GRID STAR, HEIRESS TO WED

Football and financial leaders will be joined in the announcement of the betrothal of Clifford (1917) Hoffman, Stanford All-American fullback, and Miss Claire Glanville, daughter of A. J. Glanville, founder of the mighty bank of 11415...

A plodding fullback in Parkington and a kicking, passing star in Hoquoy.

At South Bend, they regard Frank Carden as even better now than Harry Stuhldreher, who placed the famous Four Horsemen...

Carden can run as well as pass and kick. He is a flash on returning punts and he is a fine blocker.

"Kicker is so good now that I hate to think how good he will be next season," an Army coach said to me after seeing the game at Chicago in preparation for the battle in New York, November 22.

He knows the game so thoroughly in fact, these events are back visible to the naked eye anywhere in the Notre Dame line up. It is a better team than the Army, as it looked against Southern California, but Carden and the rest of our boys will give you a real fight.

The ubiquitous father-jockey, Clayton Tolson-Davis, of McKee's Books, P., comes close to being the outstanding ball carrier of the 1928, so far as broken field running is concerned. Tony has made some fine jumps for touchdowns...

played in ordinary room lighting. The report says that the amount of artificial sunshine from tungsten is very small, but points out that scientific experiments tend to prove that only very small amounts of this kind of light are needed for general health purposes. Furthermore, it says that white sunlight usually yields very little ultraviolet, and probably none at all in many city winter atmospheres.

"It must be remembered also," says the report, "that it is in the winter months that the need is greatest for ultraviolet energy."

"The children in their play-room or school rooms who have been shielded from the harmful rays by ultra-violet transmitting bulbs, they might be supposed a considerable amount of the energy, without being subjected to too great an amount of a too high level of illumination."

"It must be remembered also that a much greater portion of the body could be exposed in a winter room than in possible outdoors on a winter day."

NEW YORK, (AP)—The 70th anniversary of the American Inventive Society was celebrated in the city today in the celebration marked by a...

JEFFERSON DAVIS MEMORIAL The Jefferson Davis memorial is 22 1/2 feet high. It stands upon the east slope of Davis was built in Washington county, Kentucky, in 1846. It is quite similar to the Washington monument.
