

OFFICE CAT

By Junius

The tourist guide was getting tired. He had to answer too many questions. "And just where did you say this rock came from?" Inquired another wahoo. The guide politely replied that a glacier brought it down. Then up spoke the inquisitive one again: "And where did the glacier go?"

"Away," said the guide, "it went back after another rock."

Willie: "What are diplomatic relations, pop?"

Pat: "There are no such people, my boy."

When a girl says she'd be tickled to death to go to a party you have a right to wonder what kind of party she generally goes to.

"Oh, save my hair! Save my hair!" cried a woman who had clipped off the dock, pointing to a wig floating down the river.

"Madam," replied the guard, as he reached her shoulders, "I am only a life saver, not a hair restorer."

Beware of the man who feels you on false promises. They are too tight a diet to live on.

Perhaps moderns get because they don't know how to converse and can't think of another wiser crack.

They were talking about women friends. "Do you see Emma often?" one inquired.

"Oh, yes, quite frequently," the other replied.

"Is she happily married?"

"In a way," she said. "Why, that girl is so happily married she has to go to the theater for a good cry."

If marriage is a future what would you call divorce?

Isn't it too bad that the women have abandoned the refined habit of raising their skirts a few inches when crossing the street?

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified crocote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs crocote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to crocote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the crocote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)
