OREGON SMASHED BY GAELS, 31-6

St. Mary's Eleven Rides Roughshod Over Web-feet in Frisco.

SAN FRANCISCO, Nov. 29 (AP)—St. Mary's Gallipong Gaels from Moraga wound up their 1929 football season yesterday by defeating the University of Oregon Web-footers, 31 to 6, in a game that set the victory the enviable record of being the only major eleven in the country to complete the year without having its goal line crossed.

Brown, Oregon half, caught a 15-yard pass from Robinson, half back, in the final period and seemed over the goal line to deny St. Mary's the supreme achievement, but the Gaels supports controlled themselves with the knowledge that Coach Sir Madigan's charges remained in the list of the undefeated college teams in the nation.

Score Quickly The Gaels swung into their stride early in the game, scoring three touchdowns in the first and another in the second periods.

Smashing through the Oregon line in powerful rushes, the Gaels backfield pounded across a goal line that had yielded only to Stanford and Idaho this season.

A blocked kick, with Blading, St. Mary's end, falling on the ball behind the webfoot line, resulted in the first touchdown. Stennett passed to Blading who ran 16 yards for the second score. Shortly before the end of the first period, Stennett shot a 27-yard pass to Simas which put the Gaels on Oregon's 15-yard line. A few plays later, Stennett went over for the third touchdown.

Seconds Also Score St. Mary's second team took the field as the second quarter opened and Scheffin went over from the six-yard line for the fourth touchdown after a long pass put the ball into Oregon territory.

Oregon strengthened in the third period and had St. Mary's on the defensive. Within scoring distance several times, the Webfooters lacked the necessary punch to put the ball over the line.

The fourth period was five minutes gone when a 20-yard pass put Oregon on St. Mary's 40-yard line. Robinson, Webfoot near, threw another pass and the officials ruled that Boyle, St. Mary's half, had interfered with the receiver. The ball was placed on the St. Mary's 20-yard line and while thousands held their breath in suspense, Robinson tossed a pass to Brown who ran five yards to place the ball behind the St. Mary's goal line for the first time this season.

Fighting hard, St. Mary's rallied to score their fifth touchdown and from that time until the final gun, the two teams struggled on even terms.

UCLAS DEFEAT MONTANA 14-0 IN CONFERENCE

LOS ANGELES, Nov. 28 (AP)—Climaxing the football season with a 14 to 0 Thanksgiving day victory over the Montana Grizzlies, the Bruins of the University of California at Los Angeles today are celebrating their eleventh-hour deliverance from the cellar position

in the Pacific coast conference. The defeat left Montana tied with Washington for the bottom line in the 1929 standings. A series of brilliant forward passes in the third and fourth periods spelled disaster for the Invincible Grizzlies. Early in the third frame Edward Blomgren, tossed a long one to Leonard Wolfendorf who roared 29 yards for the first marker. A few minutes later Captain Carl Brown set on the receiving end of one of Blomgren's passes and crossed the line for a second touchdown. Norman Duncan converted both times.

Sport Slants by ALAN J. GOULD

When the 1928 gridiron campaign opened one of the main topics was whether Roy Riegels, the big blond captain of the University of California, could "take it."

In the New Year's day climax to the previous season Riegels stunned his partisan as well as the football world in general by doing one of the things that are written about but seldom seen—dashing about 70 yards the wrong way after recovering a fumble. His team lost the game, to Georgia Tech, by the margin of a single point, as a safety was the outcome of that backward dash.

However rushing that blow was to him at the time, Roy Riegels has come back. Not only has he "taken it," but this season he has played the game of his life, leading California to the top of the Pacific Coast conference in one of the season's biggest surprises and stamping himself personally as a prospective all-America center.

If that isn't a story-book "come-back," there never was one. Riegels' jump from being the "good" one of one season to a hero of the next is as dramatic as any development

of the year and that includes the meteoric rise of Yale's Albie Booth. Riegels has the right perspective and a sense of humor as well as natural football ability. At a dinner in San Francisco last August, when the Pasadena game was a tonic, Roy prepared a short speech by remarking: "I still think I was going the right way."

When I asked him what he had been doing to get into condition for this season, he grinned and said: "Oh, I've been working on an assurance firm all summer."

Six feet tall and weighing 175 pounds, Riegels is racy and fast. He plays a raving center on defense, hopping all over the field to make tackles and displaying an intuitive ability to diagnose plays. He was a star against Pennsylvania, and at Los Angeles was the outstanding lineman of the day as California whipped Southern California, 74 to 0. His Oakland youth's first appearance in the motion picture belt since his disastrous stunt at Pasadena and the big crowd in the Coliseum watched him stage a great come-back.

Southern Cal Will Meet Cougar Team

LOS ANGELES, Nov. 28 (AP)—A light practice is on the program for the University of Southern California football aggregation as the final gesture toward the grid clash tomorrow on the Coliseum sod with an invading Cougar team from Washington State. Coach Orin "Hale" Hollingsberry

will bring his squad into town today, primed for the battle which will mark the closing of the 1929 Pacific Coast conference season. A short workout on the Coliseum field is in prospect. Defeat for either team will remove it from the now five-cornered tie for the conference lead. Stanford, California and Oregon share the position.

The world's largest electric generating plant, near Chicago, developed 278,820 horsepower.

It expresses the experience of millions who through Camels have learned to know real smoking pleasure. As taste in smoking develops, it naturally leads toward better quality. New smokers may not be critical but when they once experience the true mildness and surpassing fragrance of the Camel blend, they realize that here is a real superiority. It is for smokers of such discernment that Camels are made... for them the choicest tobaccos are selected... and this quality is maintained for the millions who know genuine smoking pleasure. when they learn the difference they flock to Camels
