

Completion and opening of the Grande gives La Grande two sound picture theaters that rank with the finest in the Inland Empire.

ARMY FAVORS NEW LINE AS DEFENSE AID

Military Expediency Enters Pacific Coast Rail Hearing Today.

COLONEL M'BRIDE GIVES TESTIMONY

Transportation Facilities Inadequate—Present Highways Would Not Help Much.

SAN FRANCISCO, Nov. 18 (AP)—Military expediency entered the Pacific coast railroad building problem today when Colonel R. B. McBride, assistant chief of staff of the ninth army corps area, testified that the proposed 200-mile connecting line of the Western Pacific and the Great Northern railroads from Klamath Falls, Ore., to Keddie, Cal., "would be of vital importance in the event of an emergency on the Pacific coast."

The military value of the proposed line would be increased by its greater distance from the coast than the Southern Pacific's direct north-south line, Colonel McBride testified. It would give greater protection, especially from naval air raids.

A second short line from California to the northwest would give more transportation, besides providing an alternative route in case existing Southern Pacific lines should fail. This, he said as a war department transportation expert, "is of very great importance."

Colonel McBride said transportation facilities sufficient to move one army corps always should be available. This would require trains totaling 10,300 cars, he said, adding that delay in an emergency might be fatal.

Present Lines Inadequate

Under cross-examination the witness told Evan J. Foulds, Southern Pacific attorney, that existing north and south transportation lines are not adequate unless the war department should have ample

Eskimo Market For Second-hand Gum is Bullish

CHICAGO, Nov. 18 (AP)—Gum chewing on a grand scale, the Chicago academy of science has found, is one of the unsung achievements of Eskimos.

Not only is the Eskimo a constant chewer of gum, but long distance champion of the art.

The academy has heard with amazement that one stick of gum will last an Eskimo days and days, and then have a value on the resale market.

Much gum data was obtained by the academy from Captain Charles D. Brower, "white father" of the Eskimos at Point Barrow, Alaska.

C. A. Kofford, Utah Pioneer, Passes On

Christopher Anthon Kofford, who died at Hot Lake Saturday, will be laid to rest Tuesday afternoon, following funeral services at 2 o'clock at the Second Ward L. D. S. church on North Fir. Snodgrass and Zimmerman have charge of the funeral.

Mr. Kofford was born Feb. 19, 1841 in Barnholm, Denmark and he was affiliated with the Church of Jesus Christ, Latter Day Saints, in September, 1855. He sailed for America in April, 1857 on the "West Moreland," arriving at Philadelphia in May, 1857 and then going by boat and train to Iowa City, leaving there for winter quarters in Nebraska that summer. From Omaha, he traveled by ox team to Utah, arriving there in 1860. He made four trips from Utah by ox team hauling immigrants.

Mr. Kofford fought in the Black Hawk Indian war in 1866.

He was married to Nancy Rich in November, 1876, and the surviving children are: James A. Kofford, of Union; W. Scott, Fred L. Carl, Wilford and Melva McClellan, of this city. Mrs. Kofford passed away Aug. 23, 1925.

"So This Is London," Senior Play, Will Be Presented This Week

Any amount of interesting things can happen when two families, one English and one American become acquainted on shipboard; especially when some of the persons are given to expressing themselves regarding each other; and of course the romance element enters to add more interest, in "So This is London" the senior class play to be presented at the La Grande high school Thursday and Friday, November 21-22. Dress rehearsal will be held this evening, followed by two matinees, Tuesday and Wednesday afternoons for the grade schools.

A limited number of tickets are being sold, which are going rapidly. Reservations for seats can be made Wednesday morning at 8 o'clock.

Members of the cast and the characters they portray are: Wayne Nusbaum, Hiram Draper, Jr.; Ruth Gelbet, Eleanor Beauchamp; Jolis Smith, Lady Amy Duckesworth; Lee Johnson, Hiram Draper, Sr.; Mildred Blokland, Mrs. Hiram Draper; Stan Bessey, Sir Perry Beauchamp; Naomi Tatnwell, Lady Beauchamp; Clair Perkins, Alfred Honeycutt, Clare Thomas, Flunky at the Ritz; George Kumasawa, Thomas, a butler; and Leonard Cates, Fenning, a butler.

Music during intermissions, and preceding the presentation of the play; which begins at 8:15, is under the direction of W. W. Nusbaum.

THE FIRST LADY OF THE LAND

Here's Mrs. Herbert Hoover's latest picture, taken just the other day. Critics of studio photography say it is one of the best pictures ever made of the wife of the president.

Secretary Good Fighting Losing Battle For Life

WASHINGTON, Nov. 18 (AP)—Secretary Good was so near death at 4 o'clock today that his physicians could detect his pulse only with the greatest difficulty.

Upon several occasions the cabinet member was believed to have taken his last breath.

Nothing but the secretary's remarkable vitality had kept him alive so long. His physicians hours ago had given up hope and at 4:15 p. m., were merely standing by for the end.

Mr. Good's condition was known to be grave, even before the completion of an emergency operation for appendicitis late Wednesday. The appendix was in a dangerous condition and was situated unusually low in the pelvic structure.

He rallied well from the operation, however, and as a robust constitution asserted itself, attending physicians said he might live, but this hope was dispelled after the development of general blood poisoning.

Mrs. Good kept her vigil at the hospital today and three two sons, James W. Good Jr., and Robert Edmund, were also there, but the secretary was unable to recognize them. He had been unconscious for hours.

Flier Lands Plane On Roof of Store

SEATTLE, Nov. 18 (AP)—Providing midday movie fans with a thriller they could not hope to see on the screen, Bob Wark, veteran pilot, brought his crippled plane to an emergency landing on the flat roof of a downtown department store here yesterday. Wark and his two passengers, Ben Taylor, 17 and Fred Knopp, 15, both of Port Angeles, Wash., escaped with minor bruises. The plane was badly wrecked.

BANDIT TRIO CAPTURED BY POLICE SQUAD

SEATTLE, Wash., Nov. 18 (AP)—Surrounding a Piggly Wiggly grocery store here in the early hours of Sunday morning, Seattle police captured three youthful Portland, Ore., bandits after firing a fusillade of shots in which two of the youths were wounded. The police acted in response to a telephone call that a robbery was in progress at the store.

Those arrested were William Alvin Long, 18, and Virgil Long, 17, brothers, and Jerry Allen, 17, their companion. The Long brothers confessed, police said, that they and Allen had participated in two other store robberies here earlier in the evening. Allen denied he had been implicated in any other job except the one in which he was caught.

LIQUOR CONFISCATED

URBANA, Ill., Nov. 18 (AP)—A liquor raid by county officers on the Gamma Rho Gamma fraternity house early yesterday has brought 35 University of Illinois students face to face with the prospect of arrest and expulsion from school.

Twelve gallons of alcohol, gin and whiskey were confiscated.

SAVE 100 FROM HOSPITAL FIRE

Explosion in X-ray Room Causes Damage to San Francisco Institution.

SAN FRANCISCO, Nov. 18 (AP)—More than 100 patients were carried to safety when fire, starting from an explosion in the x-ray room of the University of California hospital here, swept the third floor of the building this morning.

A terrific explosion, which spewed fire and fumes throughout the third floor, signalized the outbreak of the blaze. Nurses, interns and volunteers, fighting their way through the fumes, began carrying patients from the building before firemen arrived. Joined by the firemen, the rescue workers soon had all the patients of the institution out of the reach of fire and smoke.

Four Alarms

Virtually the entire fire department, responding to four alarms, was called into action before the blaze was subdued. The manner in which the explosion occurred was not immediately ascertained. Neither was an estimate of the loss immediately available.

Miss Juanita Costenborder, telephone operator at the hospital, was among the first to realize what had occurred. She plugged in all the telephones in the building, first spreading the alarm to workers and patients and then calling the fire department.

The telephone operator stuck to her switchboard until the fumes became unbearable and then started for a door leading to a stairway. A burst of fire and fumes greeted her as she opened the door.

Injures Ankle

With retreat cut off and the flames advancing, Miss Costenborder had no alternative but to jump from a window. She made a 40-foot leap to the ground, narrowly missing a concrete wall, and emerging from the potential death trap with only an injured ankle. Whether the ankle was broken or merely sprained was not determined at once.

Child patients were removed to the children's hospital and the adult patients were distributed among the other hospitals of the city.

Dr. Harold Muller, hospital physician on duty, took charge of the rescue work and had the task well under way by the time the firemen got into action.

A woman maternity patient was removed to the nurses home nearby and gave birth to her child shortly after the blaze was extinguished.

DIRIGIBLE LANDS

CARDINGTON, England, Nov. 18 (AP)—The dirigible R-101 landed at her home port here late today after a test flight which lasted 21 hours and 25 minutes and carried her on a tour of the British Isles.

FOUR WOMAN KILLED

HARRISBURG, Ill., Nov. 18 (AP)—Four women were killed at a railroad crossing at Texas City, ten miles north of here today when a Big Four train struck their automobile. The dead are Mrs. John Foster and Mrs. Frank Blackard, both of Hazelridge, Ill., Mrs. Jane Pankey of Harrisburg and Miss Pauline Graves, Grossett.

Leaders Refuse To Worry About Drop In Stocks

Chicago Corporations Are Making Plans to Spend Millions in Expansion.

CHICAGO, Nov. 18 (AP)—The Tribune today published the results of an inquiry which sought to obtain the views of business, industrial and banking leaders on the financial situation as it affects the Chicago area.

E. J. Buffington, president of the Illinois Steel company, said his company was launched upon "the greatest program of expansion in our history." Seventy-five million plants and equipment at South Chicago and Gary, he said. This, he explained, meant an addition of two and a half million tons or ingots to the company's annual capacity.

Has Confidence

"We are proceeding in the full confidence that business is sound and that our increased capacity will not more than meet the demand," he said.

The Tribune then sought the viewpoint of the retailer, and interviewed James Simpson, president of Marshall Field and company.

"We have been watching the

Thousands Visit Grave Of Priest At Malden, Mass.

MALDEN, Mass., Nov. 18 (AP)—The famous Catholic shrines of Our Lady of Lourdes and Sainte Anne de Beaupre are recalled by people here with the ever-increasing pilgrimage of thousands to the 60-year-old grave of a young obscure priest, the Rev. Patrick J. Power.

Two hundred thousand came to the Holy Cross cemetery yesterday, city and police officials estimated. In the throng was Mayor-Elect James M. Curley of Boston, who prayed for the recovery of his sick wife and later returned with her to kneel at the tomb in a drizzling rain at nightfall.

For years occasional cases of healing have been reported there but no great demonstrations have followed. The recent reported healing of a young Boston girl with the publication of her picture is believed to have started the pilgrimage. More reputed cures were reported yesterday.

MANY TURKEYS GIVEN AWAY AT SUNDAY SHOOTS

Sunday was ideal weather for shooting, and both the Moco and the U. P. turkey shoots were reported to be successful and well attended.

The Moco shoot was so successful that the Moose members are planning to make the grounds (about halfway between La Grande and Island City) a permanent location for trap shooting.

One hundred and fifty turkeys were given away yesterday, about 60 of them in the shooting. Some very high scores were made by the contenders, following are some of the men who made the highest scores: Roy Forrestor; William Rollins, Tracy Hollister, Mr. Hannefield, Jesse Breshears, Claude Mackey, T. Conrad, Mr. Alstott, Alvin Bennett, Joe Dial and Howard O'Brien.

A luncheon was served by the Ladies of the Mooseheart Legion.

The Union Pacific Athletic club shoot was held yesterday morning. Those winning turkeys in the shooting were: J. H. Smith, John Garity, H. E. Coolidge, Ed Boylen, and L. C. Vandermullen.

Spend $100,000 On Education Survey

WASHINGTON, Nov. 18 (AP)—The Julius Rosenwald fund today made available to the national advisory committee on education $100,000 to conduct a survey of the duties of the federal government toward education.

At the same time Secretary Wilbur announced that Dr. Henry Suzzallo, former president of the University of Washington, would be the director of the survey. Dr. Suzzallo is now making a study of graduate education for the Carnegie foundation for the advancement of learning.

Father Of House Of Commons Dies

LONDON, Nov. 18 (AP)—Cheered in his last moments by the blessing of the Pope and a message of solicitude and sympathy from King George, Thomas Power O'Connor, known as "Tay Pay" and "father of the house of commons," died at 3:16 a. m. today. He was 81 years old.

He was active until the last stages of his illness. He visited the United States early in 1928. Ill health caught him soon after but he insisted on running for his seat in the commons from Scotland division, Liverpool, at the last general election.

His mantle as father of the house of commons falls on the shoulders of David Loyd George, liberal leader.

YOUNG GUARD ORGANIZING FOR ACTION

"Hoover Regulars" to Lay Out Concerted Plan of Campaign.

GROUP WILL KEEP SENATE AT WORK

New Faction Disclaims Revolt Against Chieftains. But Won't Drop Tariff.

WASHINGTON, Nov. 18 (AP)—The dinner meeting of the "young guard" of republican regulars in the senate, called for tonight, was indefinitely postponed late today by Senator Allen of Kansas, who issued the invitations. Allen said it was postponed because of the illness of Secretary Good.

WASHINGTON, Nov. 18 (AP)—The senate's newest faction, the "Hoover regulars," who have dedicated themselves to keeping the senate at work on the tariff bill, even in opposition to the wishes of the duly constituted party leaders, will meet tonight to lay out for the first time a concerted plan of campaign.

Dining together between the afternoon and evening sessions of the senate, this group, composed primarily of the younger—in point of service—republican members, will discuss ways and means of keeping the senate in session and the tariff measure before it, in an effort to reach a final vote on the bill before the close of the special session.

Disclaims Any Revolt

The "young guard" as it has come to be called, disclaims any revolt against the "old guard" chieftains, in spite of the fact that it went counter to Senator Jones of Washington, the acting republican leader, last week in voting against a proposed adjournment November 23.

It does claim, however, a close relationship with President Hoover and a determination to carry out the policies of the chief executive.

Senator Allen of Kansas, described the new faction, with which he is identified, as "a group of fellows helping the republican party by getting the tariff bill in the best shape possible," and said the meeting was for the purpose of "passing a tariff bill within a reasonable time." Another senator who has allied himself with the "young guard," Robinson of Indiana, characterized it a "real Hoover bloc."

SUGAR POSTPONED

WASHINGTON, Nov. 18 (AP)—Consideration of the sugar schedule of the tariff bill was postponed by the senate again today and tobacco taken up in its place.

Senator Borah, of Idaho, a leader of the republican independents, requested that the controversial sugar section go over until his group was ready to proceed and Chairman Smoot of the finance committee, agreed.

Senator Dill, democrat, Washington, objected to deferring the sugar items unless there was an agreement on a specific date for its consideration. Borah, said he could not agree to a date until he

(Continued on Page Five)

Lindbergh Hurt Is Report From Englewood, N. J.

ENGLEWOOD, N. J., Nov. 18 (AP)—A nurse in the office of Dr. Walter Phillips said that Col. Charles A. Lindbergh was treated today for what she believed was a dislocated shoulder. She did not know whether the injury was an old one received in Mexico. Officials at Teterboro airport said Lindbergh did not figure in an accident there.

NEW YORK, Nov. 18 (AP)—Business associates of Col. Charles A. Lindbergh said here today they had received no word of an injury to the flying colonel, who was reported to have been treated for an injured shoulder at Englewood, N. J.

MONOXIDE GAS KILLS THREE IN IOWA CITY

CEDAR RAPIDS, Iowa, Nov. 18 (AP)—Mrs. Bert Rugh, 35, her son George, 7, and daughter Alicebert, 5, were killed by monoxide gas in their automobile in the Rugh garage today. Coroner R. A. Verpahl called an inquest.

When neighbors found the bodies, the motor of the car was running and the garage choked with gasoline smoke.

The front door of the garage had been padlocked from the inside, the family evidently intending to use a side entrance to the house. Both the front and rear doors of the car were open, the family apparently being ready to get out when overcome.

Mrs. Rugh was found slumped over the steering wheel. The children were in the rear seat.

Mrs. Rugh's husband, captain Bert Rugh, died in an automobile accident five years ago.
