She exhibited a fine collection of children's books, which the parents present enjoyed comparing with

REPEAL OF WATER POWER ACT URGED

Homestead Law Also Held Out-of-Date by Chairman of Commission.

WASHINGTON, Nov. 26 (AP)—Repeal of the federal water power act and of the homestead law was suggested here by Chairman Garfield of President Hoover's public lands commission in a statement.

The question was raised as to the field the commission should enter in its consideration of a possible raising over of public domain to the eleven western states within which most of the public land lies. Garfield said President Hoover had asked a complete report on public lands and added, in his opinion, a recommendation on the homestead and water power acts might properly come within the commission's province.

The water power act, he said, is not at present in a satisfactory state of operation, its appropriation having been insufficient for the proper carrying on of its work in disposing of power sites.

Outlive Usefulness

He asserted homestead and timber laws appeared to have outlived their usefulness, and that the homestead law, especially in its soldier's preference phase, had worked actual hardship.

"Nothing is worse than to give land preference to a man who is not a natural farmer," he declared.

Other commission members also criticized the homestead law, saying the homestead in the states concerned is not an economic unit, and has offered false promises to settlers.

Chairman Garfield set for the individual representative of each of the eleven states the task of working out a compendium of all laws of his state which would be pertinent to the present problem. He asked particularly for a report on state laws which conflict with federal laws in land administration.

Mrs. Minnie Wuber, of 945 E. 26th St., Portland, Ore., says: "Ever since I was a girl I suffered from sick headaches and vomiting spells. I weakened so I had no strength for anything. After taking Tanlac, my headaches and sick spells disappeared altogether."

Tanlac is as free from harmful drugs as the water you drink—only Nature's own medicinal tonic herbs. Druggists know this and for the past 10 years have recommended it to men and women who need a quick "pick up" that will put them on their feet and give them a new interest in life.

MENUS

By Sister Mary

Many women like to serve tea and cookies at the close of the afternoon study club or committee meeting. Tiny home-made wafers are always appreciated.

The following cookie recipes are rather unusual. The cookies are especially good with tea or as an accompaniment for ice cream for dessert.

Suet Puffs

One cup without salt or pepper, 2 eggs, 1 cup brown sugar, 2 tablespoons melted butter, 1-2 cup flour, 1-4 teaspoon baking powder, 1-4 teaspoon salt, few drops vanilla.

Roll sugar until perfectly smooth. Beat eggs until light and gradually beat in sugar and melted butter. Mix and sift flour, salt and baking powder. Add with nuts to first mixture. Add vanilla and beat into batter. Mix in a hot oven for eight minutes.

Jumbles are an old-time cookie popular with our grandmothers and particularly suitable for Thanksgiving time.

WHAT'S NEW AND WHAT'S SMART...

Is What's Here for Thanksgiving

We ask two things of every piece of merchandise before it takes its seat in this assembly. Are you new—smart—are stylish people wanting you and wearing you?

Are you a good value—would you be able to stand up under the bombardment of heated competition? Are you worth more to the man who buys you than your hundreds of sisters and brothers made in other plants?

Every garment we offer for your Thanksgiving wearing has answered "Yes" to both of these questions.
