THANKSGIVING SERVICES AT M. E. CHURCH

Big Crowd Attends Union Meeting Sponsored by Local Ministers.

NELSON, GODWIN GIVES ADDRESSES

Both Point Out Many Reasons for Being Thankful—Christian Science Service Today.

A crowd of worshippers, twice as large as attended last year's Thanksgiving day service, gathered in the First M. E. church at 7:30 o'clock last night for the annual observance of the day, with the La Grande Ministerial Association as sponsor.

The services were opened with a prelude and procession, followed by invocation by the Rev. L. H. Ayres, and an anthem by the union chorus directed by W. W. Nishnam. A representative reading was given by the Rev. H. L. Putnam followed by Gloria.

The Thanksgiving proclamation of President Hoover was given by the Rev. J. George Walls, preceding a Thanksgiving message by A. W. Nelson, chamber of commerce president, on behalf of the city.

"It is rather an oddity that brings a representative of the business life of a city into a ministerial meeting called to voice thanks to the ruler of the universe in prayer for what has come to us in the past year. Yet, why should it be so? The ministerial association is to be congratulated on its broadmindedness in arranging this annual meeting with others than ministers exclusively on the program," Mr. Nelson said.

Community Thankful

Recalling a few of the things the community should be thankful for, Mr. Nelson said, "In a material sense there are abundant reasons for thanksgiving. Likewise in the country, we are grateful for the things that have been accomplished in the past year. We rejoice in the unusually large normal school enrollment in its maiden year. Our public schools function well, to our great satisfaction. Let me say as a fact, though some may doubt it, that the morals of our schools are of a finer type than the cross section picture of the general community. Let us be alert to keep it so, but don't spread those periodical lies that our school system is punched full of immorality, vice, and liquor and of sex scandals. There is no more of these things there than there are in our homes, and not as much.

"Our health has been good as a whole. We rejoice that the urban and rural sections have joined in the development of dairying. New trade routes over which commerce and trade will vend its eager way to our door are being opened up. A vast improvement in the state of friendship between farmer and townsman is noticeable.

"Mr. Nelson also spoke of the excellent representatives this section has in congress, and he called attention to the growing pride in making the city more beautiful, to the fine city library, the large congregations in the church divisions.

"Lastly," he said, "let us turn from our reasons for rejoicing here

THREE TYPES OF DISEASE IN UNION COUNTY

During the last week, according to reports received here today, Union and Lane counties were tied as having the most diphtheria cases, each 84. In Portland has three, Clatsop county one and Douglas county one. Union county also had three cases of scarlet fever and four of measles. It ranked first in measles and tied for fourth in scarlet fever. However, there was no typhoid, influenza, whooping cough, small pox, meningitis and other dread diseases which existed in other counties.

Thirty-five ill cases existed in Oregon on Nov. 23, 25 mumps, 57 chickenpox, 11 smallpox, 16 measles, 28 scarlet fever, and 17 diphtheria.

Chimes to Open Christmas Seal Campaign Here

The annual battle against the great "White Plague" will open in La Grande tomorrow morning at 10 o'clock, when the ringing of bells will formally begin the Christmas seal sale here. The custom of ringing chimes as a signal of the

The Christmas Seal

start of the drive is growing although this is the first year that it will be done in this city.

A new plan of selling the seals is being worked out in La Grande and 1,000 letters and seals have been sent out to Union county people. The state goal is \$25,000 and of this Union county's quota is \$1,100. Letters remaining \$1 worth of seals have been mailed to every home in La Grande and the county, with each envelope numbered. If one is unable to purchase the seals, one may return them with the numbered envelope, and the committee in charge urges that the number be preserved, as it is for identification purposes.

In opening the drive, the use of the dollar for the seal is explained in detail. Five cents will go to the National Tuberculosis Association, 21 cents toward keeping children well—teaching school teachers how to protect and improve the health of their pupils, etc; 15 cents for adult health education; 13 cents for public health nursing; and 42 cents goes for conducting clinics and health surveys, costs of field service, family relief, institutes for training volunteer health workers, conferences for advancement of health educational methods and administration.

All donations of more than one dollar will be most gratefully received, and buyers are urged to purchase an every piece of mail sent out during the December season. Checks for the seals may be made payable to Mrs. Ward Fowler, treasurer.

ALUMNI ELEVEN PLAYING TIGERS

Proceeds From Game Today to Go for Athletic Field, Playgrounds.

With clear skies and comparatively warm weather for this time of the year, the La Grande High school football team went to clash with a team consisting of alumni gridirists at 12 o'clock today on the L. H. S. athletic field. All proceeds of the contest are to go into a fund for the improvement of the school playgrounds and athletic field.

The alumni will outstrip the high school and is expected to have a particularly strong line, but the Tigers are expected to outshine their opponents at end and backfield.

A large crowd is anticipated. Short quarters will be played so that the contest may end in plenty of time for Thanksgiving dinner. All who desire to play on the alumni team are urged to report at the high school at 10 o'clock this morning, for issuance of suits and discussion of plans of action.

NORTH CAROLINA LEADS

WASHINGTON (AP)—For the first nine months this year, the treasury department received \$441,447,987 in revenue from the tobacco industry. North Carolina paid \$186,492,688.

AMERICA'S BUSINESS LEADERS IN CONFERENCE WITH PRESIDENT HOOVER

America's giants of commerce and industry—all leaders in the nation's business life—also shown in this remarkable picture as they called at the White House to confer with President Hoover regarding the formation of an organization representing industry, trade and commerce to work toward the stabilization of business, the maintenance of wages and the decrease of unemployment.

Some of the distinguished conferees above are: 1, Alfred P. Sloan, Jr., president of General Motors; 2, Owen D. Young, chairman of the board of the General Electric Company; 3, Julius Rosenwald, chairman of the board of Sears, Roebuck & Co.; 4, R. A. Young, chairman of the Federal Reserve Board; 5, Walter Gifford, president of the American Telephone & Telegraph Company; 6,

Secretary of Commerce Thomas Lamont; 7, Eugene Grace, president of the Bethlehem Steel Corporation; 8, Henry Ford; 9, E. J. Kelly, president of the Otis Steel Company; 10, Secretary of the Treasury Andrew Mellon; 11, Ernest T. Trigg, chairman of the Industrial Relations Committee of Philadelphia; 12, Homer Ferguson, president of the Newport News Shipbuilding Company.

HOPES HELD FOR UNITY IN NEXT SENATE

President Hoover Plans to Re-knit His Sundered Party in December.

PROHIBITION LAW ENFORCEMENT UP

House Will Be Busy Until Christmas Time on Appropriation Bills, Observers Believe.

By Francis M. Stephenson (Associated Press Staff Writer) WASHINGTON, Nov. 28 (AP)—President Hoover hopes to reunite his sundered party in the senate during the regular session of congress, beginning December 2, on a new legislative program.

Prohibition and law enforcement probably will be the spearhead about which the president will seek to collect the republican forces and spill the democratic opposition in congress.

See Opportunity

On a program to reorganize the prohibition service under the department of justice, republican chiefs claim the opportunity to bring the republican west and east together again and by the same stroke to divide the northern and southern democrats.

However, before Mr. Hoover can get the regular session of congress to work on these new policies, the tariff, workaboo remains to be disposed of. The tariff controversy,

Final Estimate Allowed On 9th Street Pavement

A final estimate was allowed on the Ninth street paving project last night at the city commission meeting, amounting to \$46,671 in favor of Hartenbawer Brothers Co. The total of this contract was \$41,370.41 and all has been paid now except 10 per cent, which will be withheld pending issuance of bonds.

On motion, the commission authorized the placing of stop signs on both sides of Cherry street at the railroad tracks. This action followed a suggestion by Martin King. It is reported that a serious accident at the crossing was narrowly averted Sunday.

A report from the state health department covering the standing of all milk deliveries in La Grande, and road and flood. An application for a license to operate the Savoy hotel was referred to the city manager and police chief. The application was made by Shirley George.

The city manager's report showed construction of crosswalk and guard rail at 8th and K.

Enterprise Team Faces Pendleton This Afternoon

PENDLETON, Ore., Nov. 28 (Special)—Pendleton high school's football eleven will ring down the gridiron curtains today when they clash with the Enterprise eleven on the Round-Up arena. Enterprise comes here highly rated for the week clash and will give the locals a day of trouble.

Hoover was to have played Turkey Day but the state suspension out, the clash in the discard.

PENN STRATA IN WEST

LAWRENCE, Kas. (AP)—Surveys of the University of Kansas geology department indicate there is widespread continuation and similarity of Pennsylvanian strata underlying the states of Iowa, Missouri, Nebraska, Kansas and northern Oklahoma.

MAURETANIA HITS FLOOD, IS DAMAGED

NEW YORK, Nov. 28 (AP)—Because of a collision with a tug boat which made a hole in her bow, the trans-Atlantic voyager of the giant Cunard steamship Mauretania was interrupted today. From the quarantine station, at the entrance, she put back for her pier ten miles away. Representatives of the line expressed hope that repairs could be made quickly.

Captain G. McNeill of the Mauretania in a report to the marine police said the boat struck the liner on the port side, making a hole four feet wide and ten feet long 30 feet above the water line. He blamed the collision on the tug which he said failed to give him the right of way.

Local Stake Wins Magazine Contest

For the best percentage in all of the stakes in the L. H. S. church, Union Stakes won first prize for the sale of the Improvement Era, the young people's magazine, with 24 per cent. This is based on seven and one-half percent of all the church population in the stake. By selling more than double their quota, the local stake won first.

Battered Hulk of Ship Discovered

SEATTLE, Wash., Nov. 28 (AP)—With two of her crew drowned and a third injured, the battered hulk of the Seabird, Seattle harbor boat, was found on Wingate Island, near Prince William Sound late yesterday by the coast guard cutter Umbagog, coast guard officers here informed by radio.

The dead are Louis Dyb and Edna Dyb, brothers, while another brother Alfred Dyb was seriously injured. Four members of the crew were uninjured. The survivors were taken aboard the Umbagog which was last reported sinking for the mouth of Cooper river, where another boat was reported wrecked.

St. Mary's Favored To Defeat Oregon

SAN FRANCISCO, Nov. 28 (AP)—The undefeated and unscathed St. Mary's Gaels and a powerful University of Oregon eleven will tangle this morning at 11 o'clock at Kezar stadium here in a Thanksgiving day feature engagement, expected to draw 40,000 spectators.

The last scheduled game of the season for the St. Mary's men, it will be a determined fight by the Gaels to retain a reputation as the only major team in the country not scored upon. The Gaels were two and a half to one favorites to defeat the northern eleven.

Pink Business Concentrated

CHICAGO (AP)—New York, New Jersey, Ohio and Illinois accounted for 60 per cent of production of pink and varnish in the United States.

Normal School Boys to Answer Basketball Call

First Turnout Scheduled For Next Monday—Ellensburg Normal Will Play Here Dec. 12.

Football is making its final gesture of 1929 in Eastern Oregon today with two important high school games and a benefit contest scheduled, and on next Monday the winter sport of basketball—which is followed nearly as enthusiastically as its big brother of the autumn season—will make its debut.

Monday evening, the Eastern Oregon Normal school hoop squad will have its first turnout, and Coach Bob Quinn is hopeful of having 15 or more aspirants answer the call. At least that number of boys have played high school and yearling college basketball but as yet he has no definite lineup on his prospects. Locally, fans expect to see Crawford, Sarrett and Postey, of Wallowa and Owen Price, of La Grande, trying for the team and are hoping that they will find competition exceptionally keen—if so, the outlook won't be dusky.

First Game Dec. 12

The Mountaineers will practice in the L. D. S. Recreational hall on Fourth street, and the first game will be played in La Grande Dec. 12 against Ellensburg Normal school of Washington. Only one game has been definitely scheduled, but Coach Quinn is working out a comprehensive list of contests at present, and prospects are bright. It is said, for a number of high class games in this city.

The E. O. N. squad will have from 8 to 10 practice sessions before the Ellensburg game.

Girl Filers In Air 20 Hours At 5:40 A. M. Today

METROPOLITAN AIRPORT, Los Angeles, Cal., Nov. 28 (AP)—Surpassing their previous mark of 18 hours 28 minutes in the air, Bobbie Trout, Los Angeles, and Ellnor Smith, New York, girl filers, completed their twentieth hour aloft at 5:40 a. m. today in their second attempt to establish a new world record for refueling and endurance airplane flight. The 18 hour 28 minute mark was set last Monday when the filers were forced to land when their gasoline supply gave out and they were unable to refuel in the dark.

Marking the end of their first night in the air the endurance plane was contacted by the refueler, "Carrier Pigeon" at 6:10 a. m. at which time 100 gallons of gasoline and four gallons of oil were transferred.

Announcement was made this morning that Roman C. Warren, well known stunt flier known locally as the "cowboy aviator," had replaced Paul Whittier at the controls of the nurse plane. Whittier was called east on business matter.
